EXECUTIVE REPORT

YEAR ENDED 30 JUNE 2025

Blackburn Rovers narrowly missed out on a Championship play-off place for the second time in three seasons, following a dramatic final day at Bramall Lane.

Just one more goal against Sheffield United in the final fixture of the 2024-25 campaign would have secured sixth spot.

Instead, a 1-1 draw with the Blades meant the 3,000 travelling Rovers fans left South Yorkshire proud of their team's efforts, both on the day and across the season, yet still dreaming of what might have been.

It was a remarkable turnaround from the previous campaign, when Rovers had only avoided relegation on the final day at Leicester City.

Supported by newly appointed Head of Football Operations Rudy Gestede and Head of Technical Development Adam Owen, Head Coach John Eustace set about strengthening his squad over the summer, determined to shape a side capable of challenging at the opposite end of the table.

Senegalese striker Makhtar Gueye and Japanese forward Yuki Ohashi were first to arrive on permanent deals for undisclosed fees from RWD Molenbeek and Sanfreece Hiroshima respectively.

They were followed by Danny Batth, Andi Weimann and Lewis Baker, who added valuable Championship experience to the group, whilst promising young Premier League players Owen Beck and Amario Cozier-Duberry arrived on season-long loan deals from Liverpool and Brighton.

Rovers completed two more deals on deadline day, bringing in Hungarian goalkeeper Balazs Toth from Fehervar and proven promotion winner Todd Cantwell from Rangers.

By this point, Sammie Szmodics, who netted 33 goals in the previous campaign and who had already scored in Rovers' opening two games of the 2024-25 season, had completed a big money move to Premier League newcomers Ipswich Town. Leo Wahlstedt, Semir Telalovic and Sam Gallagher had also departed the club.

Eustace's side enjoyed an impressive start to the season, turning Ewood Park into a fortress, with Rovers winning their first five home league fixtures for the first time in 30 years.

Six straight Championship victories, including five successive clean sheets, throughout November and December propelled Rovers up to fifth in the table, prior to a disappointing run of results over the festive period which saw Rovers win just one of their next nine league games.

January saw another busy transfer window, with Dion Sanderson, Adam Forshaw, Augustus Karrgbo, Yuri Ribeiro, Emmanuel Dennis and Cauley Woodrow all arriving to bolster Rovers' play-off push.

However, for the second successive season, a mid-season managerial change disrupted momentum, as head coach John Eustace departed for Derby County, with David Lowe winning two of his three games in caretaker charge.

In late February, former West Brom, Watford and Besiktas boss Valerien Ismael arrived through the Ewood doors. After a challenging start, the Frenchman steered the side to four successive victories over Luton Town, Millwall, Sunderland and Watford, bringing the club to within touching distance of the play-offs.

Victory at Sheffield United on the final day would have sealed sixth spot and Rovers looked on course when Ohashi netted his 10th goal of the campaign early in the second half. But Anel Ahmedhodzic's equaliser ended those hopes – denying Rovers a potential return to the Premier League, 30 years on from the club's historic title triumph.

Rovers Under-21s competed in six different competitions for the first time in the club's history – featuring in Premier League 2, the Premier League Cup, the Premier League International Cup, the newly-formed National League Cup, the Central League Cup and the Lancashire FA Senior Cup.

In the league, Rovers finished 21st out of 26 teams, whilst in the Premier League Cup, Mike Sheron's side advanced to the knockout stage, before falling to a heavy defeat away to Charlton Athletic.

More than 20 young Rovers players gained valuable experience of first team football whilst out on loan. James Edmondson impressed at Macclesfield under ex-Rover Robbie Savage, Charlie Olson was named Altrincham's Young Player of the Year and Kristi Montgomery scooped Chorley's Goal of the Season award, before returning to Rovers and making his first team debut towards the end of the campaign.

Meanwhile, the likes of Leo Duru, Igor Tyjon, Nick Michalski, Tom Atcheson and Aodhan Doherty continued their development for both club and country, with all five players pushing for a place in Rovers' senior squad, whilst also earning international recognition at youth level.

Under the stewardship of Ryan Kidd and then Darragh Tuffy, Rovers Under-18s finished seventh in the U18 Premier League North table in 2024-25, recording nine wins from their 24 league games.

