Leicester City Football Club Limited

Strategic report for the year ended 30 June 2024

The directors present their strategic report and the consolidated audited financial statements for the year ended 30 June 2024 with comparative financial disclosures provided to the 13 month period ended 30 June 2023.

Principal activities

The principal activity of Leicester City Football Club Limited ("the Company", "the Club", "the Group") is the operation of professional football clubs.

Results

The 2023/24 financial year was impacted by the men's team ("LCFC") competing in the EFL Championship having previously competed in the Premier League for the previous nine seasons. Ultimately the team were successful in finishing the season as Champions and securing promotion back to the Premier League for season 2024/25. Leicester City Women Football Club Limited ("LCWFC") once again retained their Women's Super League ("WSL") status.

In the previous accounting period, the Club extended its accounting year end from 31 May to 30 June, resulting in a 13-month accounting period to 30 June 2023. Due to this change the comparative values in these financial statements are not comparable.

The Club made a loss before taxation of £19.4m (Restated 2023: £89.5m loss). This loss has arisen principally due to the following reasons:

- Broadcasting & sponsorship revenues were significantly reduced following relegation from the Premier League to the EFL Championship.
- During previous years the Club had one of the largest combined player employment costs and amortisation in the Premier League outside of what are widely regarded to be its six most established clubs, reflecting the necessary levels of investment that allowed LCFC to compete effectively in the Premier League. These costs were significantly reduced during the financial period however remain at a significant level.
- One of the ways in which this cost reduction was implemented was through player sales, from which significant profit was also generated, along with additional compensation relating to the departure of the Club's first team management and the confidential settlement of a commercial dispute before the end of the financial year.

On the pitch LCFC finished the 2023/24 season as Champions of the EFL Championship, also reaching the Quarter Finals of the FA Cup and the Third Round of the EFL Cup.

The turnover of the Club has decreased to £105.3m from £177.3m in 2023, primarily a result of the club no longer being a member of the Premier League. Broadcasting rights decreased £60.3m to £54.2m (2023: £114.5m) and sponsorship revenues decreased £10.6m to £21.5m (2023: £32.1m). Other revenue remained consistent when compared to 2022/23 with gate receipts of £18.4m recorded in both 2022/23 and 2023/24 and commercial revenues increasing by £0.3m to £9.8m (2023: £9.5m). Other income reduced by £1.2m in the year as the Club received one off revenue receipts from players attending the 2022 FIFA World Cup in Qatar in 2022/23.

Strategic report
for the year ended 30 June 2024 (continued)

Results (continued)

Cost of sales decreased by £126.6m to £172.9m (Restated 2023: £299.5m), primarily as a result of a reduction in player salary costs following the Clubs relegation to the EFL Championship. The comparative period also included significant costs associated with the changes within the Club's first team management structure in 2022/23, as well as further costs recognised within a 13 month comparative period. Staff costs reduced by £98.6m to £107.2m in the year (2023: £205.8m) and amortisation costs of players' registrations also decreased by £29.1m to £45.6m (Restated 2023: £74.7m).

Administrative expenses remained consistent with a minor decrease of £0.7m to £26.0m (Restated 2023: £26.7m). This related to minor foreign exchange movements along with promotion related bonus payments offsetting additional costs incurred for a comparative 13 month period.

Net interest payable for the period decreased to £10.4m (Restated 2023: £12.0m) as a result of lower interest on bank loans from Macquarie as well as increased net interest received on transfer fees, offset in part by higher interest charges on amounts owed to group undertakings.

The financial year included other operating income of £12.7m (2023: £0.2m) which related to the departure of the Club's first team management and the confidential settlement of a commercial dispute before the end of the financial year.

In the year to 30 June 2024, player trading realised net profits of £71.8m (Restated 2023: £72.0m), arising principally from the disposal of the player registrations of Harvey Barnes, Timothy Castagne and Kiernan Dewsbury-Hall.

This level of player trading was necessarily undertaken by the Club as part of a cost reduction exercise, given the significant reduction in central distributions arising from the Club's relegation from the Premier League to the EFL Championship, and in recognition of the balance the Club has always sought to maintain in striving to achieve compliance with applicable profitability and sustainability ("P&S") rules whilst continuing to pursue its reasonable sporting aspirations and ensuring the Club's long term future is protected.

The Club has been involved in certain regulatory proceedings with the Premier League and the EFL in relation to the extent to which their respective P&S rules apply to the Club, in the specific circumstances of the Club's relegation to the EFL Championship and its immediate promotion back to the Premier League. The Club expects that it will continue to discuss such P&S rules with the relevant football regulators.

If the Club was ultimately found to have failed to achieve compliance with any P&S rules which were held to be applicable to the Club in its specific circumstances then there would be a risk of sanction by the relevant governing body, but at the current time it is impracticable to estimate the likely impact of any such sanction.

The Club continues to receive exceptionally strong support in both financial and non-financial terms from King Power International Limited ("KPI") and the Srivaddhanaprabha family.

Leicester City Football Club Limited

Strategic report
for the year ended 30 June 2024 (continued)

Results (continued)

The Group had a net cash outflow for the year of £1.1m (2023: £26.0m) comprising a £31.8m cash outflow from operating activities (Restated 2023: £54.2m) and a net cash inflow from the sale of tangible and intangible assets of £10.2m (Restated 2023: £9.0m outflow). In the current period there was £20.5m net cash inflow from financing activities (Restated 2023: £37.1m) including £36.5m working capital loans from KPI along with a £12.5m decrease in 3rd party loans and £1.8m interest repaid. The net movement on third party loans included the drawdown of a new player sales discounting facility, offset by the settlement of the Club's existing Premier League TV rights and player sales discounting facilities. No dividend has been paid in the year (2023: £nil).

Key performance indicators

	2024	Restated 2023
Average league attendance	**31,238**	31,887
Cash and equivalents at year end (£'000)	**7,088**	8,235
Staff costs (per note 5)/turnover expressed as a percentage	**101.6%**	116.0%
Operating loss excluding player amortisation, impairments, and player trading (£'000)	**(35,369)**	(80,207)

Operating loss (2024: £9.0m, Restated 2023: £77.5m) excluding player amortisation (2024: £45.6m, Restated 2023: £74.7m), impairments (2024: £nil, 2023: £nil), and player trading (2024: £71.8m, Restated 2023: £72.0m) is used to measure the Club's underlying profitability before player trading.

Asset values

At the year end there were 31 (2023: 41) players for whom the cost of the player's registration had been capitalised and was still being amortised over the year of the relevant player's contract. The combined net book value of these players is £107.0m as at 30 June 2024 (Restated 2023: £100.5m). No impairment provision has been recognised in 2024 (2023: £nil) where the player registration has been disposed of after the year end. The directors' assessment of the market value of the playing squad at 30 June 2024, which includes those players where the market value exceeds their carrying values, is £253.5m (2023: £226.3m). The change in market value is effected by the departure of seven players at the end of their contracts and the sale of three high value players in the year, offset by the Club's investment in player's registrations of £60.5m in 2023/24, and the reduction in the remaining length of players' contracts.

The King Power Stadium has been revalued in the year, and is currently carried at £45.3m (2023: £44.4m), which reflects the depreciated replacement cost of the stadium based on an external valuation by Wilks Head & Eve LLP on 30 June 2024.

Seagrave training ground is carried at historical cost as it was substantively completed in December 2020 and the Directors believe there would be no material difference to depreciated replacement cost.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Future outlook

The Club finished the 2023/24 season as Champions of the EFL Championship, achieving promotion back to the Premier League for the 2024/25 season. The Club remains focused on securing its Premier League status and has not changed its aspiration to win trophies and compete on the European stage whilst complying with the evolving football regulatory environment.

The Club continues to assess its options for the future development of the King Power Stadium and surrounding site following the approval of its hybrid planning application in December 2023.

In December 2023 the Premier League and EFL announced new TV and sponsorship deals worth £6.7bn for four years from the 2025/26 season, and £935m for five years from the 2024/25 season respectively. Both deals are record breaking agreements which will further promote the game of football and support all clubs through increasing revenues over future years.

The regulatory landscape of English football is continuing to evolve, with the new Government having confirmed its commitment to progress the Football Governance Bill. The new Government has also confirmed its willingness to intervene if the football industry fails to deliver its own reforms to the distribution of revenue through the football pyramid, which may ultimately lead to a larger share of the Premier League's revenues being shared with EFL clubs in the future.

UEFA have also introduced new financial regulations for clubs in European Football and FIFA have set out new rules around Intermediaries.

FIFA and UEFA continue to grow their club competitions putting increasing pressure on the football calendar and on the associated income available from broadcasters for domestic rights

After acquiring 100% control of LCWFC in August 2020 the Company has continued to provide LCWFC with investment and support, including the use of its Belvoir Drive training ground with some of the best facilities in the WSL. LCWFC retained its WSL status at the end of the 2023/24 season and is competing hard to safeguard that status again in the 2024/25 season.

