BIRMINGHAM CITY FOOTBALL CLUB LIMITED

Strategic Report
for the year ended 30 June 2025

The Directors present their Strategic Report and Financial Statements for the year ended 30 June 2025.

The principal and continuing activity of the company is that of a football club, namely Birmingham City Football Club.

Financial and operating review
The loss for the year before tax of £34.6m represents a significant increase of approximately 115% as compared to the loss of approximately £16.1m for the corresponding period last year.

The 2024/2025 season saw the club play in the third tier of the English Football League (EFL). The squad enjoyed an exceptional season, ultimately earning promotion back to the second tier of the EFL with a record breaking 111 points.

The year saw continued investment into the playing squad and infrastructure at St Andrews @ Knighthead Park, Knighthead Performance Centre and the Knighthead Elite Performance and Innovation Centre.

Despite relegation to the third tier of English football, the company has seen strong commercial growth, ultimately increasing revenues year on year.

The company is firmly aligned with the Birmingham City Football Club Foundation ("The Foundation"). This is the charitable arm of the group and provides much needed support to the local community. The company held a hugely successful "Blue Nose Day" aiming to ensure 11,500 young people in care, received a Christmas gift from the Foundation.

The Birmingham City Football Club Academy continued to operate at Category 2 status under the Elite Player Performance Plan at the start of the 2024/25 season. In May 2025, it was announced that the Birmingham City Football Club Academy has been awarded Category 1 status after meeting strict criteria for staffing, facilities and infrastructure as audited by the Professional Game Academy (PGA). Several academy trained players continued to participate in the first team squad throughout the 2024/25 season.

The players, football management team, staff and directors would like to thank the fans for their loyal and continued support.

Key performance indicators (KPIs)
Key performance indicators are used to measure and evaluate performance against targets and monitor various activities throughout the company. The main key performance indicators employed in the company are:

	2025	2024
	£'000	£'000
Revenue levels (football related and other)	35,643	28,720
Loss from operations	25,150	13,827
Staff costs (player related and other)	35,698	33,719
	No.	No.
Average attendance levels	25,939	21,180

The Board monitor these key performance indicators on a monthly basis. Acceptable performance and target KPI's are set by the group's budget and the group's primary internal performance measure is against budgets.

Principal risks and uncertainties
The directors of Birmingham City Football Club Limited have carried out a robust assessment of the principal risks facing the company, including those that would threaten its business model, future performance, solvency, or liquidity.

In undertaking this review, the directors evaluated both internal and external risks, including financial, operational, regulatory, and strategic exposures. Particular attention was given to the potential impact of the football industry's regulatory framework, including the English Football League's (EFL) Financial Fair Play regulations, as well as wider macroeconomic conditions and market developments affecting football revenues, player trading, and operational costs.

The directors also considered the adequacy and effectiveness of the company's internal control and risk management systems. This included reviewing the procedures for identifying, monitoring, and mitigating significant risks.

Funding and going concern
On 13 July 2023, the company's ultimate parent undertaking, ZO Future Group ("ZO"), formerly known as Birmingham Sports Holdings Limited ("BSHL"), announced that Shelby Companies Limited, owned by Knighthead Annuity & Life Assurance Company and Knighthead Master Fund, L.P (Knighthead), had acquired 45.98% of the issued share capital of the parent company Birmingham City Limited ("BCL"). Shelby Companies Limited acquired 24.34% of the shares in BCL from ZO and 21.64% of the shares in BCL from Oriental Rainbow Investments Limited (ORIL).

Funding and going concern (continued)
On 7 November 2025, ZO Future Group Limited disposed of its 51.72% shareholding in Birmingham City Limited to Shelby Companies Limited. Following the completion of this transaction, Shelby Companies Limited became the majority shareholder of BCL. The directors have received written confirmation from Knighthead that continued financial support will be provided for at least the next 12 months. At the balance sheet date funding of £188.3m has been provided by BCL to the company, this amount is shown as due to the parent undertaking within one year.

In the prior year, the company entered into a facility agreement with funding available of up to £50m. The facility is available for a period of 7 years from the date of the agreement and attracts a fixed interest rate of 11.90%. On 3 October 2024, a Deed of Amendment was entered into between the BCL, BCFC and Shelby extending the loan facility to £100m. On 23 July 2025, a further Deed of Amendment was entered into between the BCL, BCFC and Shelby extending the loan facility to £150m. The company does not have an overdraft facility and from 13 July 2024 onwards, the day to day funding requirements were supported by Knighthead.

The directors have prepared detailed cash flow forecasts for the period to 31 December 2026 as part of the longer term forecasts prepared for the company. The forecasts show that the company needs additional funding of approximately £59m from Knighthead for the period from July 2025 to December 2026. The directors of the company and Knighthead have indicated that they expect that the company will have sufficient working capital to be able to advance funds for the company to meet its financial obligations as and when they fall due for the next twelve months and have therefore adopted going concern as the basis of preparation with no material uncertainties noted.

Statement by the Directors on performance of their statutory duties in accordance with s172(1) Companies Act 2006

Section 172 of the Companies Act 2006 requires Directors to take into consideration the interests of stakeholders in their decision making. This is achieved through regular contact (verbal and written) with the Senior Management Team and external advisors, whose views are taken into consideration.

Long term decision making
The Directors, Senior Management and employees consider all potential impacts to the club and all relevant stakeholders when making decisions believed to be in line with the long-term strategic plan of the group.

