Bankers	The Royal Bank of Scotland PLC 155 Bishopsgate London EC2M 3YB Metro Bank One Southampton Row London WC1B 5HA

Principal activity
The principal activity of the Company is the provision of professional football teams.

Business Review
The results for the year are summarised below:

- Company turnover was £12.6m, compared to £20.7m in the previous year.
- Company operating loss prior to playing trading was £17m, compared to £5m in the prior year.
- At the reporting date the Company had bank reserves of £2.6m, compared to £322k in the prior year.
- At the reporting date the Company's deficit position was £2.8m, compared to £2.9m in the prior year.

Risks and uncertainties
There are a number of potential risks and uncertainties that could have a material impact on the Company's long-term performance. These risks and uncertainties are monitored by the Board on a regular basis and the Board remains confident that the Company has sufficient financial backing to manage these issues.

Football
The Company's income will always be directly affected by the performance of the first team and the Club's league status. The level of attendance may be influenced by factors such as the success of the team, ticket prices, broadcast coverage and the general economic climate.

The performance of the playing squad, as well as the football management staff, is hugely important to the Club, which maintains its strategy of trying to retain the highest quality playing and management staff. The Club operates in a highly competitive market for talent and the market rates for transfers and wages is, to a varying degree, dictated by competitors and the Company recognises the significance of this in relation to the desire to maintain the strength of the first team.

The Club is regulated by the rules of the various governing bodies and any change to these rules could have an impact on the Company. The Club monitors its compliance with all applicable rules and considers the impact of any changes.

Commercial
The Company derives income from broadcasting revenue and management charges. Broadcasting and certain other revenues are derived from contracts that are currently centrally negotiated by the Premier League and Football League; the Company does not have any influence on the outcome of the relevant contract negotiations. The management charge is in relation to managing the football team and its activities.

Future Developments
The short-term objective is to be competitive in the Championship and target a play-off place. The Board's primary aim is also to implement the strategic plans to ensure that the Club is self-sustainable in the near future.

Going Concern
The Company's business activities, together with the factors likely to affect its future development and performance are set out above. The financial position of the group, its cash flows, liquidity position and borrowings are described in these financial statements.

The Company is dependent on the continued support of its parent's significant shareholders, Total Soccer Growth Sdn Bhd and QPR Asia Sdn Bhd, in order to remain a going concern. These shareholders have confirmed under deed that they will continue to provide financial support to the Company for at least a period until 31 March 2023, in order for the Company to be able to meet its liabilities as they fall due. The directors have considered the Company's financial position, forecast cashflow and the availability of financial support from its significant shareholders and consider that it is appropriate to the prepare the financial statements on a going concern basis.

Financial risk management objectives and policies
Financial instruments are used for financing purposes only. It is Company policy not to trade in financial instruments. The board of directors sets out the financial risk management policies that are implemented by the finance department. The Board considers that financial risks do not pose a major threat to the Company.

Ruben Gnanalingam
Director
Approved by the directors on 1 February 2022

The directors have pleasure in presenting their report and the audited financial statements of the Company for the year ended 31 May 2021.

Results and dividends
The profit for the year amounted to £45,000 (2020: £128,000). The directors have not recommended a dividend.

Directors
The directors who served the Company during the year were as follows:

Mr T Fernandes
Mr K Meranun
Mr R Gnanalingam

Directors' responsibilities
The directors are responsible for preparing the strategic report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss for that year.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors' indemnities
The Company maintains directors' and officers' liability insurance providing appropriate cover for any legal action brought against its Directors.

Strategic Report
The risk management policy is located in the strategic report on page 2.

Post reporting date events
The details of these are included in note 19 to the financial statements.

Auditor
BDO LLP are deemed to be re-appointed under section 487(2) of the Companies Act 2006.

Insofar as the directors are aware:

- there is no relevant audit information of which the Company auditor is unaware; and

- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Signed on behalf of the directors

Ruben Gnanalingam
Director
Approved by the directors on 1 February 2022

Opinion on the financial statements

In our opinion, the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 May 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of (The) Queens Park Rangers Football & Athletic Club Limited ("the Company") for the year ended 31 May 2021 which comprise the statement of comprehensive income, the statement of financial position, the statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other Companies Act 2006 reporting

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statement; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report or the Directors' report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Directors

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.
Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

We also considered potential financial or other pressures, opportunity and motivations for fraud. As part of this discussion we identified the internal controls established to mitigate risks related to fraud or non-compliance with laws and regulations and how management monitor these processes. Appropriate procedures included the review and testing of manual journals and key estimates and judgements made by management. We gained an understanding of the legal and regulatory framework applicable to the Company and the industry in which it operates, drawing on our broad sector experience, and considered the risk of acts by the Company that were contrary to these laws and regulations, including fraud.

