WEST BROMWICH ALBION FOOTBALL CLUB LIMITED

STRATEGIC REPORT

FOR THE YEAR ENDED 30 JUNE 2025

The directors present the strategic report for the year ended 30 June 2025.

Fair review of the business

The 2024/25 season saw West Bromwich Albion Football Club ("Club") compete in the English Football League (EFL) Championship for the fourth successive season.

Within the EFL Championship, all Clubs are annually assessed by the EFL for their compliance with financial regulations such as Profitability and Sustainability and Future Financial Information. The EFL's Profit and Sustainability Rules in overview permit clubs to incur adjusted losses up to £39m over a three-year period before any restrictions on spending are applied. The Club's trading activities within 24/25 supported reducing the brought forward deficit with various activities, predominantly player trading. Players sold included Brandon Thomas-Asante, Okay Yokuslu, Conor Townsend, Mo Faal and Alex Palmer.

To stay competitive, the Club strengthened the squad with a total of 12 new players recruited permanently and on loan throughout the season. Player acquisitions included Torbjorn Heggem, Mikey Johnston, Callum Styles, Isaac Price, Tammer Bany, Gianluca Frabotta and Nat Phillips, while Paddy McNair, Lewis Dobbin, Mason Holgate, Will Lankshear & Adam Armstrong arrived on loan.

The 2024/25 season began with Head Coach Carlos Corberán, who departed the club for Valencia on 24 December 2024.

For the interim period Chris Brunt, led the first team for six competitive fixtures. On 17 January 2025, Tony Mowbray was appointed as Head Coach. Unfortunately, the team were unable to consistently deliver positive results that suggested a challenge for promotion. Tony Mowbray left his position as Head Coach of the Club on 21 April 2025 and James Morrison was appointed as Interim Head Coach and led the men's first team for its final two league fixtures. The Club ended the 2024/25 season in ninth place. Ryan Mason was subsequently appointed as the men's first team Head Coach on 2 June 2025.

Financially, turnover increased from £28.2m to £30.4m due to increased central distributions from the EFL. The company generated a loss before tax for the year of £20.0m (period ended 30 June 2024: loss of £33.9m).

Staff costs decreased to £37.1m (period ended 30 June 2024: £42.9m), with the decrease predominantly driven by changes in first team players and senior leadership staff. The Club continues to assess its cost base whilst continuing to play in the English Football League Championship.

West Bromwich Albion Women's first-team marked their first season as a fully integrated part of the club. Under Head Coach Siobhan Hodgetts-Still, the women's team finished 7th in the FA Women's National League North for the 2024/25 season. The team enjoyed success in two cup competitions, exiting the FA Women's Cup to Manchester United in the fourth round, before winning the Birmingham County FA Challenge Cup with an emphatic 6-2 victory over Rugby Borough.

The Club and its official charity partner, The Albion Foundation (TAF), continued to support the local community in a variety of different ways with a specific focus on their Go Local, Grow our Own and Football for All strategic themes. The vision is to create "A Proud Albion Family, Engaged, Inspired and Achieving its Potential, Making a measurable difference in our local community." The Club and TAF continue to work collaboratively on several strategies including the "Albion Cares" strategy encompassing Equality. Diversity and Inclusion, Well-being and Sustainability.

In December 2022, the club announced that it had commissioned an independent investigation by a leading King's Counsel (KC) into the 2014 loan by the Club to West Bromwich Albion Holdings Limited. The KC was provided with a substantial amount of documentation and evidence. The investigation took 18 months to complete and concluded in August 2024. It was in the stakeholders' interest for the investigation to be as thorough as possible. The club statement made on 14 August 2024 explained that the report was reviewed carefully by both the Club and the representative of S4A (Shareholder for Albion), with their respective solicitors. Having done so, both concluded that no further action will be taken and, so far as both the Club and S4A are concerned, the matter is closed. Bilkul Football WBA, LLC (Bilkul) have assumed full responsibility to repay the 2014 loan with all accumulated interest, the repayment date being varied to 12 September 2026.