Any decision made is designed to lead to success on the pitch through promotion from the English Football League to the Premier League. Given the short term nature of these objectives, the financial considerations are also heavily scrutinised by the Senior Management to ensure the club remains financially stable.

Employees
The group places considerable value on the involvement of its employees and recognises the importance of good communication within the workplace.

The quality and commitment of our people have played a major role in our business operations. This has been demonstrated in many ways. They have shown flexibility in adapting to changing business environments and new ways of working. Employees' performance is aligned to the group's goals through an annual performance review process that is carried out with all employees.

Over the 2024/25 season, the Club has undergone a significant period of growth and transformation, with the full-time workforce increasing significantly. This expansion has included the creation of new roles, such as positions within Strategy and Innovation, and the appointment of a dedicated Equality, Diversity and Inclusion Manager.

The Club also continues to publish its annual Gender Pay Gap Report, and in 2025 was successfully awarded Bronze Level of the EFL Equality Code of Practice

Suppliers and supporters
The group is wholly invested in the local business community and intends to use local suppliers for procuring goods and services where possible. The group has a good relationship with key suppliers which helps maintain the day to day business activities.

The group recognises the supporters as the heartbeat of the Football Club. It is important to maintain an open dialogue with supporters which has been achieved through; multiple "Open House" events as well as the re-introduction of official supporter groups. This enables structured conversations with the senior leadership team at the Football Club.

Disabled Persons
Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment within the group continues and that the appropriate training is arranged. It is the policy of the group that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

Statement by the Directors on performance of their statutory duties in accordance with s172(1) Companies Act 2006 (continued)

Community
The group are firmly aligned with the Birmingham City Football Club Foundation ("The Foundation"). This is a charitable arm of the group and provides much needed support to the local community. The Foundation aims to utilise funding from regulatory bodies as well as the brand power of BCFC to provide essential services to the local area.

Environment
The group's policy with regard to the environment is to ensure that we understand and effectively manage the actual and potential environmental impact of our activities. Our operations are conducted such that we comply with all legal requirements relating to the environment in all areas where we carry out our business. During the period covered by this report the group has not incurred any fines or penalties or been investigated for any breach of environmental regulations.

English Football League rules and regulation
During the year under review, the company has complied in all material respects with the relevant laws and regulations that have a significant impact on the business and operation of the company, and there was no material breach of or non-compliance with the applicable laws and regulations by the company.

Report of the Directors for the year ended 30 June 2025

The directors present their report with the financial statements of the company for the year ended 30 June 2025.

Dividends
No dividends will be distributed for the year ended 30 June 2025.

Directors
The directors shown below have held office during the whole of the period from 1 July 2024 to the date of this report.

T A Wagner
A Shannahan
M Alvarez
K Kneisly

Other changes in directors holding office after the year end but prior to this report are as follows:

G Cook - resigned 12 January 2025
W Zhao – resigned 7 November 2025
G Zheng – resigned 7 November 2025

Financial instruments
The company's operations expose it to a variety of financial risks including the effects of changes in interest rates on debt, credit risk and liquidity risk.

The company does not have material exposures in any of the areas identified above but can use derivative instruments to manage these exposures.

The company's principal financial instruments comprise sterling cash and bank deposits and loans together with trade receivables and trade payables that arise directly from its operations.

The main risks arising from the company's financial instruments can be analysed as follows:

Credit risk

The company's principal financial assets are bank balances, cash and trade receivables. The company's credit risk is primarily attributable to its trade receivables. The amounts presented in the statement of financial position are net of allowances for doubtful debts, estimated by the company's management based on prior experience and their assessment of the current economic environment.

The company has no significant concentration of credit risk, with exposure spread over a large number of counterparties and customers.

Liquidity risk

The company's policy has been to ensure continuity of funding through operating within its banking facilities and operating loan agreement with Knighthead.

Foreign currency risk

The company has some exposure in its trading operations to the risk of changes in foreign currency exchange rates relating to future transfer instalments.

Events after the statement of financial position date

Transfers of player registrations subsequent to 30 June 2025, taking into account applicable costs, resulted in a net £2,687,654 payable by the group (2024 - £21,070,000 payable by the group).

There has been significant infrastructure work taking place at St. Andrews @ Knighthead Park, Knighthead Performance Centre and the Elite Performance & Innovation Centre. This has amounted to £2.9m of spend post year end.

On 23 July 2025, a Deed of Amendment was entered into between the company, BCFC and Knighthead extending the loan facility to £150m.

On 7 November 2025, ZO Future Group Limited disposed of its 51.72% shareholding in Birmingham City Limited to Shelby Companies Limited. Following the completion of this transaction, Shelby Companies Limited became the majority shareholder of BCL.

Statement of directors' responsibilities
The directors are responsible for preparing the Strategic Report, the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with UK-adopted International Financial Reporting Standards and applicable UK law. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state that the financial statements comply with IFRS;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of carbon emission in compliance with Streamline Energy and Carbon Reporting (SECR)

	Year Ended 30 June 2025
Total energy use covering electricity, gas, other fuels and transport	4,232,787 kWh
Total emissions generated through combustion of gas	306 tCO2e
Total emissions generated through use of purchased electricity	527 tCO2e
Total emissions generated through business travel	38 tCO2e
Total gross emissions	871 tCO2e
Intensity ratio (total gross emissions) by £m of sales revenue	23.9

Statement of carbon emission in compliance with Streamline Energy and Carbon Reporting (SECR) – continued
The information has been calculated in accordance with HM Government's Environmental Reporting Guidelines and using Government conversion factors for company reporting of greenhouse gas emissions.