We focused on laws and regulations that could give rise to a material misstatement in the financial statements, including, but not limited to, the Companies Act 2006, UK tax legislation and equivalent local laws and regulations.

We made enquiries of management with regards to compliance with the above laws and regulations and corroborated any necessary evidence to relevant information, for example, minutes of the Board of Directors meetings and correspondence between the Group and the Company and its solicitors. Our tests included agreeing the financial statements disclosures to underlying supporting documentation and enquiries with management.

We did not identify any key audit matters relating to irregularities, including fraud. As in all of our audits, we also addressed the risk of management override of internal controls including testing journals and evaluation whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion.

There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 10 to 17 form part of these financial statements.

1. Accounting policies

a) Statement of compliance

Queens Park Rangers Football & Athletic Club, Limited, (The) is a private Company limited by shares and a wholly owned subsidiary of QPR Holdings Limited, incorporated in England and Wales, No: 00060094. The Registered Office is Kiyan Prince Foundation Stadium, South Africa Road, London, W12 7PJ.

b) Basis of accounting

The financial statements have been prepared in accordance with Financial Reporting Standard 102 as issued by the Financial Reporting Council. The financial statements have been prepared on the historical cost basis. The principal accounting policies that have been applied consistently by the Company to all periods presented in these financial statements are set out below. The financial statements are prepared in sterling, rounded to the nearest thousand, which is the functional currency of the entity.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the accounting policies selected for use by the Company. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed below. Use of available information and application of judgement are inherent in the formation of estimates. Actual outcomes in the future could differ from such estimates.

c) Going concern

The directors, based on cash flow projections prepared by management and through confirmation of continuing support from the parent company via the groups' main shareholders and creditors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. The groups' main shareholders have confirmed under deed of support to provide loan facilities of up to £27.2m to the period ending 31 March 2023.

d) Disclosure exemptions

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirement of section 11 Financial Instruments
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the accounts of QPR Holdings Limited whose consolidated financial statements are publicly available and in whose financial statements the Company is consolidated. The location from which the financial statements are available is shown in note 14.

e) Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable in the normal course of business. Revenue comprises the management fees from the parent Company and income respect of the broadcasting rights earned. Other income relates to the Furlough Grant received from HMRC.

f) Player costs and transactions

(i) *Initial capitalisation*

The costs associated with the acquisition of player registrations are capitalised as intangible fixed assets. Any intangible assets acquired on deferred terms are recorded at the fair value at the date of acquisition. The fair value represents the net present value of the costs of acquiring player registrations.

(ii) *Amortisation*

These costs are fully amortised on a straight-line basis in equal annual instalments over the period of the respective contracts.

(iii) *Contingent consideration*

Under the conditions of certain transfer agreements, further fees will be payable to the vendors in the event of the players concerned making a certain number of First Team appearances. Liabilities in respect of these additional transfers are accounted for, as provisions, when it becomes probable that the number of appearances will be achieved or the specified future events will occur.

1. Accounting policies *(continued)*

(iv) *Impairment*
The company will perform an impairment review on the intangible assets if events or changes in circumstances indicate that the carrying amount of the player may not be recoverable. The company compares the carrying amount of the asset with its recoverable amount. The company does not consider that it is possible to determine the value in use of an individual football player in isolation as that player (unless via a sale or insurance recovery) cannot generate cash flows on his own.

Furthermore, the Company also considers that all of the players are unable to generate cash flows even when considered together. Accordingly, the Company, and the group, considers the smallest cash-generating unit to contain all the other First Team players, the Stadium and the training facilities.

The Company calculates the value in use of this cash-generating unit by discounting estimated expected future cash flows (being the pre-player trading cash flows generated by the Company's existing operations and any future capital expenditure on the First Team squad). The Company compares this with its assessment of the fair value less costs to sell off all of the First Team players and the higher of these two numbers is deemed to be the recoverable amount.