Statement by the Directors on performance of their statutory duties in accordance with s172(1) Companies Act 2006

Section 172 of the Companies Act 2006 requires Directors to take into consideration the interests of stakeholders in their decision making. This is achieved through regular contact (verbal and written) with the Senior Management Team, Bilkul and/or external advisors (where necessary), whose views and recommendations are taken into consideration.

The likely consequences of any decision in the long term

The Directors consider all the potential impacts and risks for the Club, supporters, employees, the local community, suppliers and the governing authorities when making decisions, believed to be in the best interest of the company and its shareholders.

All decisions are designed to promote success on the pitch, whether this be promotion from the English Football League to the English Premier League (EPL) or the work undertaken to build a playing squad capable of regaining its EPL status. The relatively short-term nature of these goals is tempered by the Club's commitment to remain financially stable. The Directors consider all the potential impacts and risks for the Club, supporters, employees, the local community, suppliers, and governing authorities when making decisions, which they believe to be in the best interests of the Company and its shareholders.

The interests of the company's employees

The Club's employees are fundamental to the successful operations of the company, regardless of their role or where they are based. The Club and the Club's Board of Directors are fully committed to equality, diversity and inclusion objectives and ensure this is cascaded down to all departments. The Health and Safety of the Club's employees continues to be a key focus as is ensuring the mental well-being of all employees. As well as now having fully trained mental health first aiders, the Club has provided all employees with 24/7 access to relevant information and support lines.

The need to foster the company's relationships with suppliers, customers, and others

As a company we work closely with the business community across the local area in terms of using services, procuring goods, and providing conferencing facilities for them to use. Where possible, the company aims to support the local economy and recognises the need to be socially responsible. The company has good working relationships with key stakeholders, particularly our principal club sponsors, Ideal Heating. The company actively engages with its regulatory bodies (the EPL, the EFL and the Football Association) and is committed to operating within their framework of rules and regulations.

The Club's supporters are also of particular importance, and we are committed to maintaining an open dialogue with key stakeholders. The company ensures all facilities are maintained to a high standard and regularly engages in dialogue with supporters. This relationship is predominantly maintained through its Fan Advisory Board (FAB), the Albion Assembly and shareholder meetings, which enable our supporters and shareholders to discuss key issues with senior Club officials.

The impact of the company's operations on the community and the environment

The company supports and works alongside The Albion Foundation, its charitable arm and official charity partner, to provide a number of initiatives to the local community. The Albion Foundation utilises the company's access to EPL and EFL funds, the Club's brand, and the power of football to deliver excellence in Wellbeing, Behaviour Change and Active Lifestyles to the local community. The company currently has three senior members of staff that serve as trustees to The Albion Foundation.

West Bromwich Albion Football Club and The Albion Foundation have joined forces to ensure they are playing their part in the worldwide environmental sustainability challenge. As a football club committed to its local community, the Club is aware of its environmental impact. The Club believes it has a vital role to play in minimising this impact by the club, staff, and fans on their environment. A focus within the Club's policies, along with 'Baggies Pastures Green' the Club's sustainability group, to minimise its impact on the environment.

The desirability of the company maintaining a reputation for high standards of business conduct

The very nature of the company's business means that it is high profile and generates significant interest, locally, nationally, and internationally. This makes it extremely important that the company maintains and conducts all its business to a very high standard. The directors have developed policies and frameworks to ensure this goal is met and when matters are identified or reported they are appropriately investigated, and actions taken as necessary.

The need to act fairly between members of the Group

All decisions are made with the benefit of the company at the fore and therefore they are for the benefit of all members of the Group.

Principal risks and uncertainties

The board is aware of the risks which affect the company. It has analysed previous seasons spent in the EPL and EFL Championship and has tried to implement lessons learnt from these experiences. The long-term policy of the Club is to strive to be a member of the EPL and improve its infrastructure year on year.