The club is committed to responsible energy management and will continue to practice and improve energy efficiency. The club acknowledges climate change as a significant global threat and understands the role we have to play in reducing green house gas emissions.

During the reporting period, the Club has undertaken a number of initiatives aimed at reducing its environmental impact and supporting long-term carbon reduction objectives. A key achievement has been the introduction of a reusable cup scheme. This initiative delivers a fully carbon-neutral solution, independently certified by Climate Partner. The system operates using wash facilities powered entirely by renewable energy and designed for optimal water efficiency. All polypropylene (PP) cups provided are certified as carbon-neutral products, enabling the Club to significantly reduce single-use plastic waste and associated emissions.

Statement as to disclosure of information to auditors
So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Auditors
The auditors, Azets Audit Services were appointed during the year, and will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

Report of the Independent Auditors to the Members of Birmingham City Football Club Limited

Opinion
We have audited the financial statements of Birmingham City Football Club Limited (the 'company') for the year ended 30 June 2025 which comprise the statement of profit or loss and other comprehensive income, the statement of financial position, the statement of changes in equity, the statement of cash flows, notes to the statement of cashflows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and UK-adopted international financial reporting standards (IFRS's).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2025 and of its loss for the year then ended;
- have been properly prepared in accordance with UK-adopted international financial reporting standards; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion
We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern
In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information
The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006
In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the report of the directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the report of the directors have been prepared in accordance with applicable legal requirements

Docusign Envelope ID: B8E938A1-10A8-4A65-A219-29CAC03E7372

Matters on which we are required to report by exception
In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the report of the directors.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors
As explained more fully in the statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud
Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above and on the Financial Reporting Council's website, to detect material misstatements in respect of irregularities, including fraud.

We obtain and update our understanding of the entity, its activities, its control environment, and likely future developments, including in relation to the legal and regulatory framework applicable and how the entity is complying with that framework. Based on this understanding, we identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This includes consideration of the risk of acts by the entity that were contrary to applicable laws and regulations, including fraud.

In response to the risk of irregularities and non-compliance with laws and regulations, including fraud, we designed procedures which included:

- Enquiry of management and those charged with governance around actual and potential litigation and claims as well as actual, suspected and alleged fraud;
- Assessing the extent of compliance with the laws and regulations considered to have a direct material effect on the financial statements or the operations of the company through enquiry and inspection;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations;
- Performing audit work over the risk of management bias and override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for indicators of potential bias.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Use of our report
This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Statement of Cash Flows
for the year ended 30 June 2025

1. Reconciliation of loss before income tax to cash used in operations

	2025 £	2024 £
Loss before income tax	(34,559,453)	(16,081,826)
Depreciation charges	4,442,009	2,618,065
Profit on sale of players' registrations	(14,267,841)	(15,405,191)
Amortisation charges	6,830,337	4,382,419
Finance costs	10,279,565	3,097,744
Finance income	(870,059)	(843,003)
	(28,145,442)	(22,231,792)
(Increase) in inventories	(714,990)	(1,288,830)
(Increase)/decrease in trade and other receivables	(4,965,964)	(7,600,225)
Increase/(decrease) in trade and other payables	35,406,542	8,614,906
Cash used in operations	1,580,146	(22,505,941)

2. Analysis of net debt

	1 July 2024 £	Cash flows £	30 June 2025 £
Cash at bank and in hand	8,671,807	5,561,788	14,233,595
Borrowings excluding overdrafts	(142,808,779)	(54,589,379)	(197,398,158)
	(134,136,972)	(49,027,591)	(183,164,563)

3. Cash and cash equivalents

The amounts disclosed on the Statement of Cash Flows in respect of cash and cash equivalents are in respect of these Statement of Financial Position amounts:

Year ended 30 June 2025

	2025 £	2024 £
Cash and cash equivalents	14,233,595	8,671,807

Year ended 30 June 2024

	2024 £	2023 £
Cash and cash equivalents	8,671,807	1,633,007

The notes form part of these financial statements

1. Accounting policies

Statutory information
Birmingham City Football Club Limited is a private company, limited by shares, incorporated and domiciled in England and Wales. The address of Birmingham City Football Club Limited's registered office is St Andrews Stadium @ Knighthead Park, Small Heath, Birmingham, B9 4NH which is also the company's principal place of business.

Basis of preparation
The financial statements have been prepared in accordance with UK-adopted International Financial Reporting Standards (UK-adopted IFRS).

The financial statements are presented in sterling which is the functional currency of the company and rounded to the nearest £.

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the date of the financial statements. If in the future such estimates and assumptions which are based on management's best judgement at the date of the financial statements, deviate from the actual circumstances, the original estimates and assumptions will be modified as appropriate in the year in which the circumstances change.

The company has taken advantage of exemption under IFRS 10 not to prepare consolidated accounts. The financial statements present information about the company as an individual entity and not about its group.

Birmingham City Football Club Limited is a wholly owned subsidiary of Birmingham City Limited and the results of Birmingham City Football Club Limited are included in the consolidated financial statements of Birmingham City Limited which are available on Companies House.