In certain rare instances there may be an individual player whom the Company does not consider to be part of the First Team squad and who will therefore not contribute to the future cash flows earned by the cash-generating unit. This is normally due to a permanent career-threatening injury/condition or due to a serious and permanent fall out with the senior football management and Directors which, as a consequence, means the Company consider it highly unlikely he will ever play for the First Team again. In this situation, the carrying value of the player is removed from the carrying value of players assessed as part of the cash-generating unit referred to above and instead this player will be assessed for impairment in isolation by considering his carrying value with the Company's best estimate of his fair value less costs to sell. The Company estimate this using one of the following sources

- in the case of a player who has permanently fallen out with the senior football management and directors, either the agreed selling price in the event the player has been transferred subsequent to the year-end; or
- If there have not been any bids for the player, management's best estimation of the disposal proceeds (less costs) of the player on an arm's length basis. This is determined by the senior football management in conjunction with the Directors who will use the outcome of recent player disposals (by both the Company and other football clubs) as a basis for their estimation. Any costs to sell, such as agency costs are deducted from the fair value; or
- in the case of a player who has suffered a career-threatening injury/condition, the value attributed to the player by the Company's insurers.

(v) *Disposals*
Profits or losses on the disposal of these registrations represent the fair value of the consideration receivable, net of any transaction costs, less the unamortised cost of the original registration.

(vi) *Remuneration*
Remuneration of players is charged in accordance with the terms of the applicable contractual agreements and any discretionary bonus when there is a legal or contractual obligation. Liabilities in respect of player loyalty fees are provided for, as part of operating expenses, when payment becomes probable as the player is contracted to the football club and the loyalty fee is payable prior to the next transfer window at the date the accounts are signed.

g) Finance costs
Finance costs of borrowings are recognised in profit or loss using the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash flows through the expected life of the borrowings. Any non-current assets acquired on deferred terms are recorded at the discounted present value at the date of acquisition. The associated payable is then increased to the settlement value over the period of deferral, with this value being charged as a notional finance cost through profit or loss.

Similarly any intangible asset disposed of on deferred terms will be initially recorded at the discounted present value of future receipts and the receivable is then increased to the settlement value over the period of deferral with this value being charged as notional finance income through profit and loss. In respect of intangible asset acquisitions, the differing rate at which the finance cost and amortisation are recognised in profit or loss account produces a deferred tax credit. In respect of intangible asset disposals, the finance income recognised produces a deferred tax asset. The adjustments are stated net of deferred tax.

1. Accounting policies *(continued)*

h) **Financial instruments**
Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

i) **Foreign exchange**
Transactions denominated in foreign currencies are translated into Sterling and recorded at the rates of exchange ruling at the date of the transactions. Translation differences are dealt with in profit and loss.

j) **Pension costs**
The Company operates a defend contribution pension scheme for employees. The assets of the scheme are held separately from those of the Company. The annual contributions payable are charged to profit or loss.

k) **Deferred taxation**
Deferred tax is recognised in respect of all material timing differences that have originated but not reversed at the reporting date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the reporting date. Deferred tax assets are recognised to the extent that it is regarded more likely than not that they will be recovered.

l) **Critical accounting judgements and estimates**
In the application of the Company's accounting policies, which are described herein, the directors are required to make judgements, estimates and assumptions about the carrying value of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The principal balances in the financial statements where changes in estimates and assumptions may have a material impact are:

(i) ***Recoverable amount of non-current assets***
All non-current assets, including player registrations, are reviewed for potential impairment using estimates of the future economic benefits attributable to them. Such estimates involve assumptions in relation to on pitch performance. Any estimates of future economic benefits made in relation to non-current assets may differ from the benefits that ultimately arise, and materially affect, the recoverable value of the asset.

2. Revenue

The revenue and profit before tax are attributable to the one principal activity of the Company and all revenue is derived in the UK.

	2021 £'000	2020 £'000
Broadcasting rights	7,862	7,626
Management charge	4,473	12,877
Other income	281	194
	12,616	20,697

Included within other income is £281,000 (2020: £168,000) of UK Government Furlough payments.

3. Operating loss

This is stated after charging the following:

	2021 £'000	2020 £'000
Amortisation of intangible assets	1,432	598

Auditors' remuneration is dealt with in the financial statements of the parent Company.