Credit and liquidity risk are the main financial risks faced by the company. Credit risk is mitigated by implementing effective credit control procedures on trade and other debtors. The company has no significant concentration of credit risk, with exposure spread over a large number of counterparties and customers. Liquidity Risk is mitigated by running detailed cash flow forecasts and budgets, enabling Management to make effective decisions in a timely manner. Bilkul have provided a letter of support to the company surrounding future cash injections.

The Directors also actively monitor and consider the role of the Profit and Sustainability (PSR) regulations in how it operates. These regulations require that the Board considers all aspects of how any player transfer or wage agreements entered into are beneficial to the Club in the long-term as well as the short-term. The Management of the Club will continue to review forecast compliance with PSR regulations.

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2025

Key performance indicators

	Period ended 30 June 2025	Period ended 30 June 2024	Period ended 30 June 2023	Year ended 30 June 2022	Year ended 30 June 2021
League	Championship	Championship	Championship	Championship	Premier League
Turnover	£30.4m	£28.2m	£56.7m	£65.4m	£106.9m
Operating profit/ (loss) before player trading, amortisation and impairment	(£19.7m)	(£29.2m)	(£7.0m)	£4.6m	£21.1m
(Loss)/profit before tax	(£20.0m)	(£33.9m)	(£11.0m)	£5.4m	£0.1m
League position	9th	5th	9th	10th	19th
Points	64	75	66	67	26
Average attendance	24,984	24,049	23,000	21,900	N/A*
Season ticket holders	20,590	18,689	18,328	17,680	N/A**

*Due to COVID-19 restrictions enforced both locally and nationally 18 of 19 home league fixtures were played behind closed doors. The final home league game of the season did see fans back at The Hawthorns but this was restricted to a maximum of 25% of stadium capacity.

**Season tickets that were sold ahead of the 2020/21 season were either refunded to fans or rolled over to be used against future purchases. No season ticket income has been recognised in 2020/21.

On behalf of the board

Director

Date: 12/27/2025

WEST BROMWICH ALBION FOOTBALL CLUB LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2025

The directors present their annual report and financial statements for the year ended 30 June 2025.

Principal activities
The principal activity of the company ("the club") continued to be that of a Professional Football Club.

Results and dividends
The results for the year are set out on page 11.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

M Miles	(Resigned 15th September 2025)
S Patel	
E Gobetz	(Appointed 15th September 2025)

Disabled persons
Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment within the company continues and that the appropriate training is arranged. It is the policy of the company that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

Employee involvement
The company's policy is to consult and discuss with employees matters likely to affect employees' interests.

Information about matters of concern to employees is given through information bulletins and reports which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the company's performance.

Post reporting date events
Since the Balance Sheet date various players have been signed and sold. Player Sales include Tom Fellows to Southampton, Torbjorn Heggem to Bologna, Caleb Taylor to Millwall and Darnell Furlong to Ipswich. Players acquired were Krystian Bielik, Aune Heggebo, George Campbell, Chris Mepham and Alfie Gilchrist.

The income arising from transfers and compensation agreements, less the applicable levies and sell on clauses, is £19,370,000 for the year ending June 2026.

The Club acquired various players from transfers including the applicable levies at a cost of £10,000,000. These transfers will be accounted for in the year ending June 2026.

Bilkul Football WBA, LLC, have continued to provide operating monies for the Club. Additional funding totalling £12,862,000 has been received. These monies have been transferred to West Bromwich Albion Football Club Limited from West Bromwich Albion Group Limited.

On 15 September 2025, Managing Director Mark Miles stepped down from his role. Andrew Nestor was appointed as President of West Bromwich Albion Football Club on 17 September 2025. The Club also announced the appointments of Ashish Patel as Chief Marketing Officer and Ethan Gobetz as Chief Financial Officer.

Auditor
The auditor, Azets Audit Services, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of carbon emissions in compliance with Streamlined Energy and Carbon Reporting (SECR)

The company has taken the exemption available not to produce an Energy and Carbon Report on the grounds that is a wholly owned subsidiary that is incorporated into the consolidated financial statements of it's immediate parent undertaking West Bromwich Albion Group Limited, which produces a consolidated Energy and Carbon Report for the group as a whole.