Leicester City Football Club Limited

Strategic report
for the year ended 30 June 2024 (continued)

Environmental

The Club has adopted a medium term plan to address its environmental impact. This plan does not focus on a single basic measure of environmental impact and instead covers the following aspects of the Club's operations:

1) Appropriate management of the reduction in CO2 consumption by the Club, which has included the replacement of almost all lighting (including pitch flood lighting) with LEDs, undertaking detailed reviews of energy usage and the adoption of various energy saving strategies;
2) Reduction in plastic usage and elimination of single use plastic from Club match day operations; successes here include replacement of single use plastic glasses with reusable glasses and the elimination of plastic sauce sachets, straws and other types of single use plastic;
3) Encouraging staff to engage in the reduction of their own environmental impact through the Club offering a cycle to work and environmentally friendly Company car scheme;
4) Sourcing electric alternatives to combustion engine vehicles, plant and machinery;
5) Encouraging greater biodiversity at our stadium and training facilities through the installation of bee hives, log hotels and biodiversity corridors;
6) Sourcing all electricity from renewable sources, including the potential to implement Solar PV and other clean energy sources within future capital developments;
7) Recovering and reusing surface water from the pitch through the stadium irrigation system to improve our water efficiency;
8) The Incorporation of new waste management protocols in the Club operations.

Further information on emissions and energy usage are disclosed in the Directors' report.

Employees

The Owners and Directors of the Club are committed to providing an excellent working environment for all staff. This is evidenced by the Club achieving the Advanced level of the Premier League Equality, Diversity and Inclusion Standard (PLEDIS).

PLEDIS covers two broad areas:

- The Club's culture, policies, leadership and people; and
- Developing Club services – the work the Club does to encourage people from all communities to participate in its activities.

These areas encompass all areas of inequality and discrimination which are linked to the nine protected characteristics set out in the Equality Act 2010.

The Club has held various meetings and workshops throughout the year where staff are encouraged to share their views and the Club also undertakes regular surveys to ensure good communication with its employees.

Details of the numbers of employees and related costs are given in note 5 to the consolidated financial statements.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Strategic report
for the year ended 30 June 2024 (continued)

Statement by the directors in performance of their statutory duties as per s172(1) Companies Act 2006

The Board of Directors of the Club believe that they have acted, both individually and as a group, in a way they consider would be most likely to promote the success of the Company for the benefit of its members as a whole (having regard to the stakeholders and matters set out in s172(I)(a-f) of the Act) in the decisions taken during the year ended 30 June 2024.

As a privately owned company which is part of a much larger group the Board of Directors meet on a regular basis on both a formal and informal basis to review progress and decisions. In addition to the approval of the Annual Report and the Budget for the following year, material decisions having a potential impact on the long term strategy of the Club such as entering new debt facilities and their associated security are discussed at Board meetings where these are approved. The executive management team of the Club meets on average twice a month either in person or via teleconference and is responsible for the implementation of the Budget as approved by the Board.

The Club continues to be a responsible employer in its approach to our employees' remuneration and benefits paying the living wage as a minimum to all staff and with regard to the health, safety and well-being of its employees. The Company has introduced schemes for employees such as a Cycle to Work scheme and an Electric and Hybrid car scheme. All employees are eligible to be part of a health scheme and the Club is a member of several organisations which provide mental health and wellness support to staff.

The Club has also focused on being an ethical organisation. Over the last few years the Club has worked to become a defining partner in the local community alongside its two associated charities, the Vichai Srivaddhanaprabha Foundation ("VS Foundation") and Leicester City Football Club Trust (operating as Leicester City in the Community). Through close working relationships with local stakeholders, the Club has been able to work with its partners to identify, finance and logistically support the delivery of multi-million-pound investments in community projects that improve the lives of people throughout the city and wider county. The Club's procurement policies demonstrate a continued commitment to trading with companies that comply with tax, anti-bribery, modern slavery and other relevant laws.

The Club has published its Fan Engagement Plan, led by the newly inaugurated Fan Advisory Board which will provide a structured programme for dialogue from a diverse range of supporters, giving more of our fans greater opportunity to share feedback and ideas. This is supported by the introduction of three FCC (Fans Consultative Committee) Working Groups focusing on specific topics, helping the Fan Advisory Board to receive feedback from a diverse range of opinions and specialist knowledge.

The Board of Directors sets the standard for the Club to behave responsibly towards all stakeholders and ensure that management operates with the standards of business conduct and good governance expected for a business of Leicester City's standing and, in doing so, will contribute to the delivery of the Club's long term vision to be admired and respected globally as a Football Club of integrity, ambition and sustainable success, whose culture is a source of pride for all our people.

Strategic report
for the year ended 30 June 2024 (continued)

Principal risks and uncertainties

The management of the business and the execution of the Company's strategy are subject to a number of risks. Risks are formally reviewed by the Board and appropriate processes are in place to monitor and mitigate them. If more than one event occurs, it is possible that the overall effect of such events would compound the possible adverse impact on the Company.

These areas include revenues and player market values connected to on pitch performance, possible changes in the Premier League and English Football League ("EFL") governance and revenue distribution rules, Profitability and Sustainability rules ("P&S"), employees and business environment:

Football revenues

The Club is a member of the Premier League and continued membership of, and finishing position within, the Premier League has a highly material impact on the turnover and cash generation of the Club. The Company also faces the risk of underperforming against supporter expectations which may have a significant impact on turnover and cash generation. Qualification for European competitions also has a highly material impact on the turnover and cash flows of the Club for the season in question. The directors understand these risks and therefore make prudent budget assumptions with regards to League status, position and cup success. The directors also monitor the performance of both management and players and have a proven record of making changes where required.

Player market values

Variations in team performance, individual performance, contract length and health as well as the general economic performance of the transfer market can lead to substantial changes in players' market valuations. Whilst the Club insures part of the value of players registrations against career ending injuries and death and also holds catastrophe insurance, the other risks are managed by spreading the risk on a collective basis across the value of the squad as a whole so only a small proportion of the squad value would be impacted by a decrease in single players value.

Football governance

FIFA, UEFA and the UK Government are undertaking various processes to review respectively the structure of international football, the structure of European football and its P&S regime and the governance of football in England. The progress and possible outcomes of these processes and their impact on LCFC are being monitored and LCFC continues to be involved in the relevant consultations.

In season 2024/25 the Premier League are operating a parallel "shadow year" for their proposed new squad cost ratio rules, which have been developed in the light of UEFA's latest regulations, and which the Premier League is understood to be looking to roll out in full with effect from season 2025/26. The Club understands that the EFL are also in the process of considering the implications of the new UEFA regulations for their own rules for future seasons.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Football governance (continued)

These rules all serve to limit the level of investment and consequent potential losses of clubs competing in the respective competitions. Failure to achieve compliance with these rules can result in a sanction from the relevant governing body.

Profitability and Sustainability

The Club reviews its ongoing compliance with applicable P&S rules at the time of setting its budgets and in all relevant situations where a decision may be taken that would have a material impact on that compliance.

Over recent years the Club's financial results reflected necessary levels of investment in the playing squad that allowed LCFC to compete effectively in the Premier League and in other relevant competitions, including the FA Cup and in UEFA club competitions. However, the Club's playing budget for the 2023/24 season was necessarily reduced, following its relegation to the EFL Championship.

The Club has always strived to achieve compliance with applicable P&S rules, whilst continuing to pursue its reasonable sporting aspirations and ensuring the Club's long term future is protected.

The Club has been involved in certain regulatory proceedings with the Premier League and the EFL in relation to the extent to which their respective P&S rules apply to the Club, in the specific circumstances of the Club's relegation to the EFL Championship and its immediate promotion back to the Premier League. The Club expects that it will continue to discuss such P&S rules with the relevant football regulators.

If the Club was ultimately found to have failed to achieve compliance with any P&S rules which were held to be applicable to the Club in its specific circumstances then there would be a risk of sanction by the relevant governing body, but at the current time it is impracticable to estimate the likely impact of any such sanction.

Employees

The Company's performance depends largely on its footballing and non-footballing staff. The resignation of key individuals and the inability to recruit people with the right experience and skills could adversely impact the Company's results. To mitigate these issues the Company is constantly analysing its marketplace and has employee management procedures in place that are designed to retain key individuals.

The Company continues its policy of keeping its employees informed on a regular basis of matters concerning them as employees and on financial and economic factors affecting the performance of the Company.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Business environment

The Company operates in a challenging business environment and industry sector where turnover can reduce significantly dependent upon on pitch performance and where costs can be unrelated to income generated. To mitigate this risk the Club has a strategy of performance related pay for key personnel, whereby salary costs will fluctuate in line with income generated and on-pitch performance. The directors also review the level of fixed costs incurred, with a view to restricting unnecessary expense and matching costs to income streams.

The Club now purchases and sells players in multiple currencies. Where the Club has material assets or liabilities in the future the Club reviews its net exchange risk position and where necessary enters into hedging arrangements.

Leicester City Football Club Limited

Directors' report for the year ended 30 June 2024

The directors present their report and the audited consolidated financial statements for the year ended 30 June 2024.

Future developments

The future developments of the Club are detailed within the strategic report on page 5.

Engagement with employees, suppliers, customers and other stakeholders

Engagement with employees, suppliers, customers and other stakeholders are detailed within the strategic report on pages 8 to 10.

Financial risk management

The Company's operations expose it to a variety of financial risks that include the effects of changes in liquidity risk, interest rate risk, exchange rate risk and credit risk. The Company has in place a risk management programme that seeks to limit the adverse effects on the financial performance of the Company by monitoring levels of risk.