This included a five-game winning streak between November and February, during which time Rovers put five goals past Nottingham Forest, Newcastle United and Liverpool.

The Under-17s claimed top spot in their Premier League Cup group, going goal-crazy against Fleetwood Town (8-0) and Everton (7-2), having drawn 2-2 away to Manchester City in their opening group game.

The Under-16s enjoyed another strong campaign, reaching the semi-finals of the Premier League Cup for the second successive season. Tom Cryer was on target in all three group games, whilst promising young duo Silver Eze (16) and Harvey Higgins (15) were rewarded for their progress with Under-21s debuts against Preston North End in December 2024.

Igor Tyjon made his first team debut in the 3-0 victory over Bristol City at Ewood Park in September 2024, whilst Harley O'Grady-Macken made his senior bow in the FA Cup third round triumph away to Middlesbrough – a game that also saw fellow Academy graduates Matty Litherland and George Pratt named on the bench.

There was another proud moment for the Academy when teenagers Isaac Dunn and Frank Vare, both first year scholars, along with Tom Atcheson, were included in the matchday squad for the Championship fixture against Preston North End at Ewood Park at the end of January.

Can we take this opportunity to thank all the players and backroom staff who served the club over several years before leaving at the end of the season and we wish them well in their future careers.

Since the end of the year, off the pitch, there were also changes to the Senior Management Team with Steve Waggott, the Clubs Chief Executive Officer leaving after seven years' service, the Club wishes Steve all the best for the future. Also departing was first team coach, David Lowe, the Club wishes David success in his future endeavours.

The direct impact of ever-increasing costs, particularly in the hospitality sector resulted in the club incurring higher costs right across the business, but we continued to carefully manage the club's finances to remain in a stable position whilst also being fully compliant within the current Financial Fair Play rules and the Profit and Sustainability parameters.

Improvements continue to be made across the Clubs three main sites, with extensive work carried out, including the stadium vomitories, refurbishment of the training ground gym, and some stadium bathrooms.

Once again, special praise must be given to our Community Trust and the Trustees who, under the leadership of Gary Robinson, continually demonstrates outstanding community commitment through a range of critical projects aimed at supporting the most vulnerable members of our community. We should commend them for their inspiring efforts and achievements throughout the year

The Owners and the Board would like to place on record our thanks and appreciation to all those who have supported the club, be they shareholders, corporate clients and partners.

A particular mention should go to our staff for their hard work, loyalty and dedication to the club.

Finally, we must thank the Owners for their continued and steadfast support of the club.

R Gandhi Babu
Director
29th December 2025

STRATEGIC REPORT

YEAR ENDED 30 JUNE 2025

Principal activities

The principal activity of the company throughout the year continues to be that of a professional football club with related commercial activities.

Business review

For the year to 30 June 2025 the company recorded an operating loss before trading of intangible/tangible assets of £19.0m (2024 - loss £17.2m). A profit on trading of intangible assets of £10.6m (2024 - £21.2m) brought the pre-tax loss to £10.4m (2024 - profit £3.3m). The key performance indicators are as shown in the table below.

	2024/25 £m	2023/24 £m	2022/23 £m	2021/22 £m	2020/21 £m
Turnover	23.7	21.4	21.0	16.6	14.5
Other operating income	0.0	0.0	0.0	0.3	3.3
Wages & salaries	28.2	25.4	25.8	24.4	25.7
Other operating expenses	14.5	13.2	12.7	9.9	7.7
Operating loss before trading of intangible/tangible assets	(19.0)	(17.2)	(17.5)	(17.4)	(15.6)
Interest payable/(receivable)	2.0	0.7	0.3	(0.2)	0.5
Loss before trading of intangible/tangible assets	(21.0)	(17.9)	(17.8)	(17.2)	(16.1)
Tangible fixed asset trading	-	-	-	-	13.0
Intangible fixed asset trading	10.6	21.2	(3.1)	6.0	(3.5)
Profit / (Loss) before tax	(10.4)	3.3	(20.9)	(11.2)	(6.6)
Net cash movements in / (out)	0.1	2.3	(3.5)	1.6	0.8
Closing cash and cash equivalent	(12.6)	(12.7)	(15.0)	(11.5)	(13.1)
Finishing position in the Championship	7th	19th	7th	8th	15th
Average league attendance	16,153	15,584	14,819	13,501	-
Wage to turnover %	119.0%	118.7%	123.0%	147.0%	177.2%
Number of live TV games	12	9	23	11	7

The loss for the year was £10.4m (2024 profit £3.3m). Turnover increased by £2.3m which was offset by an increase in operating expenses of £1.3m. Player trading produced a profit of £10.6m (2024 profit £21.2m). Wages and salaries increased by £2.8m during the year.