Basis of preparation: going concern

On 13 July 2023, the company's ultimate parent undertaking, ZO Future Group ("ZO"), formerly known as Birmingham Sports Holdings Limited ("BSHL"), announced that Shelby Companies Limited, owned by Knighthead Annuity & Life Assurance Company and Knighthead Master Fund, L.P (Knighthead), had acquired 45.98% of the issued share capital of the parent company Birmingham City Limited ("BCL"). Shelby Companies Limited acquired 24.34% of the shares in BCL from ZO and 21.64% of the shares in BCL from Oriental Rainbow Investments Limited (ORIL).

On 7 November 2025, ZO Future Group Limited disposed of its 51.72% shareholding in Birmingham City Limited to Shelby Companies Limited. Following the completion of this transaction, Shelby Companies Limited became the majority shareholder of BCL. The directors have received written confirmation from Knighthead that continued financial support will be provided for at least the next 12 months.

At the balance sheet date funding of £188.3m has been provided by BCL to the company, this amount is shown as due to the parent undertaking within one year.

In the prior year, the company entered into a facility agreement with funding available of up to £50m. The facility is available for a period of 7 years from the date of the agreement and attracts a fixed interest rate of 11.90%. On 3 October 2024, a Deed of Amendment was entered into between the BCL, BCFC and Shelby extending the loan facility to £100m. On 23 July 2025, a further Deed of Amendment was entered into between the BCL, BCFC and Shelby extending the loan facility to £150m.

The company does not have an overdraft facility and from 13 July 2024 onwards, the day to day funding requirements were supported by Knighthead.

The directors have prepared detailed cash flow forecasts for the period to 31 December 2026 as part of the longer term forecasts prepared for the company. The forecasts show that the company needs additional funding of approximately £59m from Knighthead for the period from July 2025 to December 2026. The directors of the company and Knighthead have indicated that they expect that the company will have sufficient working capital to be able to advance funds for the company to meet its financial obligations as and when they fall due for the next twelve months and have therefore adopted going concern as the basis of preparation, with no material uncertainties noted.

continued...

1. **Accounting policies – continued**

The Club recorded a loss of £34.6m for the year ended 30 June 2025, and has net liabilities of approximately £121.6m as at 30 June 2025. The directors have considered the forecast of BCFC carefully and also confirmed with Knighthead, the company's ability to obtain funding required as shown by the forecasts. The directors remain of the view that the company can obtain the required funding from Knighthead and as a result, the directors consider it is appropriate to prepare the financial statements on a going concern basis.

New and revised IFRSs not yet adopted

The Company has not yet applied the new IFRSs that have been issued but are not yet effective.

The accounting policies set out below have, unless otherwise stated, been applied consistently for the company to all periods presented in these financial statements.

Revenue recognition

Revenue represents income arising from sales to third parties and excludes transfer fees receivable and value added tax.

Revenue is measured based on the consideration to which the company expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The company recognises revenue when it transfers control of a product or service to a customer. Depending on the terms of a contract and the laws that apply to that contract, a performance obligation can be satisfied over time or at a point in time.

(i) Season ticket and corporate hospitality revenue is recognised over the period of the football season as home matches are played. Matchday tickets are recognised at the point in time where the fixture is played.

(ii) Fixed elements of broadcasting contracts are recognised on a time basis over the duration of the football season. Appearance fees are accounted for as earned.

(iii) Sponsorship contracts are recognised over the duration of the contract, either on a straight line basis, or over the period of the football season, as appropriate, based on the terms of the contract.

(iv) Catering revenues are recognised on an earned basis.

(v) Revenue from the sale of branded products is recognised at the point of delivery when significant risks and rewards of ownership are deemed to have been transferred to the buyer.

Sale of players

Sales of players' registrations are recorded at the date of signing of the contract for sale. Any costs incurred directly related to the sale are written off against profit on sale of player registrations as incurred. Contingent fees are only recognised upon the crystallisation of the contingent event.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses.

Depreciation is charged to the statement of comprehensive income, to write off the cost of the property, plant and equipment less estimated residual value, on a straight-line basis, over their estimated useful lives as follows:

Right of use asset - leasehold property	- Over the term of the lease
Right of use asset - fixtures and equipment	- Over the term of the lease
Right of use asset - motor vehicles	- Over the term of the lease
Long leasehold property improvements	- Shorter of lease or between 10 and 50 years
Fixtures and equipment	- Between 3 and 5 years
Motor vehicles	- 5 years

Assets under construction

Assets under construction are classified separately within note 9 and are not depreciated until the asset is available to use in a manner intended by management.

Docusign Envelope ID: B8E938A1-10A8-4A65-A219-29CAC03E7372

1. **Accounting policies - continued**

Taxation
Tax on the result for each period comprises current and deferred tax. Tax is recognised in the statement of comprehensive income except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity. Current tax is the expected tax payable/income for the period, using tax rates enacted or substantively enacted at the statement of financial position date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amounts of assets and liabilities, using tax rates enacted or substantively enacted at the statement of financial position date. Deferred tax is not discounted.

Foreign currencies
Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the statement of financial position date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Employee benefit costs
Eligible employees of the company are members of the Football League Limited Pensions and Life Assurance Scheme. The company does not make any contributions to this scheme. The assets and liabilities of the scheme are managed independently of the company and therefore do not form part of these financial statements.

