Bristol City Football Club Limited

Strategic Report for the Period from 1 June 2022 to 30 June 2023

The directors present their strategic report for the period from 1 June 2022 to 30 June 2023.

Review of the business
On the pitch, the 2022/23 season was the Club's eighth consecutive season in the EFL Championship. Nigel Pearson and his two Assistant Managers, Curtis Fleming and Jason Euell, took charge of the first team throughout the season. The management team left the Club on 29 October 2023. Liam Manning was brought in as the new Head Coach on 7 November 2023, with Chris Hogg also joining as the Assistant Head Coach

The Club finished in 14th position in the Championship with a total of 59 points. This is an improvement of three league positions, and four points, on the 2021/22 season. The season built on the work of the previous year as the Club achieved a comfortable mid-table finish. Although the Club did not come close to a relegation battle, there was little chance of the playoffs being reached either. Nevertheless, there was cause for excitement during the season. A Fifth Round FA Cup tie against eventual Champions League winners Manchester City saw a competitive game and the first Ashton Gate sell out for the Club post the Covid pandemic.

Young players continued to be supported by the Club, with the Management team integrating them into the senior squad and providing them with first-team football. Talent development through the Bristol City Academy remains impressive with 11 Academy graduates making league appearances for the Club during the season.

Off the pitch, the Club's CEO Richard Gould moved on to become the CEO of the England and Wales Cricket Board in January 2023, and was replaced by former Crystal Palace CEO Phil Alexander. Alexander subsequently left the Club in September 2023 and a new management structure has since been introduced.

The Club continues to comply with the EFL's financial fair play regulations, with the sale of Antoine Semenyo and Alex Scott, during and after the financial period respectively, dramatically reducing the risk of non-compliance. It is expected that the financial controls in place for Championship clubs will change in the Summer of 2024, and the Club is assessing the impact of these proposals.

The Robins High Performance Centre ('RHPC') is the home of Bristol City men, the Academy, and Bristol City women teams. It is a continued source of pride and an attraction for new playing talent with a strong reputation for being a high-quality facility. The RHPC hosted a training camp for the Republic of Ireland national team in May 2023.

Bristol City Women Football Club ('BCWFC') had a successful season in the FA Women's Championship having finished top of the league, which secured their promotion to the FA Women's Super League for 2023/24. All games will be played at Ashton Gate as the Club looks to build on the recent success of the England Lionesses in attracting a new audience to come and support the team.

The board would like to formally acknowledge the very generous financial support provided by Pula Sport Limited, and ultimately Steve and Maggie Lansdown. The unwavering support from loyal fans, and the hard work of its staff throughout the period is hugely appreciated and important as the Club continues to strive for success.

The Company changed its year end from 31 May to 30 June during the year which resulted in an extended 13 month financial reporting period versus the 12 month comparative to 31 May 2022. However, given that the football season ended in May 2023, the additional one-month extension did not have a material impact on the Club's revenues.

Strategic Report for the Period from 1 June 2022 to 30 June 2023

The company's key financial and other performance indicators during the period were as follows:

(i) Loss before tax - £19.4m (2022 - £26.8m)

(ii) Average league attendance - 20,573 (2022 - 19,196)

(iii) Final league position - 14th (2022 - 17th) in the Championship, meaning that the 2023/24 season will be spent in the Championship

(iv) Season ticket holders, including half-season ticket holders - 14,372 (2022 - 14,011)

(v) Ticket sales increased by 20% to £6,199,886 (2022 - increase of 732% to £5,163,724)

(vi) Central distributions from broadcasting, the Football League and solidarity payments up £231,049 (3%) (2022 - up £428,996 (5%))

(vii) Loss excluding player trading - £21.5m (2022 - £20.1m)

(viii) Net profit on player trading - £2.7m (2022 - loss of £6.2m)

Turnover increased by 12% to £18.6m in the period (2022 - £16.6m). Ticket sales grew by £1.0m which was largely due to increased home games in Cup competitions, particularly the FA Cup Fifth Round tie against Manchester City. However, revenue earned from season tickets and league match tickets also increased in comparison to the 2021/22 season. The funding received from the EFL and the Premier League remained largely consistent, with the increase in broadcasting revenue being primarily driven by increased television appearances for cup matches. Other footballing revenue has been boosted by prize money from winning matches in the FA Cup, and commercial and hospitality income has grown due to greater broadcasting exposure nationally plus increased secondary spend from a larger number of supporters visiting Ashton Gate.