Going Concern

The directors would like to refer to note 2 which sets out a detailed explanation on judgments made by the directors in this regard.
The directors continue to adopt the going concern basis in preparing the financial statements

Turnover

Turnover has increased to £23.7m (2024 - £21.4m); match day income has decreased by £0.4m (2025 £4.5m: 2024 £4.9m), media income has increased by £2.0m (2025 £11.5m: 2024 £9.5m) and commercial and other income have increased by £0.8m (2025 £7.7m: 2024 £6.9m) being mainly increased merchandise income of £0.5m, hospitality £0.1m and other income £0.5m with a reduction in sponsorship and advertising of £0.3m.

Operating expenses

Operating expenses reflected an increase in wages and salaries of £2.8m (2025 £28.2: 2024 £25.4m). Other operating expenses increased by £1.3m to £14.5m, (2024 - £13.2m).

Trading of intangible fixed assets

Net intangible fixed asset trading profit was £10.6m (2024– profit £21.2m), a decrease of £10.6m. Included in this was amortisation of players' transfer costs which increased by £0.1m to £2.4m (2024 - £2.3m). Profit on sale of players during the year totalled £13.0m (2024 - profit £23.6m).

Cash flow

The company expended cash of £20.2m on operating activities compared to £13.5m in 2024. Receipts from player sales of £19.4m (2024 - £11.0m) were offset by £3.7m (2024 - £2.8m) for the acquisition and cost of disposal of player registrations and tangible fixed assets. There was an increase of £1.3m in interest charges, which has resulted in a net inflow in cash of £0.1m in the year (2024 – inflow £2.3m).

Principal risks and uncertainties

The board constantly assesses the threats to the business, by close monitoring of the football sector at its level, and via communication with the company's owners.

Business risks identified include reduced income arising from uncertainty as to progress of the company in the various competitions it participates in. Business risks identified include the possibility of the football clubs relegation from the league in which it competes. This would result in reduced income arising from uncertainty as to the progression of the Company in the various competitions it participates in. During the year under review, the company has traded without restriction under Championship Profit and Sustainability rules.

The company is regulated by the rules of the FA, Football League, Premier League, UEFA and FIFA. Any change to the regulations of these bodies could have an impact on the company as they cover areas such as; competition format, distribution of media income, player eligibility and operation of the transfer market. The board ensures compliance with all relevant rules and regulations and monitors the impact of any potential changes.

R Gandhi Babu

DIRECTORS' REPORT

YEAR ENDED 30 JUNE 2025

Directors

S Waggott (Chief Executive Officer - resigned 21st November 2025)
R Gandhi Babu
M Sreenivasa Rao
R D Coar

The directors present their report and financial statements for the year ended 30 June 2025.

Statement of directors' responsibilities in respect of the Strategic Report, the Directors' Report and the financial statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including Financial Reporting Standard 102 (The Financial Reporting Standard in the UK and Republic of Ireland).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Proposed dividends

The directors do not recommend the payment of a dividend (2024 - nil).

Going Concern
The directors would like to refer to note 2 which sets out a detailed explanation on judgements made by the directors in this regard.
The directors continue to adopt the going concern basis in preparing the financial statements.

Employees and environmental policies

The company is committed to ensuring that it complies with all relevant legislation, in connection with unlawful or unfair discrimination of any kind in its business. The company's employment policies are designed to retain and motivate staff at all levels. During the year to June 2025, the group maintained its 100% waste management recycle percentage, reducing its impact on the environment by handling 191 tonnes of waste and saving over £24,000 in landfill tax. The company constantly monitors energy saving opportunities and continues to implement policies.