4. Particulars of employees

The average number of staff, including directors, employed by the Company during the financial year can be analysed as follows:

	2021 No.	2020 No.
Players, managers and coaches	113	99
Support staff	18	16
	131	115

The aggregate payroll costs of the above were:

	2021 £'000	2020 £'000
Wages and salaries	19,303	15,299
Social security costs	2,483	1,978
Other pension costs	122	113
	21,908	17,390

Key management compensation:

	2021 £'000	2020 £'000
Wages and salaries	1,202	1,107
Other pension costs	2	-

5. Remuneration of directors

No remuneration or benefits were paid to directors during the year (2020: £Nil)

6. Profit on disposal of players registrations

	2021 £'000	2020 £'000
Profit on disposal of players' registrations	17,648	5,994

7. Finance income and costs

	2021 £'000	2020 £'000
Finance income		
- Amortised cost credit - EFL loans	187	38
- Amortised cost credit - Football creditor greater than one year	3	-
	190	38
Finance costs and similar charges		
- Amortised cost charge - FFP settlement	(795)	(904)
- Amortised cost charge - EFL loans	(24)	-
- Other interest	-	(1)
	(819)	(905)

8. Taxation on ordinary activities

(a) Analysis of charge in the year

	2021 £'000	2020 £'000
Current tax		
UK Corporation tax based on the results for the year (note 8(b))	-	-

(b) Factors affecting current tax charge

The tax assessed for the period is lower than the standard rate of corporation tax in the UK, the differences are explained below:

	2021 £'000	2020 £'000
Profit on ordinary activities before taxation	45	128
Profit on ordinary activities multiplied by standard rate of tax of 19% (2020 - 19%)	9	24
Short term timing differences	77	(9)
Relieved tax losses	(86)	(15)
Total current tax (note 8(a))	-	-

A potential deferred tax asset exists at the reporting date in respect of tax losses carried forward. This has not been recognised in the accounts as there is insufficient evidence that the asset will be recoverable.

Tax losses carried forward at the reporting date were £14.3m (2020: £14.5m) relating to trading losses

9. Intangible fixed assets

	Player registrations £'000
Cost	
At 1 June 2020	55
Additions	8,287
At 31 May 2021	8,342
Amortisation	
At 1 June 2020	13
Charge for the year	1,432
At 31 May 2021	1,445
Net book value	
At 31 May 2021	6,897
At 31 May 2020	42

Amortisation charges are included within the statement of comprehensive income under cost of sales.

17. Financial instruments (continued)

Financial risk management objectives and policies
Management monitor and manage the financials risks relating to the operations of the Company through internal controls. These risks include credit risk and liquidity risk.

Credit risk
Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The maximum risk exposure relates to football creditors but this is mitigated by the governing body of the respective association.

Liquidity risk
Ultimate responsibility for liquidity risk management rests with the Directors. The Directors use management information tools including budgets and cash flow forecasts to be able to constantly monitor and manage current and future liquidity.

18. Payables - capital instruments

The maturity profile of the company's total borrowings at the reporting date which are carried at amortised cost are as follows:

	2021			2020		
	Principal £'000	Interest £'000	Total £'000	Principal £'000	Interest £'000	Total £'000
In one year or less or on demand	5,677	771	6,448	1,100	795	1,895
In more than one year but not more than five years	9,110	1,640	10,750	5,154	2,035	7,189
In more than five years	3,296	104	3,400	4,783	317	5,100
	18,083	2,515	20,598	11,037	3,147	14,184

19. Post reporting date events

During the 2021 summer transfer window we secured Andre Dozzell, Jimmy Dunne and Stefan Johansen on permanent transfers, the latter of which had been on loan to us since during the 20/21 season. These player registrations were acquired at a cost of £2,867,565 (2020: £7,003,000) of which £342,300 (2020: 1,165,500) is contingent on one or more future events. Charlie Austin who had also spent the 20/21 season with us on loan joined permanently on a free transfer.

In addition, Liam Kelly transferred to Motherwell FC and Todd Kane to Coventry City FC. Joe Lumley, Tom Carroll, Aramide Oteh and Paul Smyth departed due to their contracts expiring.

As at the date of these financial statements in the January 2021 transfer window, we secured David Marshall until the end of the season on a free transfer.

Since the start of the 2021/22 season, the Club has been allowed to host fans for all our home fixtures so far. Encouragingly, the attendance to date has seen a marked improvement compared to the 2019/20 season. The vibrant atmosphere in the stadium for all our home fixtures has reminded all concerned that the most important facet of the Club is our fantastic fan base.

20. Commitments

As at 31 May 2021, the Club was committed to paying signing on fees in respect of players of £50,000 (2020: £300,000).