The operating loss for the period rose by £0.7m to £28.3m (2022 - £27.6m). Whilst revenue increased during the period, costs also increased and the 13-month accounting period resulted in an additional month of fixed costs that were not included in the 12 month comparative. Additional games from Cup matches does result in additional running costs and the spend required to keep the Robins High Performance Centre up to the required high standards is notable. As in previous years, the Academy requires significant continued investment. This is a conscious decision taken by the Club as the up-front costs are well-balanced by the benefit the first team receives from Academy graduates, and the potential revenue from player sales.

Overall, the Club recorded a loss before tax of £19.4m (2022 - £26.8m). Most of the improvement is due to the £8.3m increase in profit from player sales, largely from the transfer of Antoine Semenyo to AFC Bournemouth. It is encouraging that the player trading market has shown signs of recovering to pre-Covid levels.

The balance sheet includes £6.0m (2022 - £0.7m) of amounts receivable in respect of transfer fees, and £2m (2022 - £1.9m) of amounts payable in respect of transfer fees. The decrease in loans and borrowing is predominantly due to the penultimate year of repayments in respect of the EFL Covid loans. Deferred income of £4.0m (2022 - £3.1m) almost solely relates to season ticket sales for the following season, plus the move from a May to June year end.

During the period 22,500,000 ordinary shares were allotted to Bristol City Holdings Limited for an aggregate consideration of £22,500,000 by way of a debt-to-equity swap. The capital subscription, combined with the loss for the year has resulted in the company having net liabilities of £0.6m (2022 - £3.8m) at 30 June 2023.

Future developments

The Club continues to pursue a strategy of sustainable development for our football team, with a strong focus on providing Academy players for the first team. The Club has a strong working relationship with the EFL which has helped in ensuring compliance with the existing financial fair play regulations. Additionally, the Club will need to be prepared for the proposed changes to the financial fair play regulations that are likely be introduced from Summer 2024.

Away from the pitch, the Club is also focussed on its environmental sustainability and was voted the Championship's most environmentally sustainable club in the 2022 EFL Sport Positive League. The Club also claimed the inaugural Climate Action Award at the 2022 Football Supporters' Association Awards for the group-wide Project Whitebeam.

Principal risks and uncertainties

The principal risk to the company is the cost-of-living crisis that is prevalent across the country. The rising costs of necessary areas of expenditure such as utilities, food and wages is exacerbated further by the reduction in disposable income of supporters, which could have a negative impact on ticketing, retail and hospitality sales. However, the continuing financial support of Pula Sport Limited and the ultimate controlling parties, Mr & Mrs S P Lansdown, as has been demonstrated during the past 13 months to 30 June 2023, and, as explained in the going concern accounting policy is critical.

Approved by the Board on 14 December 2023 and signed on its behalf by:

G T Marshall
Director

Bristol City Football Club Limited

Directors' Report for the Period from 1 June 2022 to 30 June 2023

The directors present their report and the financial statements for the period from 1 June 2022 to 30 June 2023.

Directors of the company
The directors who held office during the period were as follows:

J S Lansdown - Chairman

G T Marshall

R A Gould (resigned 31 January 2023)

P J Alexander (appointed 1 February 2023 and resigned 20 September 2023)

Principal activity
The principal activity of the company is the running of a professional football club.

Financial instruments

Objectives and policies

The directors have reviewed the financial risk management objectives and policies of the company. They do not believe there to be significant risks in this area. The company does not enter into any hedging instruments as there are not believed to be any material exposures. It does not enter into any financial instruments for speculative purposes.

Price risk, credit risk, liquidity risk and cash flow risk

Appropriate trade terms are negotiated with suppliers and customers. Management reviews these terms, the relationship with suppliers and customers and manages any exposure on normal trade terms. The company prepares regular forecasts of cash flow and liquidity and any requirement for additional funding is managed by the directors on a needs basis.

Future developments
The company has taken advantage of Section 414C (11) of the Companies Act 2006 and included details of future developments in the Strategic Report.