DIRECTORS' REPORT- continued

YEAR ENDED 30 JUNE 2025

Provision of information to auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Auditor

Pursuant to section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed, and PM+M Solutions for Business LLP will therefore continue in office.

This report was approved by the board on 29th December 2025 and signed on its behalf by

R Gandhi Babu
Director

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE BLACKBURN ROVERS FOOTBALL AND ATHLETIC LIMITED

Opinion

We have audited the financial statements of The Blackburn Rovers Football and Athletic Limited (the 'company') for the year ended 30 June 2025 which comprise the statement of comprehensive income, the balance sheet, the statement of changes in equity, the statement of cash flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102. The Financial Reporting Standard in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2025 and of the company's loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK), (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to note 2 of the financial statements, which describes an ongoing legal matter involving the wider group and the potential impact this could have on Venkateshwara Hatcheries Private Limited's ("VHPL") ability to freely remit funds to its overseas subsidiaries, including this company. Until such time as the legal matter is concluded satisfactorily, thereby enabling VHPL to freely remit funds to its overseas subsidiaries, including this company, a material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern.

Our opinion is not modified in this respect.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of our audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE BLACKBURN ROVERS FOOTBALL AND ATHLETIC LIMITED - continued

Opinion on other matters prescribed by the Companies Act 2006

In our opinion based on the work undertaken in the course of our audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements and;
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- the company's financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and then design and perform audit procedures responsive to those risks, including obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE BLACKBURN ROVERS FOOTBALL AND ATHLETIC LIMITED - continued

Identifying and assessing potential risks related to irregularities

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we have considered the following:

- the nature of the industry and sector, control environment and business performance including the design of the company's remuneration policies, key drivers for directors' remuneration, bonus levels and performance targets;
- results of our enquiries of management about their own identification and assessment of the risks of irregularities;
- the matters discussed among the audit engagement team and relevant specialists regarding how and where fraud might occur in the financial statements and any potential indicators of fraud;
- any matters we identified having obtained and reviewed the company's documentation of their policies procedures relating to:
  - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
  - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud;
  - the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud and identified the greatest potential for fraud in the following areas: timing of recognition of commercial income, posting of unusual journals and complex transactions; and manipulating the company's performance profit measures and other key performance indicators to meet remuneration targets and externally communicated targets, and English Football League Profit and Sustainability requirements. In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory frameworks that the company operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included UK Companies Act, employment law, health and safety, pensions legislation, tax legislation and football governing body regulations.

Audit response to risks identified

Our procedures to respond to risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- enquiring of management concerning actual and potential litigation and claims;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- reading minutes of meetings of those charged with governance and reviewing correspondence with HMRC; and
- in addressing the identified risks of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations (irregularities) is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it. In addition, as with any audit, there remained a higher risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. We are not responsible for preventing non-compliance and cannot be expected to detect non-compliance with all laws and regulations.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE BLACKBURN ROVERS FOOTBALL AND ATHLETIC LIMITED - continued

A further description of our responsibilities is available on the Financial Reporting Councils website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

1 COMPANY INFORMATION

The company is a private company, limited by shares and incorporated in England and Wales. The registered office is Ewood Park, Blackburn, BB2 4JF. The principal activity is that of a professional football club with related commercial activities.

2 ACCOUNTING POLICIES

Basis of preparation of the financial statements

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of freehold property and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The financial statements are prepared in sterling which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the company's accounting policies (see note 3).

The financial statements contain information about The Blackburn Rovers Football and Athletic Limited as an individual company and do not contain consolidated financial information as the parent company of a group. The company has taken advantage of the exemption available to it under s400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertaking are included within the consolidated financial statements of Venkys London Limited.

The principal accounting policies applied by the company are described below.

Going concern

As at 30 June 2025, the company had net current liabilities of £153,623,451 and reported an operating loss, before changes in intangible fixed assets, of £18,988,509 for the year. In common with many football clubs, the company may continue to make operating losses and incur net cash outflows depending on a number of variables, including the success of the team in league and cup competitions and the level of transfer activity.