Leases
At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within tangible fixed assets, apart from those that meet the definition of investment property.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs and an estimate of the cost obligations to dismantle, remove, refurbish or restore the underlying asset and the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of the right-of-use assets are determined on the same basis as those of other tangible fixed assets. The right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are unpaid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise fixed payments, variable lease payments that depend on an index or a rate, amounts expected to be payable under a residual value guarantee, and the cost of any options that the company is reasonably certain to exercise, such as the exercise price under a purchase option, lease payments in an option renewal period, or penalties for early termination of a lease.

The lease liability is measured at amortised cost using the effective interest method. It is re-measured when there is a change in: future lease payments arising from a change in an index or rate; the company's estimate of the amount expected to be payable under a residual value guarantee; or the company's assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

continued...

1. **Accounting policies - continued**

Intangible fixed assets: cost and amortisation of acquired players' registrations
The costs associated with the acquisition of players' registrations are initially recorded at fair value at the date of acquisition. These costs are fully amortised over the period of the respective players' contracts. A provision is made in accruals, for additional payments where in management's opinion, the club or player is likely to achieve the requirements for these additional payments. Where the outcome of these requirements is uncertain, additional payments are not made as a provision but the maximum amount payable is disclosed as a contingent liability (note 23). Agent fees incurred relating to services provided to the club are capitalised as part of intangible assets.

Agent fees incurred in relation to services provided to the player but paid on their behalf by the club are treated as a prepayment and unwound over a period to match the length of the player's contract. This release is to the wages and salaries cost within the Statement of Profit or Loss and Other Comprehensive Income rather than to player amortisation.

Amortisation of the costs of player registrations is charged to the Statement of Profit or Loss and Other Comprehensive Income on a straight-line basis over the contract life of each individual player.

Impairment of intangible and tangible fixed assets
An impairment review on the intangible assets is undertaken if events or changes in circumstances indicate that the carrying amount of the player may not be recoverable. The club compares the carrying amount of the asset with its recoverable amount. The club does not consider that it is possible to determine the value in use of an individual football player in isolation as that player (unless via a sale or insurance recovery) cannot generate cash flows on their own. Furthermore, the club also considers that all of the players are unable to generate cash flows even when considered together. Accordingly the club considers the smallest cash-generating unit to contain all first team players, the stadium and the training facilities.

The club calculates the value in use of this cash-generating unit by discounting estimated expected future cash flows relating to the club activities and compare this value with the value of the intangible assets, stadium and training facilities (including related assets). If the expected future cash flows are below the recorded value of assets the club will make an impairment adjustment of assets on a pro-rata basis.

In certain instances, there may be an individual player or group of players whom the club does not consider to be part of the First Team squad and who will therefore not contribute to the future cash flows earned by the cash-generating unit. This is normally due to a permanent career-threatening injury/condition or planned sale for proceeds below carrying value. In this situation, the carrying value of the player or group of players is removed from the carrying value of players assessed as part of the cash-generating unit referred to above and instead these players will be assessed for impairment in isolation by considering their carrying value with the club's best estimate of their fair value less costs to sell.

Other tangible assets are considered for impairment at each reporting date. Indicators for impairment include physical damage, obsolescence, decline in market value or adverse changes in the use of the asset. Where indications of impairment exist, the recoverable amount shall be estimated at the higher of the assets fair value less costs to sell and its value in use. Impairment losses are recognised within the Statement of Profit or Loss and Other Comprehensive Income.

Further details are given in note 8.

Investments
Investments in subsidiaries are initially measured at cost and subsequently measured at cost less impairment. The investments are assessed for impairment at each reporting date.

Net financing costs
Net financing costs comprise interest payable on borrowings, calculated using the effective interest rate method and interest receivable on funds invested. The discounting of the deferred payments for the purchase of players' registrations produces a notional interest payable and this is charged to finance costs.

Signing on fees
Signing on fees are not recorded within the costs of acquired players' registrations but are held within prepayments on the statement of financial position and charged to the statement of profit or loss on a straight line basis over the period of each player's contract.

continued...

1. **Accounting policies – continued**

Inventories
Inventories are recorded at the lower of cost and net realisable value. Cost is based on the expenditure incurred in acquiring the stocks and bringing them to their existing location and condition. Net realisable value is based on the estimated selling price in the ordinary course of business. Provision is made for obsolete, slow-moving or defective items where appropriate.

Cash and equivalents
Cash and equivalents comprise cash balances and call deposits.

Contract liabilities/deferred income
Contract liabilities/deferred income represent the unrecognised income in relation to sponsorships, season tickets and hospitality packages.

Financial instruments
Financial assets and liabilities are recognised on the company's statement of financial position when the company becomes party to the contractual provisions of the instrument.

Financial assets
The company's financial assets relate to trade and other receivables and cash and cash equivalents. Trade and other receivables are classified as loans and receivables and are measured initially at fair value plus transaction costs and are carried subsequently at amortised cost under the effective interest method, less provision for any expected credit loss. Any change in their value through impairment or reversal of impairment is recognised in the statement of comprehensive income. There are no financial assets classified as fair value through the statement of comprehensive income or as held to maturity or available for sale.