Given the size of the Company, the directors have not delegated the responsibility of monitoring financial risk management to a sub-committee of the board. The policies set by the board of directors are implemented by the Company's finance department.

Liquidity and interest rate risk

The Company manages its liquidity risk on a weekly basis through cash monitoring and cash flow forecasting to ensure that it has sufficient resources to meet its obligations. The ultimate controlling party has confirmed that it will not require the repayment of any amounts owing that will lead to the Club requiring further external funding.

In order to ensure stability of cash flows and manage interest rate risk, the Company has a policy of maintaining the majority of its long term debt at fixed rates. The Company does not use other derivative financial instruments to manage interest rate costs.

Further detail for the amounts owed to the parent company and companies under common control and bank loans and overdrafts, which are the principal sources of funding, can be found in note 16.

Credit risk

The Company manages credit risk with respective counterparties as follows:

- Football clubs: the Premier League and EFL rules require football creditors to be paid in full in any insolvency event;
- Corporate partners are reviewed for their credit worthiness using commercially available credit rating facilities and, where necessary, services are only provided after payment has been received; and
- Personal credit is only given in controlled circumstances with direct debit systems, and compliance with agreed payments rigorously monitored.

Leicester City Football Club Limited

Directors' report
for the year ended 30 June 2024 (continued)

Exchange rate risk

The Company manages its exchange risk by reviewing its net asset and liability exposure in various currencies and where it is believed that net exposure needs to be hedged the Club enters into forward hedging contracts.

Going concern

The Company was loss making at an operating level in the 2023/24 financial year.

The directors have considered the working capital requirements of the Company for the 2024/25 and 2025/26 seasons including investment in and the cost of the playing squad and the Club's long term capital projects. As part of their considerations the directors have reviewed in detail the cash flow forecasts prepared. These forecasts show that the Company is reliant on continued funding from external banks, proceeds from player trading and/ or the holding company, KPI and/ or its ultimate shareholders.

Since the year end the Company has settled the outstanding amount due on the four year loan facility with Macquarie Bank and entered into a new three year agreement in September 2024. The Company has also entered into short term discounting facilities with Macquarie bank to bring forward the proceeds from the sale of one player and Premier League revenue distributions.

The Directors have also considered the Club's cashflow requirements in a severe but plausible scenario. Sensitivities considered in the forecasts included variances in finishing position, net player transfer spend and the non availability of future banking facilities. To cover the working capital needs of the Club in that scenario the Club has access to £43.5m undrawn standby facilities with KPI, as well as an undrawn future share subscription agreement for 76m shares at £1 per share entered into on 21 April 2023 which can be further called on if necessary to support the Club's cash flow in the unlikely event that all these negative events come to pass.

Furthermore, KPI has confirmed that existing liabilities will not be called in for the foreseeable future and not less than 12 months from the date of approval of these consolidated financial statements.

Based on the above the Directors therefore have a reasonable expectation that the necessary funding will be available when required and the consolidated financial statements have therefore been prepared on a going concern basis.

Dividend

No dividends will be distributed for the year ended 30 June 2024 (2023: Nil).

Leicester City Football Club Limited

Directors' report
for the year ended 30 June 2024 (continued)

Directors

The directors of the Company who were in office during the year and up to the date of signing the consolidated financial statements were:

Aiyawatt Srivaddhanaprabha (Chairman)
Apichet Srivaddhanaprabha (Vice Chairman)
Shilai Liu (Vice Chairman)
Susan Whelan

Directors' indemnity insurance

Throughout the year and up to the date of signing the financial statements, the Company maintains cover under a qualifying third-party indemnity for all directors and officers against liabilities which may be incurred by them whilst acting as directors or officers.

Employees

Employment policies are described in the strategic report on page 9.

Disabled persons

The Company recognises its responsibility to employ disabled persons in suitable employment and gives full and fair consideration to applications for employment made by such persons, having regard to their particular aptitudes and abilities.

Any employee who becomes disabled is encouraged to remain in the Company's employment, in the same job if this is practicable. If a change of job is necessary, such an employee is considered for any suitable alternative work which is available and any necessary training is arranged. Disabled employees are treated equally with all employees in respect of their eligibility for training, career development and promotion.

Environmental

	2024	2023
UK energy use in kWh	**16,290,783**	17,432,501
GHG emissions associated with energy use (tCO2e) Scope 1	**1,616**	1,878
GHG emissions associated with energy use (tCO2e) Scope 2	**1,674**	1,550
GHG emissions associated with energy use (tCO2e) Scope 3	**145**	142
Intensity measurement (m^2 building area)	**73,443**	73,443
Emissions intensity ratio - $tCO2/m^2$ building area	**0.05**	0.05

The Emissions intensity ratio has been calculated using m^2 building area to provide a consistent measurement comparative of energy efficiency performance as the Club expands its operations through developing and utilising further training ground and stadium facilities.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Environmental (continued)

The Group has continued to monitor and review energy usage and associated carbon dioxide emissions. We have undertaken mandatory assessments of our energy use in accordance with the ESOS regulations 2018.

Actions taken arising from this include installing PIR and motion detectors for lighting; rolling out a CAFM system to better monitor maintenance, control down time and reduce wasteful operating times; implementing an upgraded BMS system which provides more control over plant and machinery; and replacing two inefficient water heaters with modern plate heat exchangers. Further actions are being undertaken to reduce usage across the business.

The Club's total energy usage has increased since the 2020/21 season following the completion of the Seagrave training ground property which was first occupied in December 2020. The Club has also utilised new sites adjacent to the stadium increasing the building area by 7,133 m^2 since the last reporting period.

As part of our 100% renewable electricity contracts, we continue to monitor usage and target reductions on high usage areas like pumps and motors. The payback on investment in solar PV electricity generation has improved so we continue to consider the implementation of such generation.

The Club has followed the 2019 HM Government Environmental Reporting Guidelines and GHG Reporting Protocol – Corporate Standard. We have also used the 2023 UK Government's Conversion Factors for Company Reporting including using an operational approach to define our boundary.

The electricity and gas data has been recorded over a 12-month period from May 2023 to April 2024. The data was collated directly from monthly invoices and a consumption report.

Company transport data was generated from company fuel cards and for other travel from an estimated milage travelled based on each vehicle type's average MPG and the amount of petrol/ diesel consumed.

All subsidiaries are covered by these figures and all are owned 100%.

Charitable donations

The Company has made total charitable donations in the year of £518,000 (2023: £69,000).

The Club supports various charities through its own charity, the VS Foundation (formerly the LCFC Foxes Foundation). The Club provides free administration, management and accounting support.

The Club also has several match-day collections during every season. Collections for St John's Ambulance, The Royal British Legion and the VS Foundation have either been undertaken in the 2023/24 season or will be undertaken in the 2024/25 season.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Charitable donations (continued)

The company also supports Leicester City Football Club Trust (operating as Leicester City in the Community), a charitable trust aimed at the promotion and provision of sport, education, health and football services for the community in the City of Leicester and in the Counties of Leicestershire and Rutland. The Club contributed significant in kind contributions during the year.

Subsequent events

Since the year end the Club has invested £1.7m in its facilities.

During the summer 2024 transfer windows the Club has contracted for the purchase, sale and loan of various players. Since 30 June 2024 the Club have entered into a short term discounting facility with Macquarie bank to bring forward the proceeds from the sale of Keirnan Dewsbury-Hall.

Since 30 June 2024 the club have entered into a short term discounting facility with Macquarie bank to bring forward the proceeds from the Premier League shared revenue distributions.

The net expenditure of the purchase, sale and loans of various players occurring since 30 June 2024, taking into account the applicable levies and contingent fees but excluding value added tax is £66.7m (2023: net income of £9.1m). These transfers and costs will be accounted for in the year ending 30 June 2025.

Directors' report
for the year ended 30 June 2024 (continued)

Statement of directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Annual report and consolidated financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the group and the company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law).

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and company and of the profit or loss of the group for that year. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and company will continue in business.

The directors are responsible for safeguarding the assets of the group and company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are also responsible for keeping adequate accounting records that are sufficient to show and explain the group's and company's transactions and disclose with reasonable accuracy at any time the financial position of the group and company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The directors are responsible for the maintenance and integrity of the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Directors' confirmations

In the case of each director in office at the date the directors' report is approved:

- so far as the director is aware, there is no relevant audit information of which the group's and company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the group's and company's auditors are aware of that information.

Independent auditors' report to the members of Leicester City Football Club Limited

Report on the audit of the financial statements

Opinion

In our opinion, Leicester City Football Club Limited's group financial statements and company financial statements (the "financial statements"):

- give a true and fair view of the state of the group's and of the company's affairs as at 30 June 2024 and of the group's loss and the group's cash flows for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual report and consolidated financial statements (the "Annual Report"), which comprise: the Consolidated and Company Balance sheets as at 30 June 2024; the Consolidated Profit and loss account, the Consolidated statement of comprehensive income, the Consolidated and Company statements of changes in equity and the Consolidated cash flow statement for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Independent auditors' report to the members of Leicester City Football Club Limited (continued)

Conclusions relating to going concern (continued)

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the group's and the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic report and Directors' report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Strategic report and Directors' report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors' report for the year ended 30 June 2024 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the group and company and their environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' report.