The company is funded through a bank overdraft facility and a shareholder loan, and in view of the current financial position, the company remains reliant on its ability to maintain existing and obtain additional funding as necessary.

In managing the finances of the company, the directors remain mindful of the need to ensure the company will comply with the Championship Profitability and Sustainability rules.

As part of the directors' assessment of going concern they have prepared detailed cash flow forecasts for the period to the end of June 2028. These forecasts indicate that the company will require significant funding in addition to the current facilities available to the company.

The amount of additional funding required will be dependent on the net proceeds of any player trading, on field performance, and availability of bank facilities. In view of this the directors have received confirmation from the ultimate parent company, Venkateshwara Hatcheries Private Limited ("VHPL"), that it has sufficient funds and is willing to provide such additional financing as may be required to fund the company, to the extent necessary for the company to continue to trade and to pay its liabilities as and when they become due, for the 12 months following approval of these accounts and thereafter for the foreseeable future even in the event of the bank facility not being renewed.

2 ACCOUNTING POLICIES - continued

Going concern (continued)

Further, the parent company, Venky's London Limited (VLL), has confirmed that it will not recall the amount outstanding of £138,762,098, included in creditors due in less than one year, within twelve months from the date of approval of these financial statements.

The directors would like to bring to the attention of readers of these financial statements an ongoing legal matter involving the ultimate parent company Venkateshwara Hatcheries Private Limited (VHPL) and the Directorate of Enforcement ("ED") in India, whereby the ED have queried the application of funds remitted by VHPL to one of its subsidiaries. It is important to note that this does not include remittances made to this company ("BRFC").

The matter has resulted in temporary restrictions by the ED of remittances of funds to all the overseas subsidiaries of VHPL, including BRFC through its intermediate holding company, VLL.

The ED issued a No Objection Certificate, dated 12 March 2024, which confirmed that VHPL has been granted permission to make a remittance of £15 million to its wholly owned subsidiary, namely VLL, the immediate parent of BRFC. This permission is subject to certain conditions which have been met already or that will be met prior and subsequent to the remittance being made.

On receipt of the remittance by VLL, that company is able to remit those funds onwards to BRFC without restriction or conditions imposed. The directors can confirm that remittances have been made to BRFC under this arrangement during the year and subsequent to the year end.

Based upon the latest position of the legal matter, at the date of approval of these financial statements the directors remain optimistic that the matter should reach a formal conclusion in the coming months, which should then allow the free remittance of funds to resume, without any conditions imposed. In the event of a delay to the conclusion of the legal matter, the directors are satisfied that another No Objection Certification to remit additional funds could be granted, based upon the previous precedent, were this to be necessary.

However, until the legal matter is formally concluded, there still remains a possibility that developments in the matter could lead to a future restriction in the remittance of funds to the company. The directors consider that the ongoing legal matter therefore creates a material uncertainty which may cast significant doubt on the company's ability to remain a going concern.

Despite this, the directors wish to reiterate that there have been no issues with the remittance of funds thus far, including significant post year end remittances (totalling £7.795m at the date of signing of the accounts), but still await the formal conclusion of the legal matter.

Subject to the matter outlined above, based on the forecasts prepared, and including the remittances expected to be received, the directors are satisfied that the company will have sufficient available funds to meet liabilities as they fall due for the foreseeable future and have therefore prepared these financial statements on a going concern basis.

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

Turnover and income recognition

Turnover is stated net of Value Added Tax and amounts due to the Premier League, Football League, Football Association and visiting football clubs. It includes gate receipts, executive boxes, sponsorships, merchandising, advertising, television fees, Football / Premier League pool and sundry related income.

2 ACCOUNTING POLICIES – continued

Turnover and Income recognition - continued

Gate receipts and other match day revenue is recognised over a football season as the matches occur. Merchandising income is recognised at the point of sale. Other revenue comprising media and commercial income is apportioned evenly over the football season or contract term as appropriate.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Intangible fixed assets

The costs associated with the acquisition of new players' registrations are capitalised as intangible fixed assets. These costs are fully amortised, in equal annual instalments, over the period of the player's initial contract. The external costs of securing the extension or renewal of an existing contract both for internally produced and externally purchased players are capitalised and amortised over the period of the players' new contract.