Disclosure of information to the auditors
Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditors are unaware.

Approved by the Board on 14 December 2023 and signed on its behalf by:

G T Marshall
Director

Statement of Directors' Responsibilities

The directors acknowledge their responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Bristol City Football Club Limited

Independent Auditor's Report to the Members of Bristol City Football Club Limited

Opinion

We have audited the financial statements of Bristol City Football Club Limited (the 'company') for the period from 1 June 2022 to 30 June 2023, which comprise the Profit and Loss Account, Balance Sheet, Statement of Changes in Equity, and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2023 and of its loss for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the director's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the original financial statements were authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Independent Auditor's Report to the Members of Bristol City Football Club Limited

Opinion on other matter prescribed by the Companies Act 2006
In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Directors' Report for the financial period for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception
In the light of our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Auditor Responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

The key laws and regulations we identified were English Football League (EFL) Championship Profitability and Sustainability rules (P&S rules) and Employment legislation.

We also considered those laws and regulations that have a direct impact on the preparation of the financial statements, primarily Companies Act 2006 and Corporation Taxes Acts 2009 and 2010.

We discussed with management how the compliance with these laws and regulations is monitored and discussed policies and procedures in place. We also identified the individuals who have responsibility for ensuring that the entity complies with laws and regulations and deal with reporting any issues if they arise. As part of our planning procedures, we assessed the risk of any non-compliance with laws and regulations on the entity's ability to continue trading and the risk of material misstatement to the financial statements.

Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved the following:

- Enquiries of management regarding their knowledge of any non-compliance with laws and regulations that could affect the financial statements;
- Review of relevant correspondence, documentation and calculations in respect of EFL P&S rules;
- Review of other relevant correspondence, reports and documentation;
- Review of legal and professional costs to identify any possible non-compliance or legal costs in respect of non-compliance; and
- Reviewed Board minutes.

As part of our enquiries we discussed with management whether there have been any known instances, allegations or suspicions of fraud, of which management confirmed there had been none during or after the period.

We also evaluated the risk of fraud through management override. The key risks we identified was the potential manipulation of results in order to adhere to EFL P&S rules and maintain ongoing funding support from the ultimate owners. We determined that the principal risks were related to recognition of player contract movements, management override of controls, revenue recognition and recognition of all relevant creditors.

In response to the identified risk, as part of our audit work we:

- Reviewed recognition of player movements in conjunction with underlying contract evidence;
- Used data analytics to test journal entries throughout the year, for appropriateness;
- Undertook specific review of P&S calculations provided to the EFL;
- Reviewed estimates and judgements made in the accounts for any indication of bias and challenged assumptions used by management in making the estimates;
- Undertook substantive sample testing and global reconciliations on revenue;
- Undertook specific cut-off procedures in respect of revenue recognition; and
- Undertook testing on completeness of creditors.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements. This risk increases the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements as we are less likely to be come aware of instances of non-compliance. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment, collusion, omission or misrepresentation.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities (set out on page 6), the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditor's Report to the Members of Bristol City Football Club Limited

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Bristol City Football Club Limited

Notes to the Financial Statements

Period from 1 June 2022 to 30 June 2023

1 General information

The company is a private company limited by share capital, incorporated in England & Wales.

The address of its registered office is:
Ashton Gate Stadium
Ashton Road
Bristol
BS3 2EJ

2 Accounting policies

Summary of significant accounting policies and key accounting estimates
The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance
These financial statements were prepared in accordance with Financial Reporting Standard 102 - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', and the Companies Act 2006. There are no material departures from FRS 102.

Basis of preparation
These financial statements have been prepared using the historical cost convention.

Summary of disclosure exemptions
The company meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it in respect of its individual financial statements. Exemptions have been taken in relation to presentation of a cash flow statement, intra-group transactions and remuneration of key management.

Group accounts not prepared
The financial statements contain information about Bristol City Football Club Limited as an individual company and do not contain consolidated financial information as the parent of a group.

The company is exempt by virtue of Section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its parent, Bristol City Holdings Limited, a company incorporated in England & Wales. The registered office of Bristol City Holdings Limited is: Ashton Gate, Bristol, BS3 2EJ.