All financial assets are assessed for indicators of impairment at each statement of financial position date. Financial assets are impaired where there is evidence that a loss has occurred and that estimated future cash flows of the financial asset have been impacted. Objective evidence of impairment for a portfolio of receivables could include a company's past experience of collecting payments, an increase in the delayed number of payments in the portfolio and the average credit period, as well as observed changes in the national or local economic conditions that correlate with default on receivables.

Financial liabilities
Financial liabilities which include bank loans and trade and other payables are measured initially at fair value net of transaction costs under the effective interest method and thereafter at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost. Finance charges are accounted for on an accruals basis in the statement of comprehensive income using the effective interest method.

Borrowing costs
Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised into the cost of that asset and depreciated in line with its useful life.

2. **Critical accounting judgements and key sources of estimation uncertainty**

The preparation of the financial statements in accordance with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, income and expense and which may differ from actual results. The key critical judgements are considered to be:

1. Player transfer costs

Management have to make certain judgements as to whether a liability should be recognised under the terms of the contracts with other football clubs in respect of player transfers. These judgements include management's opinion, at the consolidated statement of financial position date, on the likely league status in the next season. It also requires certain judgements as to whether a player will continue to make the contractually agreed number of first team appearances. Based on these judgements, management decide on an individual player by player basis as to whether the liability is disclosed as a contingent liability in note 23 whether it becomes recognised as a liability in trade payables in the statement of financial position.

2. Intangible assets, tangible assets and impairment

Management are required to test whether intangible and tangible assets have suffered any impairment. The recoverable amount of cash generating units connected to the recorded value of these assets has been determined based on value in use estimates and compared to the book value to determine if an impairment provision is needed.

continued...

3. Revenue

The company has one main business segment, that of professional football operations. As a result, no additional business segment information is required to be provided. It operates in one geographical segment, in the United Kingdom, and accordingly no additional geographical segmental information is required to be provided. A voluntary analysis of the revenue streams is given below to assist with an understanding of the business.

	2025	2024
	£	£
Match receipts	10,306,286	6,115,977
Broadcasting	3,527,782	9,654,420
Other commercial income	21,808,698	12,949,876
	35,642,766	28,720,273

Revenue from contracts with customers recognised at a point in time

	2025	2024
	£	£
Match receipts	5,785,906	3,010,496
Broadcasting	288,305	508,970
Other commercial income	11,833,774	3,467,060
	17,907,985	6,986,526

Revenue from contracts with customers recognised over time

	2025	2024
	£	£
Match receipts	4,520,380	3,105,481
Broadcasting	3,239,477	9,145,450
Other commercial income	8,798,316	7,363,336

Revenue from other sources

	2025	2024
	£	£
Other commercial income	1,176,608	2,119,480

Revenue streams comprise

Match receipts	Season and match day tickets.
Broadcasting	Television and broadcasting income, including distributions from the FA broadcasting agreements, cup competitions and local radio.
Other commercial income	Sponsorship income, corporate hospitality, merchandising, conference and banqueting and other sundry revenue.

4. Employees and directors

	2025	2024
	£	£
Wages and salaries	31,525,577	29,993,538
Social security costs	3,883,686	3,589,861
Other pension costs	289,119	135,394
	35,698,382	33,718,793

continued...

4. Employees and directors - continued

The average number of employees during the year was as follows:

	2025	2024
Playing staff	78	73
Training staff	117	79
Training ground	27	17
Commercial and fund-raising staff	41	33
Administration and other staff	42	37
	305	239

During the year, the company also employed approximately 140 temporary staff on match days (2024 - 118), the cost of which is included in the staff costs above.

Key management compensation

The remuneration of senior management during the year was as follows:

	2025	2024
	£	£
Remuneration for qualifying services	1,783,671	1,386,666
Pension costs	36,698	11,117
	1,820,369	1,397,783

Directors' remuneration

	2025	2024
	£	£
Remuneration for qualifying services	233,821	249,221
Pension costs	3,845	1,761
	237,666	250,982

One director (2024 - 1) is accruing benefits under defined contribution schemes.

Remuneration disclosed above includes the following amounts paid to the highest paid director:

	2025	2024
	£	£
Remuneration for qualifying services	233,821	249,221
Pension costs	3,845	1,761
	237,666	250,982

5. Net finance costs

	2025	2024
	£	£
Finance income:		
Notional interest on transfer fee receivables due after 1 year	167,210	155,088
Other interest receivable	702,849	687,915
	870,059	843,003

continued...

5. Net finance costs – continued

	2025 £	2024 £
Finance costs:		
Notional interest payable on transfer fee liabilities due after 1 year	1,468,261	436,890
Bank interest	-	41,155
Interest on borrowings	7,717,899	1,698,752
Interest on lease liabilities	1,093,405	920,947
	10,279,565	3,097,744
Net finance costs	9,409,506	2,254,741

6. Operating loss

Operating loss is stated after charging/(crediting) the following:

	2025 £	2024 £
Cost of inventories recognised as an expense	2,674,331	257,601
Depreciation – owned assets	3,191,644	1,504,705
Depreciation – leased assets	1,250,365	1,113,360
Players' registrations amortisation	6,830,337	4,382,419
Insurance claim arising on business interruption caused by fire damage	(270,000)	(600,000)
Foreign exchange retranslation	6,851	14,919
Auditors' remuneration	46,000	47,000
Auditors' remuneration - non-audit fees	5,250	12,000

continued...

7. Income tax

Analysis of tax expense
No liability to UK corporation tax arose for the year ended 30 June 2025 nor for the year ended 30 June 2024.