Signing on fees and other contingent fees payable to players as a result of the occurrence of one or more uncertain future events are expensed when they occur.

Impairment

The carrying amounts of the company's assets are revieweď for impairment when events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. If any such indication exists, the asset's recoverable amount is estimated.

An impairment loss is recognised whenever the carrying amount of an asset or its income-generating unit exceeds its recoverable amount. Impairment losses are recognised in the profit and loss account.

Impairment losses recognised in respect of income-generating units are allocated to the carrying amount of the intangible fixed assets in the unit on a pro rata or more appropriate basis. An income generating unit is the smallest identifiable group of assets that generates income that is largely independent of the income streams from other assets or groups of assets.

The recoverable amount of fixed assets is the greater of their net realisable value and value in use. In assessing value in use, the expected future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the rate of return expected on an equally risky investment. For an asset that does not generate largely independent income streams, the recoverable amount is determined for the income-generating unit to which the asset belongs.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful economic lives on the following bases:

Motor vehicles	-	25% per annum on cost
Fixtures and fittings	-	10% per annum on cost
Computer equipment	-	20% per annum on cost
Freehold buildings	-	2% per annum on cost

No depreciation has been provided on freehold land.

2 ACCOUNTING POLICIES – continued

Revaluation of tangible fixed assets

As permitted by the provisions of FRS 102 the company has elected not to adopt a policy of revaluation of tangible fixed assets. The company will retain the book value of land and buildings, previously revalued in 1995 and will not update that valuation.

Fixed asset investments

Investment in subsidiary is measured at cost less any accumulated impairment losses. A subsidiary is an entity controlled by the group. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

Stock

Stock is valued at the lower of cost and net realisable value after making allowance for obsolete and slow-moving stock.

Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the statement of cash flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the company's cash management.

Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

Financial instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, such as the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured initially at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

2 ACCOUNTING POLICIES - continued

Financial instruments (continued)

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the profit and loss account.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate, which is an approximation of the amount that the company would receive for the asset if it were to be sold at the balance sheet date.

Leases

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

Grants

Grants are accounted for under the accruals model as permitted by FRS 102.

Revenue grants are credited to profit and loss account in the same period in which the revenue expenditure to which they relate is charged. Capital based grants are credited to revenue over the life of the asset to which they relate. The deferred element of grants is included as deferred income.

The useful lives are as follows:

Freehold buildings	50 years
Fixtures and fittings	10 years

Taxation

The charge for taxation is based on the loss for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 102.

A deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Pensions

The company is making contributions in respect of its share of the deficit of the defined benefit section of the Football League Pension and Life Assurance Scheme (the "Scheme").

Under the provisions of FRS 102 the Scheme is treated as a defined benefit multi-employer scheme. The financial statements provide for the company's estimated share of the Football League Limited Pension and Life Assurance deficit. The value provided is based on the current actuarial valuation dated 31 August 2023. Contributions are made as advised by the scheme actuary.

2 ACCOUNTING POLICIES - continued

Pensions - continued

The company also makes contributions to defined contribution pension schemes for certain employees. The employer's contributions are charged to the profit and loss account in the year in which the liability to pay arises.

Differences between contributions payable in the year and contributions actually paid are shown as accruals or prepayments in the balance sheet.

Borrowing costs

All borrowing costs are recognised in the profit and loss account in the year in which they are incurred.

Operating Costs

The directors consider that all operating costs incurred can most accurately be categorised as administration costs.

3 JUDGMENT IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the process of applying the company's accounting policies, which are described above, management has made some judgments that have a significant effect on the amounts recognised in the financial statements. These also include key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date. The main areas of judgement that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are in relation to revenue recognition of central distributions from football authorities and impairment of fixed assets.