Disclosure of long or short period
The entity has extended its financial year to 30 June 2023 for commercial reasons, and therefore the reporting period length for these financial statements cover a 13-month period from 1 June 2022 to 30 June 2023. As such, the information given in the financial statements is not directly comparable.

Going concern

In accordance with their responsibilities, the directors have considered the appropriateness of the going concern basis for the preparation of the financial statements.

The company made a loss for the financial period, and net liabilities at 30 June 2023 were £0.6m (2022 - £3.8m). The financial position improved versus prior year largely as a result of player trading, notably the sale of Antoine Semenyo in January 2023. This had a positive impact on net current assets which improved significantly to £0.9m (2022 – net current liabilities of £5.1m), and creditors due within one year reduced by £0.6m to £8.8m (2022 - £9.4m) of which £0.2m (2022 - £0.3m) were intra group. Total net liabilities of £0.6m are stated after deferred revenues of £4.0m (2022 - £3.1m) which appear on the balance sheet as a liability but represent revenues to be recognised during the year ending 30 June 2024.

The directors are satisfied that, whilst there can be no certainty as to the specific longer-term implications for professional football of the current cost-of-living crisis, there are no material uncertainties in respect of the going concern status of the company.

The club continues to be dependent on the financial support of its intermediate parent company, Pula Sport Limited, to ensure adequate access to funding and working capital. This support is particularly important as the company rebuilds its reserves following the adverse impact of the pandemic and depressed transfer market that followed. Pula Sport Limited is a company owned and controlled by Mr & Mrs S P Lansdown that invests in the group via debt and equity injections. Evidence of the long-term commitment of Pula Sport Limited and Mr & Mrs S P Lansdown is the debt-to-equity swap which took place in the year in Bristol City Holdings Limited and, in turn, Bristol City Football Club Limited of £22.5m (2022 - £15.3m). Pula Sport Limited has confirmed its ongoing support for the company for at least the next 12 month, post approval of these financial statements.

The directors are confident that, after taking into account the ongoing match day and commercial revenues, post year end transfer activity profits and the commitment by Pula Sport Limited, the company (and wider Bristol City Holdings Limited group) will have sufficient working capital until the end of the 2023/24 season and for the foreseeable future, being not less than 12 months from the date of approval of these financial statements. The directors are also confident that the club will continue to be compliant with the English Football League Championship Profitability and Sustainability rules. Accordingly, the directors consider it appropriate to prepare these financial statements on a going concern basis.

Key accounting judgements and sources of estimation uncertainty
In the application of the company's accounting policies management is required to make judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The key judgements which have a significant effect on the financial statements are in respect of going concern, as described in the accounting policy above, and:

Fair value assessment of loan at market rate
During the period the terms of the company's main loan facility were subject to variation. In applying the revised rate of interest, management have made enquiries and reviewed the interest rates available to the company on such debt, in order to ascertain whether the new rate is representative of market rate. Management have determined that the rate was equivalent to market rate at the date of inception of the new terms.

The key estimates that have a significant effect on the amounts recognised in the financial statements are described below:

Land and buildings
Properties are carried at cost, less accumulated depreciation and any subsequent accumulated impairment loss. This requires an estimation in the depreciation rates used as well as assessment of the loss excluding player trading as to whether an indicator of permanent impairment has occurred. There is estimation in respect of the assumptions regarding future cash generation in respect of the player performance, attracting gate receipts and broadcasting revenue. The carrying amount at the year end is £15,227,245 (2022 - £15,958,518).

Player contracts
The costs associated with acquiring players' registrations, or extending their contracts, is carried at cost, less accumulated amortisation and accumulated impairment losses. The carrying value of players' contracts is reviewed for impairment in light of post year end performance, injuries and the sales value achieved for any players sold to other clubs. This review requires significant estimation by management in respect of player performance and value in the player market. The carrying amount at the year end is £4,884,717 (2022 - £7,940,385).

Intercompany debtor recoverability
This requires estimation by management as to the recoverability of the debtor and the amount of any provision required against the debt at the year end. The directors have considered recoverability with reference to regular settlement, overall going concern assessment of group and ongoing interrelationship and trading between entities. The directors consider the balances fully recoverable at the period end. The value of provisions against intercompany debtors at the year end is £2,125,590 (2022 - £1,423,912).