	2025 £	2024 £
Loss before income tax	(34,559,453)	(16,081,826)
Loss multiplied by the standard rate of corporation tax in the UK of 25% (2024 – 20.5%)	(8,639,863)	(4,020,457)
Effects of:		
R&D tax credit	-	(371,454)
Difference between capital allowances and depreciation	-	497,141
Tax losses generated	8,639,863	3,523,316
Tax credit	-	(371,454)

Factors that may affect future tax charges
At 30 June 2025, the company has trading losses of £167,881,397 (2024 - £159,241,534)) to carry forward and use against future trading profits. No deferred tax has been recognised in relation to these losses on the basis of uncertainty about the future taxable profits.

8. Intangible assets

	Players registrations £
Cost	
At 1 July 2024	26,290,354

Amounts recovered	-	(22,356)
Written off	-	-
Amounts provided	288,913	-
Balance carried forward	697,153	350,314

The company applies the simplified approach under IFRS 9 to provide expected credit losses using the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected credit losses also incorporate forward looking information.

At 30 June 2025	Current	Less than 90 days past due	Over 90 days past due	Totals
	£	£	£	£

continued...

16. **Financial liabilities - borrowings - continued**

The preference shares are shown as debt rather than equity. The Company may redeem cumulative preference shares at par at any time upon giving not less than three months previous notice in writing to the holders of the cumulative preference shares. On an earlier winding up, the cumulative preference shares carry priority over the ordinary shares to the extent of their par value plus any arrears of dividends (which are cumulative for a period of three years). The preference shares carry no votes except on a winding up or on variations of their rights.

In the prior year, the company entered into a facility agreement with funding available of up to £50m. The facility is available for a period of 7 years from the date of the agreement and attracts a fixed interest rate of 11.90%. On 3 October 2024, a Deed of Amendment was entered into between the company, BCL and Knighthead extending the loan facility to £100m. As at 30 June 2025 an amount of £90.2m had been provided to BCFC from BCL and Knighthead under the loan agreement. On 14 July 2025, a Deed of Amendment was entered into between the company, BCL and Knighthead extending the loan facility to £150m.

17. **Lease liability**

	2025	2024
	£	£
Current	1,088,191	975,966
Non current	7,975,655	6,583,344
	9,063,846	7,559,310

Maturity analysis

	2025	2024
	£	£
Not later than one year	1,912,046	1,799,000
Later than one year and not more than five years	8,303,003	5,839,750
Later than five years	7,200,083	8,107,833
	17,415,132	15,746,583

continued...

18. Deferred taxation

	2025 £	2024 £
Deferred tax comprises:		
Fixed asset timing difference	-	(54,307)
Losses carried forward	48,530,863	39,810,384
Assets not recognised	(48,530,863)	(39,756,077)
	-	-

The potential asset is based on a corporation tax rate of 25% (2024 – 25%). No deferred tax asset has been recognised at 30 June 2025 on the basis that future recoverability of such an asset is uncertain.

19. Financial instruments

Capital risk management
The company manages its capital to ensure that the company will be able to continue as a going concern through the optimisation of the debt and equity balance. The capital structure of the company consists of debt, which includes the borrowings disclosed in note 17, cash and cash equivalents and equity attributable to equity holders of the parent, comprising issued share capital, reserves and retained earnings.

Categories of financial instruments

	2025 £	2024 £
Financial assets:		
Cash and cash equivalents	14,233,595	8,671,807
Trade and other receivables (note 12)	36,256,230	25,994,932
	50,489,825	34,666,739
Financial liabilities:		
Trade and other payables held at amortised cost	43,199,262	17,234,303
Borrowings at amortised costs (note 17)	197,398,158	142,808,779
	240,597,420	160,043,082

The fair value of the financial instruments set out above is not different to the book value. The above financial liabilities do not include accruals.

Financial risk management objectives
Management monitor and manage the financial risks relating to the operations of the company through internal risk reports. These risks include currency risk, interest rate risk, credit risk, liquidity risk and cash flow interest rate risk.

Where the company considers the impact arising from one or more of these risks to be potentially material to the company's financial position, derivative financial instruments are used to reduce risk exposure. The use of financial derivatives requires the prior approval of the board. The company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

Price risk
The company has no significant exposure to securities price risk, as it holds no listed equity investments.

Foreign currency risk
The company has some exposure in its trading subsidiary to the risk of changes in foreign currency exchange rates.

continued...

19. **Financial instruments - continued**

Credit risk

The company's principal financial assets are bank balances, cash and trade receivables. The company's credit risk is primarily attributable to its trade receivables. Credit risk is managed by monitoring the aggregate amount and duration of exposure to any one customer depending upon their credit rating. The amounts presented in the statement of financial position are net of allowances for doubtful debts, estimated by the company's management based on prior experience and their assessment of the current economic environment.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies. The company has no significant concentration of credit risk, with exposure spread over a large number of counterparties and customers.

Liquidity risk

The company's policy has been to ensure continuity of funding through operating within its banking facilities and to match borrowing against the useful life of assets purchased. Longer term liquidity is achieved through funding provided by the ultimate holding company and the need for ongoing funding is confirmed in the Strategic Report and Accounting Policies (note 1). The directors manage liquidity risk through close and frequent discussions with Knighthead and have received assurances that funding is in place at least until 31 December 2026.