4 TURNOVER

An analysis of turnover by class of business is given below:

	2025	2024
	£	£
Matchday	**4,464,414**	4,937,365
Media	**11,500,850**	9,481,450
Commercial	**7,187,924**	6,942,919
Other	**544,010**	33,763
	23,697,198	21,395,497

5 OPERATING LOSS

The operating loss is stated after charging / (crediting):

		2025	2024
		£	£
Amortisation of intangible fixed assets		**2,421,226**	2,302,540
Depreciation of tangible fixed assets:	owned by the company	**1,017,424**	1,060,736
	under hire purchase	**111,491**	75,144
Profit on disposal of tangible fixed assets		**(1,361)**	(4,875)
Auditors' remuneration:	audit work	**39,650**	34,000
	non audit work	**16,561**	8,625
Operating lease payments		**391,508**	382,967
Deferred grants release		**(114,264)**	(98,346)

6 STAFF COSTS

	2025	2024
	£	£
Wages and salaries	**24,602,778**	21,981,656
Social security costs	**3,393,623**	2,978,274
Other pension costs	**223,318**	483,441
	28,219,719	25,443,371

The average number of employees, including directors, during the year was as follows:

	2025	2024
	No.	No.
Senior football players and management	**85**	80
Academy football players and management	**73**	71
Commercial, sponsorship, media and merchandising	**23**	20
Administration	**21**	21
Building, ground and pitch maintenance	**30**	30
	232	222

7 DIRECTORS' REMUNERATION

Emoluments for services as directors:

	Salaries	Pension	Benefits	Total
	£	£	£	£
Executive directors:				
2025	**607,236**	**47,286**	**27,404**	**681,926**
2024	571,392	165,752	29,096	766,240

During the year 1 director was a member of a money purchase pension scheme (2024 - 2).

Remuneration disclosed above includes the following amounts paid to the highest paid director:

	2025	2024
	£	£
Remuneration for qualifying services	**593,036**	433,028
Company pension contributions	**47,286**	159,002

8 TRANSFER FEES AND ASSOCIATED COSTS

	2025	2024
	£	£
Amortisation of intangible fixed assets	**(2,421,226)**	(2,302,540)
Profit on disposal of intangible fixed assets	**13,020,422**	23,561,842
	10,599,196	21,259,302

9 NET INTEREST PAYABLE

	2025	2024
	£	£
Interest receivable		
Short term deposits and other interest	**6,785**	108,574
Interest payable		
On bank overdrafts and other loans	**(1,997,723)**	(798,618)
Hire purchase interest	**(42,937)**	(41,110)
	(2,040,660)	(839,728)
Net interest payable	**(2,033,875)**	(731,154)

10 TAXATION

	2025	2024
	£	£
The tax credit comprises:		
UK corporation tax	-	-
Adjustment in respect of prior year	-	-
Tax on loss on ordinary activities	-	-

The actual tax charge for the current year differs from the standard rate of 25% (2024 - 25%) for the reasons set out in the following reconciliation:

Loss on ordinary activities before tax	**(10,423,188)**	3,334,238
Tax on loss/profit on ordinary activities at 25% (2024 - 25%)	**(2,605,797)**	833,560
Effects of :		
Expenses not deductible for corporation tax purposes	**4,679**	7,230
Non-taxable income	**(28,566)**	(24,587)
Adjustment in respect of prior years	-	-
Chargeable gain indexation	-	-
Deferred tax not recognised	**2,627,709**	(819,214)
Other permanent difference	**1,975**	3,011
Total amount of tax	-	-

Taxable losses from previous years are available for offset against future taxable profits. A deferred tax asset has not been recognised in respect of those losses as the company does not anticipate taxable profits to arise within the foreseeable future. The estimated value of the deferred tax asset not recognised, measured at a standard rate of 25% (2024 - 25%) is £76m (2024 - £74m).

The amounts due to the parent company of £138,762,098 (2024 - £133,972,098) have been treated as falling due within one year as this is the technical legal status of the loans at the balance sheet date. As described in note 2, subsequent to the year end the parent company has confirmed that, as in previous years, it will provide sufficient financing to support the company for the twelve months following approval of these accounts and will not recall the amount included in creditors due in less than one year, within 12 months of the date of approval of these financial statements.

The amounts owed to the parent undertaking above are interest free with no fixed date for repayment.
The bank overdraft facility expires on 20 May 2026. The directors believe the facility will be renewed on acceptable terms and conditions as in previous years.

Please refer to the strategic report for more detail on the directors' assessment of going concern.
The bank overdraft is secured by a corporate guarantee from the holding company, Venkys London Limited. Interest is paid upon the facility at 2.0% over BOE base rate.