Leicester City Football Club Limited

Independent auditors' report to the members of Leicester City Football Club Limited (continued)

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of directors' responsibilities in respect of the financial statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the group and industry, we identified that the principal risks of non-compliance with laws and regulations related to the risk surrounding non-compliance with the profitability and sustainability rules (P&S) by the FA Premier League and employment legislation, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as taxation legislation and the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to manipulation of the financial statements and P&S submission through journal entries, and bias shown in judgements and estimates to further manipulate the above. Audit procedures performed by the engagement team included:

- Testing journal entries through a risk-based approach, targeting journals exhibiting unusual account combinations, particularly those crediting revenue with unexpected offsetting accounts;

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Independent auditors' report to the members of Leicester City Football Club Limited (continued)

Responsibilities for the financial statements and the audit (continued)

Auditors' responsibilities for the audit of the financial statements (continued)

- Discussions with management in relation to known or suspected instances of non-compliance with laws and regulation and fraud;
- Inquiries of management regarding compliance with P&S rules, including consideration of the implications on the financial statements and review of specific disclosures included with the financial statements;
- Testing of significant estimates and judgements which affect the financial statements, verifying the underlying data and accuracy of the models used and challenge of alternative viewpoints that could feasibly be adopted;
- Incorporating elements of unpredictability into the nature, timing and extent of testing; and
- Review of the financial statements for disclosures required by both the Companies Act 2006 and the accounting standards.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the company financial statements are not in agreement with the accounting records and returns.

Independent auditors' report to the members of Leicester City Football Club Limited (continued)

Other required reporting (continued)

Companies Act 2006 exception reporting (continued)

We have no exceptions to report arising from this responsibility.

Leicester City Football Club Limited

Notes to the consolidated financial statements for the year ended 30 June 2024

1 Accounting policies

General information

Leicester City Football Club Limited ("the Company") is a private company limited by shares. The principal activity of the Company continues to be the operation of a professional football team.

The Company is incorporated and registered in England, UK. The address of its registered office is King Power Stadium, Filbert Way, Leicester, LE2 7FL.

Statement of compliance

The consolidated financial statements of the Company have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

Exemptions for qualifying entities under FRS 102 1.11

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to conditions. The Company has taken advantage of the following exemptions in its individual financial statements:

- from preparing a statement of cash flows, on the basis that it is a qualifying entity and the consolidated statement of cash flows, included in these financial statements, includes the Company's cash flows; and
- from the financial instrument disclosures, required under FRS 102 paragraphs, 11.42, 11.44, 11.45, 11.47, 11.48(a)(iii),11.48(a)(iv), 11.48(b), 11.48(c), 12.26, 12.27, 12.29(a), 12.29(b) and 12.29A, as the information is provided in the consolidated financial statement disclosures; and
- from disclosing the Company key management personnel compensation as required by FRS 102 paragraph 33.7.

Summary of significant accounting policies

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

Basis of preparation

The consolidated financial statements have been prepared on the going concern basis, under the modified historical cost convention as modified by the revaluation of certain assets, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Notes to the consolidated financial statements for the year ended 30 June 2024 (continued)

1 Accounting policies (continued)

Basis of preparation (continued)

The preparation of consolidated financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are also disclosed in this note.

The Company has taken advantage of the exemption in section 408 of the Companies Act from presenting its individual profit and loss account.

The Company extended its accounting year end from 31 May to 30 June in the previous accounting period which establishes a profit and loss account for a 13 month accounting period to 30 June 2023 compared to a profit and loss account for a 12 month accounting period to 30 June 2024. The Balance Sheet is reporting financial information as at 30 June 2023 and 30 June 2024.

Basis of consolidation

The Group financial statements consolidate the financial statements of the Company and its subsidiary undertakings drawn up to 30 June each year. The results of subsidiaries acquired or sold are consolidated for the years from or to the date on which control passed. Business combinations are accounted for under the purchase method. Where a subsidiary has different accounting policies to the Group, adjustments are made to those subsidiary financial statements to apply the Group's accounting policies when preparing the consolidated financial statements. Where the subsidiary reporting year differs from the Group the figures are adjusted to reflect the same accounting year. All intra-group transactions, balances, income and expenses are eliminated on consolidation.

A subsidiary is an entity controlled by the Group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. Where the Group owns less than 50% of the voting powers of an entity but controls the entity by virtue of an agreement with other investors which give it control of the financial and operating policies of the entity, it accounts for that entity as a subsidiary.

Business combinations and goodwill

Business combinations are accounted for by applying the purchase method. The cost of a business combination is the fair value of the consideration given, liabilities incurred or assumed and of equity instruments issued plus the costs directly attributable to the business combination. Where control is achieved in stages the cost is the consideration at the date of each transaction.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Business combinations and goodwill (continued)

On acquisition of a business, fair values are attributed to the identifiable assets, liabilities and contingent liabilities unless the fair value cannot be measured reliably, in which case the value is incorporated in goodwill. Intangible assets are only recognised separately from goodwill where they are separable and arise from contractual or other legal rights. Where the fair value of contingent liabilities cannot be reliably measured they are disclosed on the same basis as other contingent liabilities.

Goodwill recognised represents the excess of the fair value and directly attributable costs of the purchase consideration over the fair values to the Group's interest in the identifiable net assets, liabilities and contingent liabilities acquired. On acquisition, goodwill is allocated to cash-generating units ("CGU's") that are expected to benefit from the combination.

Goodwill is amortised over its expected useful life which is estimated to be ten years. Goodwill is assessed for impairment when there are indicators of impairment and any impairment is charged to the income statement. No reversals of impairment are recognised.

Functional and presentation currency

The Company's functional and presentation currency is the pound sterling.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each year end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account.

Going concern

The Company was loss making at an operating level in the 2023/24 financial year.

The directors have considered the working capital requirements of the Company for the 2024/25 and 2025/26 seasons including investment in and the cost of the playing squad and the Club's long term capital projects. As part of their considerations the directors have reviewed in detail the cash flow forecasts prepared. These forecasts show that the Company is reliant on continued funding from external banks, proceeds from player trading and/ or the holding company, KPI and/ or its ultimate shareholders.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

Notes to the consolidated financial statements for the year ended 30 June 2024 (continued)

1 Accounting policies (continued)

Going concern (continued)

Since the year end the Company has settled the outstanding amount due on the four year loan facility with Macquarie Bank and entered into a new three year agreement in September 2024. The Company has also entered into short term discounting facilities with Macquarie bank to bring forward the proceeds from the sale of one player and Premier League revenue distributions.

The Directors have also considered the Club's cashflow requirements in a severe but plausible scenario. Sensitivities considered in the forecasts included variances in finishing position, net player transfer spend and the non availability of future banking facilities. To cover the working capital needs of the Club in that scenario the Club has access to £43.5m undrawn standby facilities with KPI, as well as an undrawn future share subscription agreement for 76m shares at £1 per share entered into on 21 April 2023 which can be further called on if necessary to support the Club's cash flow in the unlikely event that all these negative events come to pass.

Furthermore, KPI has confirmed that existing liabilities will not be called in for the foreseeable future and not less than 12 months from the date of approval of these consolidated financial statements.

Based on the above the Directors therefore have a reasonable expectation that the necessary funding will be available when required and the consolidated financial statements have therefore been prepared on a going concern basis.

Turnover

Turnover is measured at the fair value of the consideration received or receivable and represents the amount receivable for goods supplied or services rendered, net of returns, discounts and rebates allowed by the Group and value added taxes.

Where the consideration receivable in cash or cash equivalents is deferred, and the arrangement constitutes a financing transaction, the fair value of the consideration is measured as the present value of all future receipts using the imputed rate of interest.

The Group recognises revenue when (a) the significant risks and rewards of ownership have been transferred to the buyer; (b) the group retains no continuing involvement or control over the goods; (c) the amount of revenue can be measured reliably; (d) it is probable that future economic benefits will flow to the entity and (e) when the specific criteria relating to each of the group's sales channels have been met, as described below.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Turnover (continued)

i. Broadcasting rights and club competitions

Broadcasting rights comprises all domestic commercial agreements negotiated centrally by competition organisers, and associated prize monies, the Club engage in including but not limited to the FA Cup, Premier League, EFL, WSL.

Turnover is recognised in the profit and loss account in the relevant financial year for the season to which the income relates including any rebate relating to that income.

Turnover relating to the Club's finishing league position is recognised in line with expectations at the reporting date.

Turnover relating to televised matches is fully recognised in the financial year for the season to which the income relates.

ii. Sponsorship and advertising

Sponsorship and advertising income (whether settled in cash or value in kind) comprises amounts receivable from commercial contracts which exploit the Club's brand, including minimum guaranteed revenue, and fees generated by the Club's first team promotional tours.

Turnover is recognised over the term of the agreement in line with the performance obligations included within the contract and based on the sponsorship benefits enjoyed by the individual sponsor. In instances where the sponsorship rights remain the same over the duration of the contract, turnover is recognised on a straight-line basis.

Turnover is recognised in the profit and loss account in the relevant financial year for the season to which the income relates.