The company's financial liabilities have contractual maturities summarised below.

30 June 2025	Current	Non-current	
	within 1 year	1 to 5	Over 5 years
	£	£	£
Preference shares	-	-	18,500
Due to group undertakings	188,315,812	-	-
Leases	1,088,191	5,715,548	2,260,107
Trade and other payables and social security and taxes	24,734,159	14,663,938	-
	214,138,162	20,379,486	2,278,607

30 June 2024	Current	Non-current	
	within 1 year	1 to 5	Over 5 years
	£	£	£
Preference shares	-	-	18,500
Due to group undertakings	135,230,969	-	-
Leases	975,966	3,666,123	2,917,221
Trade and other payables and social security and taxes	15,298,940	1,935,363	-
	151,505,875	5,601,486	2,935,721

Interest rate sensitivity analysis

If interest rates had been 1% higher/lower and all other variables were held constant, the company's result for the year ended 30 June 2025 would not be materially affected.

20. **Pension commitments**

	2025	2024
Defined contribution schemes	£	£
Charge to the statement of comprehensive income in respect of defined contribution schemes	289,119	135,394

The company operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the company in an independently administered fund.

continued...

Docusign Envelope ID: B8E938A1-10A8-4A65-A219-29CAC03E7372

21. Ultimate parent company and parent undertaking of larger group

The immediate parent company of the club is Birmingham City Limited, a company incorporated in England and Wales.

The largest group in which the results of the company are consolidated is that headed by ZO Future Group ("ZO"), formerly known as Birmingham Sports Holdings Limited ("BSHL"), a company incorporated in the Cayman Islands and listed on The Stock Exchange of Hong Kong Limited. The consolidated accounts of this company are available to the public and may be obtained from the website of The Stock Exchange of Hong Kong Limited. The smallest group accounts available is that headed by Birmingham City Limited.

22. Contingent liabilities

Under the terms of certain contracts with players and other football clubs, additional amounts would become payable if certain specific conditions arise after 30 June 2025. The directors have taken the view that these amounts are not certain enough to be recorded as a provision but note that the maximum that could be payable in respect of these items is £15,358,000 (2024 - £2,025,000). Since the year end and to the date of approval of these financial statements £360,000 of these amounts have crystallised.

23. Related party disclosures

The company has taken advantage of the exemption conferred within IAS 24 not to disclose transactions between wholly owned members of the same group.

Any directors or senior employees who have authority and responsibility for controlling the activities of the company are considered to be key management personnel. Total remuneration in respect of these individuals is disclosed in note 5.

During the year, BCFC paid rent to Birmingham City Stadium Limited (BCSL) amounting to £1,250,000 (2024: £1,250,000) and included in other debtors at 30 June 2025 is an amount of £3,820,000 (2024: £4,701,000) due to BCFC. Interest is charged at a rate of 4.5% per annum from 1 April 2022. During the year, £66,000 (2024: £122,000) of interest was receivable.

During the prior year, the company entered into an agreement with Shelby Companies Limited for the naming rights sponsorship of the stadium. In the year to 30 June 2025, revenue of £8,500,000 (2024: £4,241,667) was recognised. As at 30 June 2025 an amount of £442,641 (2024: £1,934,722) was due from Shelby Companies Limited and is included in amounts due from related company. As at 30 June 2025 an amount of £126,851,000 (2024: £72,274,000) was due by the immediate parent company BCL to Shelby Companies Limited. Interest is charged at a rate of 11.9% per annum. During the year, interest of £7,718,000 was payable (2024: £2,786,000) of which £1,043,000 (2024: £1,087,000) was capitalised.

Docusign Envelope ID: B8E938A1-10A8-4A65-A219-29CAC03E7372

24. Notes supporting the statement of changes in equity

Share capital and share premium -
Share capital records the nominal value of shares in issue and the share premium records the receipts from issue of share capital above the nominal value of the shares, net of direct issue costs.

Capital redemption reserve -
Capital redemption reserves represents a non-distributable reserve in relation to shares which have been brought back by the company.

Other reserves -
Other reserves represent the waiver of a loan balance due to the club's immediate parent company Birmingham City Limited.

Profit and loss account -
The profit and loss account records the cumulative profits less losses recognised in the Statement of Comprehensive Income, net of any distributions and share-based payments made.

Capital contribution reserve -
This reserve represents a loan from a shareholder which has been waivered and thus creating a capital contribution.

25. Events after the balance sheet date

Transfers of player registrations subsequent to 30 June 2025, taking into account applicable costs, resulted in a net £2,687,654 payable by the company (2024 - £21,070,000 payable by the company).

There has also been significant infrastructure improvement work taking place at St. Andrews @ Knighthead Park, Knighthead Performance Centre and the Elite Performance & Innovation Centre. This has amounted to £2.9m of spend post year end.

On 23 July 2025, a Deed of Amendment was entered into between Birmingham City Limited, Birmingham City Football Club Limited and Knighthead extending the loan facility to £150m. As at 30 June 2025 the total amount owing from BCL to Knighthead including interest and loan reassignments is £127.3m and is showing as due to related company.

On 7 November 2025, ZO Future Group Limited disposed of its 51.72% shareholding in Birmingham City Limited to Shelby Companies Limited. Following the completion of this transaction, Shelby Companies Limited became the majority shareholder of BCL.