Turnover
Turnover comprises the fair value of the consideration received or receivable for matchday revenue, including ticket sales, broadcasting revenue, internet receipts and grants, Football League funding, comprising central funding and solidarity payments, and other commercial and related income, in respect of sponsorship, hospitality and advertising. Turnover is shown net of value added tax, returns, rebates and discounts.

Income is recognised as follows:
Income from matchday revenue, season tickets, broadcasting revenue is recognised when the related matches are played. Income from advance ticket sales, including season tickets, is deferred accordingly;
Income from the Football League is recognised on a receivable basis; and
Income in respect of other commercial and retail income is recognised in the period to which it relates.

Cup ticket revenue is shown net of the gate share payable to the away team, as the company acts as agent. The gate share payable in the current year amounted to £447,257 (2022 - £34,769).

Tax
Tax is recognised in profit or loss, except that a charge attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The company receives/passes some tax losses from/to fellow group companies via group relief. It makes/receives payment for these losses at the average rate of tax for the financial period in which the losses are relieved.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date. Deferred tax assets in respect of tax losses carried forward are not recognised as they do not meet the recognition criteria set out in FRS 102 given there is no certainty as to when the losses will be utilised.

UK Research and Development tax incentive regimes
The company accounts for amounts claimed under the RDEC scheme as other income.

Foreign currency transactions and balances
Transactions in foreign currencies are initially recorded at the functional currency rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into the respective functional currency of the entity at the rates prevailing on the reporting period date.

Government grants
Government revenue grants are accounted for under the accruals method. These are credited to the profit and loss account when the company is entitled to the income.

Intangible assets
Intangible assets are stated in the balance sheet at cost, less any subsequent accumulated amortisation and subsequent accumulated impairment losses.

Players' contracts and transfer fees
The costs associated with acquiring players' registrations or extending their contracts are capitalised as intangible assets and amortised, in equal instalments, over the period of the respective players' contracts. Where a contract is renegotiated prior to the expiry of its original term, the net book value at that time, and any new costs relating to the contract extension, are amortised over the remaining revised contract life.

Under the conditions of certain transfer agreements or contract renegotiations, further fees will be payable in the event of the players concerned making a certain number of first-team appearances or on the occurrence of certain other specified future events. Liabilities in respect of these additional transfer fees are accounted for, as provisions, when it becomes probable that the number of appearances will be achieved or the specified future events will occur.

Provision is made for any impairment and player registrations are written down when the carrying amount exceeds the amount recoverable through use or sale.

Profit on disposal of players' contracts
Profits or losses arising on the disposal of players' contracts are credited or charged to the profit and loss account in the year in which the player is sold. They are calculated as the difference arising between the transfer fees received and the net book value of the contracts at the time of this disposal.

Software
Software is in respect of website and IT software costs capitalised. This is amortised on a straight line basis over 4 years.

Tangible assets
Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Assets under construction represents the development of the training ground. Depreciation is not charged on assets under construction. Upon formal completion of each stage of the development the cost of assets will be transferred to the freehold buildings category.

Depreciation
Depreciation is provided on tangible fixed assets, other than freehold land and assets under construction, so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic lives as follows:

Asset class	Depreciation method and rate
Leasehold land & buildings	Over the term of the lease
Freehold buildings	10 years straight line
Plant and machinery	7 years straight line
Fixtures and fittings	5 years straight line
Motor vehicles	4 years straight line

Investments
Investments in subsidiaries where the shares are not publicly traded and where fair value cannot be reliably measured are stated at historical cost less provision for any diminution in value.

Investments in associates measured at historical cost less accumulated impairment losses.

Leases
Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease.

Defined contribution pension obligation
The company operates a defined contribution pension scheme to which it contributes for members. The company also contributes to some employee's personal pension plans. Contributions are charged in the profit and loss account as they become payable in accordance with the rules of the scheme.

Financial instruments
Classification
The company holds the following financial instruments:

- Short term trade and other debtors and creditors;
- Short term intra-group debtors and creditors;
- Debtors and creditors in relation to transfer fees;
- Long term other borrowings; and
- Cash and bank balances.