Income received prior to the year end in respect of the following football season is treated as deferred income and recognised over the future seasons to which it relates.

iii. Gate receipts

Gate receipts comprise of seasonal and match by match ticket income for all competitions the Club engage in including but not limited to the FA Cup, Premier League, EFL, WSL.

Turnover is recognised as and when the relevant fixtures are played as the performance obligations are then satisfied.

Income received prior to the year end in respect of the following football season is treated as deferred income and recognised over the future seasons and fixtures to which it relates.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Turnover (continued)

iv. Commercial

Commercial turnover comprises retail operations and events.

The Group operates its retail store for the sale of a range of branded and own branded products. Sales of goods are recognised on sale to the customer, which is considered the point of delivery. Retail sales are usually by cash, credit or payment card.

The Group sells goods via its website for delivery to the customer or 'click and collect' at its retail store. Turnover is recognised when the risks and rewards of the inventory are passed to the customer. Transactions are settled by credit or payment card.

Turnover from events is recognised as and when the relevant event has taken place as the delivery obligations are then satisfied.

The Group have certain commercial arrangements with commercial partners whereby the Group receive a royalty share of turnover generated by such operations. This revenue is recognised on an accrual basis.

v. Other income

All other income is recognised on the provision of the service or transfer of economic benefit. Where income has been earned but has not been received at the year end it is recognised as accrued income.

Employee benefits

The Company provides a range of benefits to employees, including annual bonus arrangements, paid holiday arrangements and defined contribution pension plans.

i. Short-term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the year in which the service is received.

ii. Defined contribution pension plans

The Company operates defined contribution schemes for certain employees. The Company funds its pension liabilities through externally managed pension schemes. Contributions are charged against operating profits in the year in which payments are due.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Employee benefits (continued)

iii. Defined benefit pension plans

Certain Company employees and ex-employees are members of the Football League Limited Pension and Life Assurance Scheme (FLPLAS), a defined benefit scheme. As the Company is one of a number of participating employers in FLPLAS it is not possible to identify the Company's share of the individual assets and liabilities within the scheme.

However, the actuarial surplus or deficit is estimated and a provision is made for any unfunded obligation with any payments made being deducted from the outstanding balance. The assets of the scheme are held separately from those of the Group, being invested with insurance companies. Further details are set out in note 17.

Intangible fixed assets

The Club capitalises the acquisition of players' registrations at the value of the consideration payable, being the discounted value of cashflows payable under the relevant agreements. This discount is then unwound through finance costs over the life of each contract.

Capitalised costs include guaranteed considerations (such as transfer and levy fees) as well as contingent considerations which are primarily payable to the player's former club and only capitalised once payment becomes probable. Subsequent reassessments of the amounts of contingent consideration payable are an estimate requiring management to assess the likelihood of specific performance conditions being met which would trigger the payment of the contingent consideration. These reassessments are performed at least annually and included in the cost of the player's registration. Capitalised costs in relation to contingent fee elements are expensed to the profit and loss account when the contingent event can no longer be achieved. Registration costs are fully amortised using the straight-line method over the period of the respective player's original or extended contract and charged to the profit and loss account.

Computer software and associated development costs are also capitalised as Intangible assets and are amortised over their useful life. Rates applied are between 20% - 33% per annum.

Signing on fees

Signing on fees payable to players are charged to the profit and loss account over the contract period of each player. Contractual obligations are recognised when they become payable, with prepayments or accruals arising at each year end included within current assets or current liabilities, as appropriate. Where a player's registration is transferred, any signing on fees payable in respect of future years are charged against the profit/(loss) on disposal of players registrations in the year in which the disposal is recognised.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Player sales and loan income

Profit on sale of player registrations and fees in relation to the temporary transfer of player registrations are recognised at fair value during the year in which the transaction takes place. The profit is stated net of all disposal costs and after releasing any unrealised provisions relating to the players registration. Reimbursement of player salaries during the temporary registration period is deducted from cost of sales reducing net player employment costs.

Tangible fixed assets

Fixed assets are stated at cost or valuation less depreciation. The cost of tangible fixed assets is their purchase cost, together with any incidental costs of acquisition.

The Company adopts a revaluation policy for its stadium and Belvoir Drive training ground, and an assessment is made at each year end to ensure that the carrying amount does not differ materially from that which would be determined using fair value. With effect from 31 May 2009, the stadium is revalued by professional qualified valuers every five years, with an interim valuation after three years. The stadium is valued on a depreciated replacement cost basis as no genuine market exists for such an asset. The Belvoir Drive training ground has been valued on a depreciated replacement cost basis for both freehold and leasehold elements, with the leasehold land excluded from the valuation. Both the Stadium and the Belvoir Drive training ground were revalued as at 30 June 2024 in line with the valuation carried out.

Before transitioning to FRS 102, the Company adopted a policy of revaluing freehold land and buildings and they were stated at their revalued amount less any subsequent depreciation and accumulated impairment losses. The difference between depreciation based on the deemed cost charged in the profit and loss account and the asset's original cost is transferred from revaluation reserve to retained earnings.
Depreciation is provided at rates calculated to write down the cost or valuation of each asset to its residual value on a straight-line basis over its expected useful life. Rates applied are as follows:

Stadium / other land and buildings	-	2% per annum
Seagrave training ground	-	2% - 10% per annum
Fixtures, fittings, plant and equipment	-	10% - 20% per annum
Computer equipment	-	20% - 33% per annum
Motor vehicles	-	20% per annum

Freehold land is not depreciated.

Assets under construction

Assets in the course of construction are stated at cost. These assets are not depreciated until it is available for use and are reviewed for impairment at each reporting date.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Impairment

Intangible and tangible fixed assets and investments are subject to review for impairment in accordance with FRS 102, section 27, Impairment of Assets. Any impairment in the value of fixed assets is charged to the profit and loss account, as an additional component of the depreciation or amortisation charges.

Assets that are subject to amortisation or depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Impairment losses are recognised as the amount by which the carrying amount of the asset exceeds its recoverable amount, which is the higher of fair market value less costs to sell, and its value in use. In calculating value in use, future cash flows are discounted at an interest rate that takes into account the market's assessment of a risk-free interest rate adjusted for risk related to the specific asset. For assets dependent on other assets to generate cash flows, the recoverable amount is calculated for the income generating unit to which the asset belongs.

Impairment losses are reversed if there is a trigger that changes the recoverable amount, with the exception of impairment losses on goodwill.

Leased assets

Assets purchased under finance leases and hire purchase contracts have been capitalised and depreciation is charged at rates calculated to write down the cost of each asset to its residual value on a straight-line basis over its expected useful life or the period of the lease, whichever is shorter. Interest is charged to profit so as to produce a constant periodic rate of charge on the remaining balance of the lease for each accounting year. Operating lease payments are charged to the profit and loss on a straight line basis.

Inventories

Stocks comprise goods for resale and are stated at the lower of cost and net realisable value. Cost of goods sold is based on the cost of purchase on a first in, first out basis. Provision is made for obsolete items.

Cash

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount of the obligation can be estimated reliably.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Financial instruments

The Company has chosen to adopt sections 11 and 12 of FRS102 in respect of financial instruments.

Financial assets

Basic financial assets, including trade and other debtors, amounts owed by group undertakings and cash and bank balances, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rates of interest.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment is recognised in profit or loss.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the assets expire or are settled, or (b) substantially all the risk and regards of the ownership of the asset are transferred to another party or (c) control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

Financial liabilities

Basic financial liabilities, including trade and other creditors and amounts due to fellow group undertakings are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Financial liabilities (continued)

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade creditors are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest.

Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the year in which they are incurred.

Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Taxation

i. Current tax

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior years. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the year end.

ii. Deferred tax

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the company and consolidated financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in consolidated financial statements.

Deferred tax is recognised on all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

1 Accounting policies (continued)

Taxation (continued)

Deferred tax assets and liabilities recognised on the movement in the fair value of tangible fixed assets is recognised within other comprehensive income.

Related party transactions

The Company discloses transactions with related parties which are both wholly and not wholly owned with the same Group.

Critical accounting judgements and estimation uncertainty

We believe that the following accounting policies reflect the most critical judgments, estimates and assumptions and are significant to the consolidated financial statements.

i. Valuation of tangible assets

The Company adopts a revaluation policy for its stadium and Belvoir Drive training ground, and an assessment is made at each year end to ensure that the carrying amount does not differ materially from that which has been determined using fair value. A professional valuation of the stadium and Belvoir Drive training ground is undertaken every five years, with an interim valuation after three years, and revalued at that date. In the interim years, the Directors undertaken their own assessment of the valuation based on factors they deem appropriate, and will impair the assets where necessary. Where an indication that the fair value may have changed materially is identified the estimation of recoverable value requires estimation of the existing use value of the assets. Due to the specialised nature of these tangible assets, Depreciated Replacement Cost has been used as a more reliable estimate of fair value. The Seagrave training ground is carried at historical cost as it was substantively completed in 2020 and the Directors believe there would be no material difference to depreciated replacement cost. No change is anticipated for the next 12 months. See Note 8 for further information.

ii. Recognition of contingent transfer fees

The costs associated with the acquisition of players' registrations are capitalised as intangible assets at the fair value of the consideration payable, including an estimate of the fair value of any contingent consideration. Subsequent reassessments of the amount of contingent consideration payable are also included in the cost of the individual's registration. The estimate of the fair value of the contingent consideration payable requires management to assess the likelihood of specific performance conditions being met which would trigger the payment of the contingent consideration such as the number of player appearances. This assessment is carried out on an individual basis. The assessment of when contingent fees become probable is an estimate that may give rise to a material change in the value of capitalised player registrations. The maximum amount that is potentially payable and the amount that is currently provided is detailed in note 18.