Hire purchase creditors are secured on the assets to which they relate.

	£	£
Allotted, called up - fully paid		
198,227,484 ordinary shares of £1 each	**198,227,484**	198,227,484

24 RESERVES

Profit and loss reserve:

The profit and loss reserve represents cumulative profits or losses. The current year profit and loss reserve amounts to a deficit of £328,077,069 (2024 - £317,653,881)

Revaluation reserve:

The revaluation reserve represents the cumulative effect of revaluations of freehold land and buildings. The current year revaluation reserve amounts to £1,295,825 (2024 - £1,295,825)

25 PENSIONS

Pension contributions are paid by the company into the personal pension schemes of certain employees. The assets of their schemes are held separately from those of the company in independently administered funds. The contributions paid during the year amounted to £223,318 (2024 - £483,441), of which £48,684 (2024 - £181,478) was outstanding at year end.

The company is a participating employer in the Football League Limited Pension and Life Assurance Scheme (the "Scheme"). Accrual of benefits under a final salary basis was suspended with effect from 31 August 1999 following an actuarial review, which revealed a substantial deficit. The company was advised of its share of the deficit in the Scheme and the contributions required to make good that deficit, based on the latest actuarial valuation at 1 September 2023. The increase in the deficit in the year, which has been charged as an expense, amounted to £0 (2024 - £0). The company's share of this deficit is currently estimated to be £111,517 (2024 - £254,979). This deficit has been provided for in these accounts and is included in creditors.

26 POTENTIAL FUTURE PLAYER REGISTRATION PAYMENTS

Under the terms of certain contracts for the purchase of players' registrations, future payments may be due, dependent upon the success of the team and/or the individual players. Similar terms exist in contracts for sales of players' registrations.

Any amount payable in relation to playing appearance and team performances are recognised when the event occurs. The maximum potential quantifiable payment for amounts due to football clubs and other third parties for first team players is £3.1m (2024 - £6.5m). Any amounts receivable in relation to playing appearances and team performances are recognised when the event occurs. The maximum quantifiable potential receipt for amounts due from football clubs and other third parties for first team players is £10.5m (2024 - £5.6m).

27 CAPITAL COMMITMENTS

At 30 June 2025 the company had capital commitments as follows:

	2025	2024
	£	£
Contracted for but not provided in these accounts net of grants receivable	**165,720**	244,754

28 OTHER COMMITMENTS

At 30 June 2025 the company had future minimum lease payments under non cancellable operating leases as follows:

	2025	2024
	£	£
Within 1 year	**224,032**	378,243
Between 1 and 5 years	**198,337**	19,777

29 RELATED PARTY TRANSACTIONS

During the year the company entered into the following transactions with related parties:

The company received rent and other income of £256,051 (2024 - £364,261) from Blackburn Rovers Community Trust. In addition certain expenses were incurred and recharged to Blackburn Rovers Community Trust. At the balance sheet date an amount of £62,369 was owed by the Trust to the company (2024 - £241,766) in respect of these transactions, and is disclosed within other creditors / debtors. At 30 June 2025 Blackburn Rovers Community Trust had 6 trustees, of which none were directors of The Blackburn Rovers Football and Athletic Limited.

In June 2021 the company sold the Senior training ground and related property for £17,300,000 to Venkateshwara London Limited, a subsidiary of the ultimate parent company, Venkateshwara Hatcheries Pvt. Ltd. The proceeds carried interest at 4% above the State Bank of India base rate and interest arising on the loan in the period was nil (2024 - £88,887). The company has entered into a lease to continue to use the Senior training ground and rent of £356,004 arose for the period to 30 June 2025 (2024 - £356,004). The loan was repaid in full in October 2023.

30 PARENT COMPANY

The company is a subsidiary undertaking of Venkys London Limited, with Venkateshwara Hatcheries Pvt. Ltd. being the ultimate parent company, which is incorporated in India. Ultimate control is held by Mrs Anuradha J Desai, Mr B Venkatesh Rao and Mr B Balaji Rao.

The largest group in which the publicly available results of the company are consolidated is that headed by Venkys London Limited, incorporated in the United Kingdom. The consolidated financial statements of this group are available to the public and obtainable from Companies House.