All financial instruments are classified as basic.

Recognition and measurement
Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument and derecognised when in the case of assets, the contractual rights to cash flows from the assets expire or substantially all the risks and rewards of ownership are transferred to another party, or in the case of liabilities, when the company's obligations are discharged, expire or are cancelled.

Short term trade, intra-group, transfer fee and other debtors and creditors and cash and bank balances are initially measured at transaction price, including transaction costs, and are subsequently carried at the undiscounted amount of the cash or other consideration expected to be paid or received, after taking account of impairment adjustments.

Long term debtors and creditors in relation to transfer fees constitute a financing transaction and are measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument at inception. As the discount unwinds it is charged/ credited to the Profit and Loss account.

Long term other borrowings are initially measuared at transaction price, including transactions costs, and are subsequently carried at amortised cost using the effective interest method.

3 Turnover

The analysis of the company's revenue for the period from continuing operations is as follows:

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Sale of goods	166,633	160,092
Rendering of services	4,027,581	3,188,588
Ticket sales	6,199,886	5,163,724
Football League income	8,177,383	8,136,334
	18,571,483	16,648,738

The analysis of the company's turnover for the period by class of business is as follows:

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2023 £
Matchday revenue	2,810,450	1,991,589
Season tickets	3,389,436	3,172,135
Broadcasting revenue	511,390	321,390
Football League pool	3,377,383	3,336,334
Solidarity payment	4,800,000	4,800,000
Other football related income	1,540,771	1,276,291
Other commercial and retail income	2,142,053	1,750,999
	18,571,483	16,648,738

All turnover arose within the United Kingdom.

4 Other operating income

The analysis of the company's other operating income for the period is as follows:

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Government grants	91,061	311,904

Income in respect of government grants relates to £nil (2022 - £23,497) for the Coronavirus Job Retention Scheme and £75,645 (2022 - £288,407) for the Research and Development tax credit which is recognised as taxable income.

5 Operating loss

Arrived at after charging:

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Depreciation expense	1,002,802	959,963
Amortisation expense	6,834,873	7,441,123
Impairment loss	140,000	1,005,128
Foreign exchange (gains)/losses	337	67,261

6 Staff costs

The aggregate payroll costs (including directors' remuneration) were as follows:

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Wages and salaries	23,283,400	20,818,649
Social security costs	2,848,148	2,814,756
Pension costs, defined contribution scheme	176,405	174,536
	26,307,953	23,807,941

The average number of persons employed by the company (including directors) during the period, analysed by category was as follows:

	1 June 2022 to 30 June 2023 No.	1 June 2021 to 31 May 2022 No.
Office, coaching and management staff	129	126
Players	76	75
	205	201

7 Directors' remuneration

The directors' remuneration for the period was as follows:

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Remuneration	436,410	393,669
Contributions paid to money purchase pension schemes	7,548	17,244
	443,958	410,913

During the period the number of directors who were receiving benefits was as follows:

	1 June 2022 to 30 June 2023 No.	1 June 2021 to 31 May 2022 No.
Accruing benefits under money purchase pension scheme	2	3

In respect of the highest paid director:

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Remuneration	225,918	294,625
Contributions paid to money purchase pension schemes	6,667	9,444

8 Auditors' remuneration

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Audit of the financial statements	16,750	16,975

Included within these fees are the fees for the audit of the parent company, Bristol City Holdings Limited.

9 Other interest receivable and similar income

	1 June 2022 to 30 June 2023	1 June 2021 to 31 May 2022
	£	£
Other finance income	151,846	17,908

Certain agreements for the sale of players' contracts include an element of deferred consideration. The deferred element of the consideration has, where a financial asset has been recognised, been discounted to its present value at the date of the contract, using a market rate of interest for a debt instrument of a similar amount and duration. Other finance income represents the unwinding of this discount to the period end.

10 Interest payable and similar expenses

	1 June 2022 to 30 June 2023	1 June 2021 to 31 May 2022
	£	£
Interest on bank overdrafts and borrowings	-	7,383
Interest on obligations under hire purchase contracts	4,032	5,504
Interest expense on other finance liabilities	285,684	87,715
Interest payable on loans from group undertakings	584,312	401,143
	874,028	501,745

Certain agreements for the purchase of players' contracts include an element of deferred consideration. The deferred element of the consideration has, where a financial liability has been recognised, been discounted to its present value at the date of the contract, using a market rate of interest for a debt instrument of a similar amount and duration. Interest expense on other finance liabilities represents the unwinding of this discount to the period end.