Leicester City Football Club Limited

Notes to the consolidated financial statements for the year ended 30 June 2024 (continued)

2 Turnover

All turnover is derived from the Group's principal activity in the United Kingdom, is analysed as follows:

	2024	2023
	£'000	£'000
Broadcasting rights and club competitions	**54,190**	114,540
Sponsorship and advertising	**21,476**	32,117
Gate receipts	**18,387**	18,391
Commercial	**9,771**	9,547
Other income	**1,524**	2,731
	105,348	177,326

3 Operating loss

Operating loss is stated after charging/(crediting):

	Note	**2024**	Restated 2023
		£'000	£'000
Amortisation of intangible assets	7	**45,573**	74,724
Amortisation of temporary player registrations		**1,648**	-
Operating leases			
- plant and machinery		**41**	49
Depreciation:			
- owned tangible fixed assets	8	**6,427**	7,000
- assets held under finance leases and hire purchase contracts	8	**1,009**	1,093
Exceptional costs		**-**	880
Foreign exchange (gains)/ losses		**(353)**	329
Impairment of trade receivables		**1**	4
Impairment of inventory		**239**	80
Loss on disposal on tangible fixed assets		**8**	-
Profit on disposal on intangible fixed assets		**(71,841)**	(72,010)
Auditors' remuneration			
- audit of the Company's annual consolidated financial statements		**196**	97
- Audit of subsidiaries annual financial statements		**18**	15
- non-audit services – interim accounts		**16**	13
- non-audit services – tax advisory and compliance		**183**	64

In accordance with SI 2008 / 489 the company has not disclosed the fees payable to the company's auditors for 'Other services' as this information is included in the consolidated financial statements of Leicester City Football Club Limited.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

3 Operating loss (continued)

The directors have agreed with the company's auditors that the auditor's liability to damages for breach of duty in relation to the audit of the company's financial statements for the year to 30 June 2024 will be limited to the greater of £5 million or 5 times the auditor's fees for the statutory audit, and that, in any event, the auditor's liability for damages will be limited to that part of any loss suffered by the company as is just and equitable having regard to the extent to which the auditor, the company and any third parties are responsible for the loss in question. The shareholders of the company approved this liability limitation agreement, as required by the Companies Act 2006, by a resolution dated 30 July 2024.

4 Net interest payable

	2024 £'000	Restated 2023 £'000
Interest payable and similar expenses:		
Bank loans and overdrafts	**4,982**	7,266
Hire purchase contracts	**1,754**	1,751
Interest on transfer fees payable	**2,714**	2,090
Interest payable to group undertakings	**4,780**	2,342
Other interest payable	**14**	-
	14,244	13,449
Interest receivable and similar income:		
Bank interest receivable	**(563)**	(108)
Interest on transfer fees receivable	**(3,235)**	(1,304)
	(3,798)	(1,412)
Net interest payable	**10,446**	12,037

Refer to note 23 for an explanation of the prior period restatement.

5 Staff costs

The Group:

The average monthly number of employees during the year, including directors, was as follows:

	2024 Number	2023 Number
Players	**81**	87
Administration	**424**	408
	505	495

In addition, the Group employed on average 542 (2023: 559) casual staff on match days.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

5 Staff costs (continued)

Employee costs, including directors, during the year amounted to:

	2024 £'000	2023 £'000
Wages and salaries	**93,451**	180,045
Social security costs	**12,857**	24,772
Other pension costs (note 17)	**856**	963
	107,164	205,780

The Company:

The average monthly number of employees during the year, including directors, was as follows:

	2024 Number	2023 Number
Players	**59**	64
Administration	**396**	393
	455	457

In addition, the Company employed on average 538 (2023: 544) casual staff on match days.

Employee costs, including directors, during the year amounted to:

	2024 £'000	2023 £'000
Wages and salaries	**91,105**	177,776
Social security costs	**12,555**	24,504
Other pension costs	**785**	889
	104,445	203,169

The Group and Company:

The employee costs above include the following remuneration in respect of the directors of the Company.

	2024 £'000	2023 £'000
Aggregate emoluments	**238**	273
Pension contributions	**13**	28
	251	301

The aggregate emoluments including pension contributions of the highest paid director were £251,000 (2023: £301,000) and one of the directors was accruing benefits under a defined contribution pension scheme (2023: one).

5 Staff costs (continued)

Key management compensation	**2024 £'000**	2023 £'000
Salaries and other short-term benefits	**238**	273
Post-employment benefits	**13**	28
	251	301

6 Tax on loss

	2024 £'000	2023 £'000
UK corporation tax		
- adjustments in respect of prior years	**-**	-
Total current tax	**-**	-
Deferred tax		
- origination and reversal of timing differences	**(565)**	9
- adjustments in respect of prior years	**70**	-
- effect of changes in tax rate	**-**	(9)
Total deferred tax (note 13)	**(495)**	-
Tax on loss	**(495)**	-

The standard rate of tax for the year ended 30 June 2024 is based on the UK standard rate of 25% (2023: 20.38%). The actual charge for the year is higher than the standard rate for the reasons set out in the following reconciliation:

	2024 £'000	Restated 2023 £'000
Loss before taxation	**(19,430)**	(89,530)
Loss before taxation at standard UK tax rate of 25% (2023: 20.38%)	**(4,858)**	(18,246)
Effects of:		
Expenses not deductible	**3,940**	1,876
Adjustment from previous years	**70**	-
Tax rate changes	**-**	(9)
Deferred tax not recognised	**353**	16,379
Total tax credit for the year	**(495)**	-

Changes to the UK tax rates were substantively enacted by Finance Bill 2021 (on 24 May 2021). These included an increase in the standard corporation tax rate from 19% to 25% from 1 April 2023. Deferred tax balances have been remeasured accordingly where appropriate. The impact of the change in rate has been to increase the deferred tax asset relating to tax losses and other timing differences by £nil (2023: £9,258). In addition, the deferred tax liability on the revaluation of the stadium has increased by £nil (2023: £9,258).

Included within Other land and buildings is £10,261,000 (2023: £9,800,000) relating to the Club's Belvoir Drive training ground utilised by both LCWFC and LCFC.

A valuation was undertaken on 30 June 2024 by Wilks Head & Eve LLP which valued the stadium at £45,308,000 on a depreciated replacement cost basis as compared to the depreciated carrying value of £43,398,000. Included within this valuation is freehold land of £16,199,000 (2023: £15,225,000)

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

8 Tangible assets (continued)

If the stadium was stated on a historical cost basis, the amounts for cost, aggregate depreciation and net book amount respectively at 30 June 2024 would be £22,010,000 (2023: £22,010,000), £10,489,000 (2023: £9,872,000) and £11,521,000 (2023: £12,138,000).

The stadium is the subject of a hire purchase contract with K Power Holdings Company Limited, a related company. The repayment terms of the contract were contingent on the turnover associated with the League the Club plays in during the duration of the contract during the year and the payment profile of the contract has been calculated based on the league status of the Club at the year end. All amounts owing under this agreement are repayable on 30 June 2026. Amounts payable under finance leases and hire purchase contracts are set out in note 16.

A valuation was undertaken on 30 June 2024 by Wilks Head & Eve LLP which valued the Club's Belvoir Drive training ground at £10,261,000 on a depreciated replacement costs basis consisting of £6,765,000 for the main building and freehold land as well as £3,496,000 for the leasehold improvements on the leased element of the site. This compares to the depreciated carrying value of £9,202,000. Included within this valuation is freehold land of £1,665,000 (2023: £900,000).

If the Belvoir Drive training ground was stated on a historical cost basis, the amounts for cost, aggregate depreciation and net book amount respectively at 30 June 2024 would be £6,667,000 (2023: £6,667,000), £4,907,000 (2023: £4,545,000) and £1,760,000 (2023: £2,122,000).

Seagrave training ground is carried at historical cost as it was substantively completed in December 2020 and the Directors believe there would be no material difference to depreciated replacement cost.

Land included within "Other land and buildings" at a cost of £15,298,000 (2023: £15,298,000) is not depreciated.

Leicester City Football Club Limited

Notes to the consolidated financial statements for the year ended 30 June 2024 (continued)

9 Investments

	2024	2023
	£	£
Shares in subsidiary	**3**	3

The investments relate to:

i. 100% of the ordinary share capital of LCWFC registered address King Power Stadium, Filbert Way, Leicester, Leicestershire, LE2 7FL, a company incorporated in the United Kingdom; and

ii. 100% of the ordinary share capital of Leicester City Media Limited, registered address King Power Stadium, Filbert Way, Leicester, Leicestershire, LE2 7FL, a wholly owned dormant company incorporated in the United Kingdom. Leicester City Media Limited is exempt from preparing individual financial statements under Companies Act 2006 section 394A. The directors believe that the carrying value of the investments is supported by their underlying net assets.

12 Creditors: amounts falling due after more than one year (continued)

The bank loans are:

a) Macquarie Bank Limited: £80,000,000 secured on Premier League receivables of which £8,984,000 (2023: £43,124,000) was unpaid at the year end and bearing interest of 6.63%. £63,000 (2023: £705,000) accrued interest was unpaid at 30 June 2024. There are EBITDA, net assets and net football liabilities covenants with which the Club complied as of June 2024, the last measurement date. This was fully repaid in August 2024.

b) Macquarie Bank Limited: £15,166,000 secured on transfer fee receivables of which £16,283,000 (2023: £nil) was unpaid at the year end and bearing interest of 9.02%. £1,117,000 (2023: £nil) accrued interest was unpaid at 30 June 2024. This is repayable in instalments up to August 2025.

c) Macquarie Bank Limited: £20,813,000 secured on transfer fee receivables of which £22,006,000 (2023: £nil) was unpaid at the year end and bearing interest of 8.44%. £1,193,000 (2023: £nil) accrued interest was unpaid at 30 June 2024. This is repayable in instalments up to September 2025.

d) Macquarie Bank Limited: £7,416,000 secured on transfer fee receivables of which £7,868,000 (2023: £nil) was unpaid at the year end and bearing interest of 8.98%. £452,000 (2023: £nil) accrued interest was unpaid at 30 June 2024. This is repayable in instalments up to September 2025.

13 Provisions for liabilities

The Group and Company:

Deferred tax

The deferred tax assets and liabilities provided and those unprovided, calculated at 25% (2023: 25%) are as follows:

	2024		2023	
	Provided £'000	**Unprovided £'000**	Provided £'000	Unprovided £'000
Accelerated capital allowances	**1,791**	**-**	1,729	-
Stadium revaluation	**(10,502)**	**-**	(10,007)	-
Short term timing differences	**8,711**	**2,342**	8,278	2,776
Trading losses	**-**	**44,005**	-	47,956
	-	**46,347**	-	50,732

The net deferred tax asset expected to reverse in 2024 is £27,000 (2023: £28,000). This relates to short term pension timing differences and accrued donations.

14 Called up share capital

	2024 £'000	2023 £'000
Allotted, and fully paid		
Ordinary shares of £1 each		
2024 and 2023: 306,801,553 ordinary shares of £1 each	**306,801**	306,801
Redeemable shares of £1 each		
2024 and 2023: 1 redeemable share of £1	**-**	-
'A' shares of 1p each		
2024 and 2023: 19,138,432 'A' shares of 1p each	**192**	192
	306,993	306,993

The following rights are attached to the 'A' shares:

a) The holder of the majority of the A ordinary shares shall have the right to appoint directors of the company;
b) The holders of the A ordinary shares shall have the right to vote at any general meeting or at any separate meeting of the holders of the A ordinary shares in the company.

On the winding-up of the company the surplus assets shall be applied, first, in repaying the members the amount paid up on their shares respectively in accordance with their entitlements. If such assets are insufficient to repay the said amount in full, they shall be applied first in paying the amount due on redemption of the redeemable share and then rateably across the ordinary and A ordinary shares, so that the loss shall fall upon the members in proportion to the amount called up on their shares respectively.

If the surplus assets shall be more than sufficient to pay to the members the whole amount paid upon their shares, the balance shall be given by the members of the company, at or before the time of dissolution as they direct, to The Football Association Benevolent Fund, or to some club or Institute in Leicestershire with objects similar to those set out in the Memorandum of Association of the company or to any local charity, or charitable or benevolent institution situated within Leicestershire. In default of any such decision or apportionment by the members of the Company, the same to be decided upon and apportioned by a Judge of the High Court of Justice having jurisdiction in such winding-up or dissolution and as he shall determine. Alternatively such balance may be disposed of in such other manner as the members of the company, with the consent of the Council of The Football Association Limited, as then existing, shall determine.

On 21 April 2023 the Club entered into a future share subscription agreement for 76m shares at £1 per share.

Leicester City Football Club Limited

Notes to the consolidated financial statements for the year ended 30 June 2024 (continued)

15 Reserves

Profit and Loss account

Includes all current and prior year retained profits and losses.

Share premium account

Includes the excess of amounts paid to the Company for shares in excess of their nominal value less any cost of issue.

Capital Contribution

Capital contribution arises from the difference between interest charged to the Profit and loss statement and the actual interest charged on related party loans.

Revaluation reserve

The revaluation reserve arises from the difference between the valuation of the King Power Stadium and Belvoir Drive training Ground and their depreciated net book value on an historical cost basis as at 30 June 2024.

16 Financial Instruments

The Group has the following financial instruments:

	Note	2024 £'000	Restated 2023 £'000
Financial assets that are debt instruments measured at amortised cost			
- Trade debtors	10	**12,100**	10,981
- Transfer fees receivable	10	**85,682**	60,435

Refer to note 23 for an explanation of the prior period restatement.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

17 Pension costs

Certain employees of the Company (professional footballers) are members of the Football League Limited Players Retirement Scheme.

Other employees of the Company are members of the Football League Limited pension and life assurance scheme or the Football League Limited group personal pension plan with certain other employees belonging to the Company's group personal pension scheme.

These are all defined contribution schemes, and contributions are expensed in the profit and loss account as they become payable. The pension cost charge represents contributions payable by the Group to the funds and amounted to £855,756 (2023: £962,591).

Certain employees and ex-employees of the Company are members of the closed Football League Limited Pension and Life Assurance Scheme, a defined benefit scheme. As the Company is one of a number of participating employers in the scheme, it is not possible to allocate any actuarial surplus or deficit on an annual basis. However, under Section 75 of the Pensions Act 1995, the Company, as a participating employer in the scheme, is liable to fund the deficit relating to Company's ex-employees who are members of the scheme. The Scheme Actuary finalised a full valuation as at 31 August 2023 and allocated £162,805 as the Club's share of the deficit as at 1 September 2023. The increase in the deficit arising from this revaluation of £99,580 was recognised in the profit and loss account for the year ended 30 June 2024. The deficit is funded by annual contributions and the Club incurs interest at 6% on its allocated share of the deficit. The balance outstanding at the year end date is included in other creditors. The Club has made contributions of £59,260 in the year (2023: £56,745). The assets of the scheme are held separately from those of the Company.

18 Contingencies and commitments

a) Player transfer costs

The Company has certain contracts with other football clubs that relate to player transfers. Under the terms of these contracts, additional amounts become payable or receivable if conditions concerning future team successes and appearances are met. The maximum amount that is potentially payable and receivable under these contracts is £28,125,000 (2023: £27,114,000) and £14,748,000 (2023: £13,564,000) respectively. £2,491,000 of the total potential fees and the associated Levy were provided for as at 30 June 2024 (Restated 2023: £1,005,068).

Refer to note 23 for an explanation of the prior period restatement.

b) Capital commitments

At 30 June 2024, the Company had committed capital expenditure of £272,000 (2023: £199,000).

18 Contingencies and commitments (continued)

c) Profitability and Sustainability

Over recent years the Club's financial results reflected necessary levels of investment in the playing squad that allowed LCFC to compete effectively in the Premier League and in other relevant competitions, including the FA Cup and in UEFA club competitions. However, the Club's playing budget for the 2023/24 season was necessarily reduced, following its relegation to the EFL Championship.

The Club has always strived to achieve compliance with applicable P&S rules, whilst continuing to pursue its reasonable sporting aspirations and ensuring the Club's long term future is protected.

The Club has been involved in certain regulatory proceedings with the Premier League and the EFL in relation to the extent to which their respective P&S rules apply to the Club, in the specific circumstances of the Club's relegation to the EFL Championship and its immediate promotion back to the Premier League. The Club expects that it will continue to discuss such P&S rules with the relevant football regulators.

If the Club was ultimately found to have failed to achieve compliance with any P&S rules which were held to be applicable to the Club in its specific circumstances then there would be a risk of sanction by the relevant governing body, but at the current time it is impracticable to estimate the likely impact of any such sanction.

19 Related party transactions

The Group and Company owed £100,120,878 as at 30 June 2024 (2023: £63,616,447) to King Power International Limited, the Company's immediate parent undertaking. The movement in the year includes subordinated loans of £36,500,000 plus £4,170,472 interest. The interest on the subordinated loans was varied during the year from 6% to 1% resulting in a capital contribution of £4,166,042 recognised in capital and reserves. At the same date the Group and Company were owed £3,398,353 (2023: £3,299,140) by King Power International Limited for costs incurred in the running of the international education project and retail products supplied by the Company.

The Group and Company also had sponsorship agreements with King Power International Limited in relation to the acquisition of sponsorship and marketing inventory including the primary training wear sponsorship and the stadium naming rights. £15,000,000 was invoiced in the year relating to the 2023/24, 2024/25 and 2025/26 seasons. Nothing was outstanding at 30 June 2024 (2023: £nil).

The Group and Company also entered into a sponsorship agreement with King Power Duty Free in relation to the stadium naming rights for the 2024/25 season and the Seagrave training ground naming rights for the 2023/24, 2024/25 and 2025/26 seasons. £15,000,000 was invoiced in the period ending 30 June 2023 with nothing outstanding at the 30 June 2024 (2023: £nil).