11 Taxation

Tax charged/(credited) in the profit and loss account

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Current taxation		
R&D tax credit relating to prior periods	15,416	54,797
Group relief payable/(receivable)	(134,552)	(85,612)
	(119,136)	(30,815)

The tax on profit before tax for the period is higher than the standard rate of corporation tax in the UK (2022 - higher than the standard rate of corporation tax in the UK) of 20.38% (2022 - 19%).

The differences are reconciled below:

	1 June 2022 to 30 June 2023 £	1 June 2021 to 31 May 2022 £
Loss before tax	(19,526,761)	(26,806,128)
Corporation tax at standard rate	(3,979,554)	(5,093,164)
Effect of revenues exempt from taxation	(15,416)	(54,797)
Expenses not deductible for tax purposes	145,977	91,417
Movement in deferred tax on losses not recognised	4,721,005	6,540,700
Deferred tax credit relating to changes in tax rates or laws	(872,012)	(1,569,768)
Increase in current tax from adjustment for prior periods	15,416	54,797
Receipt in respect of group relief surrendered in prior years	(134,552)	-
Total tax credit	(119,136)	(30,815)

Deferred tax

There are £182,151,000 of unused tax losses (2022 - £163,544,000) for which no deferred tax asset is recognised in the Balance Sheet.

12 Intangible assets

Bank borrowings
The bank overdraft is denominated in sterling with a nominal interest rate of 1.75% plus base rate, and is repayable on demand. The carrying amount at period end is £2,590,888 (2022 - £1,968,254).

The bank overdraft is secured by a limited guarantee given by S P Lansdown of £4,500,000.

Other borrowings
Hire purchase contract liabilities are denominated in sterling with a nominal interest rate of 4-6%, and the final instalment of the liabilities in existence at the balance sheet date is due on 31 January 2025. The carrying amount at period end is £63,718 (2022 - £105,599).

The first other borrowings is an interest free loan of £584,000 from the English Football League denominated in sterling. The loan is repayable in six instalments every six months beginning on 1 October 2021. The first five instalments being of £97,300 and a final instalment of £97,500. The final instalment is due on 1 April 2024. This loan, presented in accordance with FRS 102, was measured at the present value of the future payments discounted at a market rate of interest, had a carrying value as at 30 June 2023 of £194,800 (31 May 2022 - £387,185), with the unwinding of the discount being charged to the profit and loss account as an interest expense.

The second other borrowings is an interest free loan of £8,330,000 from the English Football League denominated in sterling. The loan is repayable in six instalments of £1,388,333 every six months beginning on 15 August 2021. The final instalment is due on 15 January 2024. This loan, presented in accordance with FRS 102, was measured at the present value of the future payments discounted at a market rate of interest, had a carrying value as at 30 June 2023 of £2,766,668 (31 May 2022 - £5,521,765), with the unwinding of the discount being charged to the profit and loss account as an interest expense.

The third other borrowings loan has been provided by Pula Sport Limited and is denominated in sterling with a nominal interest rate of 3%. There is no fixed repayment date. The loan is secured by a floating charge over the undertakings and assets of the company. During the period, the terms of the loan agreement were amended. The interest rate was changed to a fixed rate of 3% and repayments were deferred indefinitely. In accordance with FRS 102, on 1 September 2022 the loan was derecognised and rerecognised, due to the substantial change in terms. This has had no impact on the profit and loss account. There were no changes to the security. The loan had a carrying value as at 30 June 2023 of £17,699,669 (31 May 2022 - £17,101,143).

Included in the loans and borrowings are the following amounts due after more than five years:

	30 June 2023	31 May 2022
	£	£
After more than five years by instalments	17,676,461	15,901,143

19 Obligations under leases

Hire purchase contracts

The total of future minimum lease payments is as follows:

	30 June 2023 £	31 May 2022 £
Not later than one year	40,510	39,492