19 Related party transactions (continued)

The freehold interest in the Stadium is owned by K Power Holdings Company Limited, a company also controlled by King Power International Limited. The outstanding deferred purchase consideration payable by the Group and Company under the hire purchase agreement repayable on 30 June 2026 stands at £23,676,194 as at 30 June 2024 (2023: £21,922,402). This obligation increases at 8% per annum and £1,753,792 (2023: £1,750,747) has accrued on the amount during the year. The Group and Company also incurred costs on behalf of K Power Holdings Company Limited and the balance of £61,866 (2023: £61,866) remained unpaid at the year end pending further agreement on the adjacent site.

The Group and Company incurred costs of £857,504 (2023: £298,952) on behalf of K Power Sports Investments Limited in the year and the balance of £4,060,697 (2023: £3,139,193) remained outstanding to the Club at the year end.

The Group and Company were previously party to a management agreement with K Power Sports Investments Limited where the Club was charged a management fee based on turnover for management services provided. The balance outstanding at 30 June 2024 under this contract was £14,000,000 (2023: £14,000,000). Also at 30 June 2024 an amount of £350,000 (2023: £350,000) was owed to K Power Sports Investments Limited in relation to funds collected on their behalf. The Club received no charge from K Power Sports Investments Limited in the year (2023: £nil).

The Company obtained a subordinated loan of £30,000,000 from its chairman Aiyawatt Srivaddhanaprabha and the balance of £32,678,889 (2023: £32,068,889) including interest remained outstanding at the year end. The Company incurred interest charges of £610,000 (2023: £658,333) in the year.

The Group and Company supplied goods and services of £124,522 (2023: £51,925) to King Power Racing Co Limited in the year and the balance of £60,242 (2023: £44,580) remained outstanding at the year end.

The Group and Company incurred costs of £5,772 (2023: £5,340) on behalf of Gadbridge Limited, a company with a common director, in the year and the balance of £nil (2023: £nil) remained outstanding at the year end.

The Group and Company sold retail items to Multiply by Eight Co Ltd, a member of the King Power Group, amounting to £286,042 (2023: £196,443) and a balance of £79,070 (2023: £nil) remained outstanding at the year end. The Company also purchased retail items from Multiply by Eight Co Ltd amounting to £10,852 (2023: £1,758) during the year and a balance of £nil (2023: £nil) remained outstanding at the year end.

The Group and Company incurred no (2023: £nil) cost or sales on behalf of King Power Estates Limited, a company with a common director, during the year and the balance of £2,957 (2023: £2,957) remained outstanding at the year end.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

19 Related party transactions (continued)

Since the acquisition of LCWFC the Company has incurred costs on behalf of LCWFC. The Group and Company incurred costs of £4,079,766 (2023: £4,102,968) during the year and the balance of £12,582,177 (2023: £8,502,411) was provided for in full at the year ended 30 June 2024 by Leicester City Football Club Ltd.

King Power International Limited acquired OH Leuven CVBA, a Belgian football club competing in the Belgian First Division A, in June 2017. In the year the Group and Company has made sales amounting to £11,364 (2023: £71,851), and incurred no costs (2023: £3,601) on behalf of, OH Leuven CVBA. A balance of £550 (2023: £nil) remained outstanding at the year end.

During the year ended 30 June 2022 the Club sold a player that had previously been on loan at OHL Leuven CVBA with the transfer agreement stating that the Company take responsibility for the solidarity due to OH Leuven CVBA. The balance of £nil (2023: £50,614) is reported within transfers fees receivable at the year end for both the Group and Company.

During the year the Group and Company provided free administration, management and accounting support to the VS Foundation as well as collecting revenue, incurring costs, and making donations on its behalf. In the year the Group and Company received income of £14,963 (2023: £10,339) and made payments of £21,436 (2023: £1,046,998), on behalf of the VS Foundation. The Club donated £500,000 (2023: £nil) to the VS Foundation in the year. A balance payable to the VS Foundation of £475,448 (a balance payable to the Group and Company of £18,080) remained outstanding at the year end.

During the year the Group and Company also supported Leicester City Football Club Trust (operating as Leicester City in the Community) during the year through significant in kind contributions. In the year the Group and Company made payments of £150,212 (2023: £165,663) and collected receipts of £149,264 (2023: £nil) on behalf of Leicester City Football Club Trust, and sold tickets and merchandise to Leicester City Football Club Trust of £23,791 (2023: £48,392). A balance payable to the Group and Company of £12,652 (2023: £21,891) remained outstanding at the year end.

Notes to the consolidated financial statements for the year ended 30 June 2024 (continued)

21 Analysis of net debt (continued)

Debt is defined as bank loans and intercompany loans.

Non-cash movements relate to loans of £nil (2023: £194,237,000) converted into equity, £2,368,000 (2023: £4,093,000) accrued interest on amounts owed to group undertakings and £4,536,000 (2023: £7,266,000) on bank loans. The group undertakings amount is interest payable to group undertakings plus hire purchase contracts.

22 Offsetting financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where the Group currently has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

The following table presents the recognised financial instruments that are offset as at 30 June 2024. There were no balances subject to offset as at 30 June 2023. The column 'net amount' shows the impact on the group's balance sheet if all set-off rights were exercised.

The Group:	Effects of offsetting on the balance sheet		
30 June 2024	Gross amounts £'000	Gross amounts offset in the balance sheet £'000	Net amount £'000
Financial assets			
Debtors	120,809	(6,690)	114,119
Total	**120,809**	**(6,690)**	**114,119**
Financial liabilities			
Creditors: amounts falling due within one year	257,231	(3,296)	253,935
Creditors: amounts falling due after more than one year	124,820	(3,394)	121,426
Total	**382,051**	**(6,690)**	**375,361**

The group have entered into arrangements with another party where the creditor balance is offset against the debtor balance and settled net.

Docusign Envelope ID: AC454339-E8CF-43EC-A1F2-C3AEA9E00CD0

22 Offsetting financial assets and financial liabilities (continued)

The Company:	Effects of offsetting on the balance sheet		
30 June 2024	Gross amounts	Gross amounts offset in the balance sheet	Net amount
	£'000	£'000	£'000
Financial assets			
Debtors	120,446	(6,690)	113,756
Total	**120,446**	**(6,690)**	**113,756**
Financial liabilities			
Creditors: amounts falling due within one year	256,580	(3,296)	253,284
Creditors: amounts falling due after more than one year	124,820	(3,394)	121,426
Total	**381,400**	**(6,690)**	**374,710**

The company have entered into arrangements with another party where the creditor balance is offset against the debtor balance and settled net.

23 Changes resulting from prior period restatement

The financial statements for the period ended 30 June 2023 have been restated to correct the assessments of probability used when calculating the likelihood of contingent liabilities connected to the purchase of player registrations being triggered and concluded that amounts payable were not eligible for capitalisation based on information available at the capitalisation date.

This has resulted in a restatement of intangible asset values, Transfer fee creditors and amortisation, for certain intangible assets, in previous reporting periods which is reflected through the restated opening balances for the period ended 30 June 2023, and restated balances in the period ended 30 June 2023. There has been no tax or cashflow impact from these restatements.

The impact of this restatement is reflected in the Consolidated profit and loss account, Consolidated statement of comprehensive income, Consolidated and Company Balance Sheet, Consolidated and Company Statement of Changes in Equity, Consolidated Cash Flow Statement, Net Interest Payable, Group and Company Intangible Assets, Group and Company Creditors within one year, Group and Company Creditors greater than one year, Financial Instruments, Contingencies and commitments: Player transfer costs, and Net Cash Outflows from operating activities.

The movement on the financial statements is disclosed below.

Leicester City Football Club Limited

Notes to the consolidated financial statements for the year ended 30 June 2024 (continued)

23 Changes resulting from prior period restatement (continued)

Consolidated Profit and loss account
for the period ended 30 June 2023

	Note	As previously reported 2023 £'000	Adjust-ments 2023 £'000	Restated 13 months ended 30 June 2023 £'000
Turnover		177,326	-	177,326
Cost of sales	1	(301,787)	2,306	(299,481)
Gross loss		(124,461)	2,306	(122,155)
Administrative expenses	2	(26,862)	200	(26,662)

Net assets		68,197	9,718	77,915
Capital and reserves				
Called up share capital		306,993	-	306,993
Share premium account		8,475	-	8,475
Revaluation reserve		39,744	-	39,744
Profit and loss account	3	(287,015)	9,718	(277,297)
Total shareholders' funds		68,197	9,718	77,915

1) Decrease in Intangible Assets value from reversing the capitalisation of contingent liabilities that are not likely to be triggered.

23 Changes resulting from prior period restatement (continued)

2) Increase in Creditors: amounts falling due within one year and decrease in Creditors: amounts falling due after more than one year from no longer recognising contingent liabilities on the balance sheet that are not likely to be triggered.

3) Increase in Profit and loss account from reversing and correcting the amortisation, foreign exchange, profit on disposal of player registration, and FRS102 discounted interest charges both within the year and prior periods as a result of no longer recognising contingent liabilities on the balance sheet that were not likely to be triggered.