Strategic report
The company has chosen in accordance with Companies Act 2006, s. 414C(11) to set out in the company's strategic report information required by Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008, Sch. 7 to be contained in the directors' report. It has done so in respect of Financial instruments.

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Going concern and future developments
These financial statements are prepared on the going concern basis. The directors assess going concern on a group wide basis. The directors have a reasonable expectation that the West Bromwich Albion group of companies including West Bromwich Albion Football Club Limited will continue to operate for the foreseeable future. This being at least 12 months from the approval of the financial statements.

Following a fourth season within the EFL Championship in season 2024/25, the Board have paid due consideration to the overall club strategy, playing squad, and operating and financing cash flows, including all significant revenue streams, the operating cost base of the club, player trading and sources of finance.

The Group prepares detailed cash flow forecasts each financial year considering a range of reasonably foreseeable potential scenarios in relation to income and costs, and has done so until the conclusion of season 2026/27 – to 30 June 2027.

Bilkul Football WBA, LLC have issued a letter of support to the West Bromwich Albion Group of companies indicating their intention to continue to provide financial support to the Group, enabling liabilities to be met as they fall due for a period of at least 12 months from the date of signing the financial statements. This includes the non-recall of existing shareholder loans provided to the Group.

The Club retains a level of flexibility in its playing squad options and the directorS will balance the financial needs with a squad that has the ability to still succeed in the EFL Championship.

Based on the above, the directors remain confident the group will generate sufficient resources to meet its liabilities as they fall due for a period of at least 12 months and has therefore concluded that it is appropriate for the financial statements to be prepared on a going concern basis.

On behalf of the board

.....
S Patel
Director

Date: 27 December 2025

WEST BROMWICH ALBION FOOTBALL CLUB LIMITED

DIRECTORS' RESPONSIBILITIES STATEMENT

FOR THE YEAR ENDED 30 JUNE 2025

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

WEST BROMWICH ALBION FOOTBALL CLUB LIMITED

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF WEST BROMWICH ALBION FOOTBALL CLUB LIMITED

Opinion

We have audited the financial statements of West Bromwich Albion Football Club Limited (the 'company') for the year ended 30 June 2025 which comprise the statement of comprehensive income, the balance sheet, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2025 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF WEST BROMWICH ALBION FOOTBALL CLUB LIMITED

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which our procedures are capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above and on the Financial Reporting Council's website, to detect material misstatements in respect of irregularities, including fraud.

We obtain and update our understanding of the entity, its activities, its control environment, and likely future developments, including in relation to the legal and regulatory framework applicable and how the entity is complying with that framework. Based on this understanding, we identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This includes consideration of the risk of acts by the entity that were contrary to applicable laws and regulations, including fraud.

In response to the risk of irregularities and non-compliance with laws and regulations, including fraud, we designed procedures which included:

- Enquiry of management, including legal counsel, the company's lawyers and those charged with governance around actual and potential litigation and claims as well as actual, suspected and alleged fraud;
- Reviewing minutes of meetings of those charged with governance;
- Assessing the extent of compliance with the laws and regulations considered to have a direct material effect on the financial statements or the operations of the company through enquiry and inspection;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations;
- Performing audit work over the risk of management bias and override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for indicators of potential bias.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Balance at 30 June 2025	-	3,175	(613)	(47,543)	(44,981)

The notes on pages 14 to 32 form part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2025

1 Accounting policies

Company information

West Bromwich Albion Football Club Limited is a private company limited by shares incorporated in England and Wales. The registered office is The Hawthorns, West Bromwich, United Kingdom, B71 4LF.

The company's ultimate parent company is Bilkul Football WBA, LLC, a company registered in USA. The highest company for which group financial statements as at 30 June 2025 have been prepared is West Bromwich Albion Group Limited, a company incorporated in England and Wales.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £'000.

The financial statements have been prepared under the historical cost convention, modified to include investment properties at fair value. The principal accounting policies adopted are set out below.

This company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of that group prepares publicly available consolidated financial statements, including this company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group. The company has therefore taken advantage of exemptions from the following disclosure requirements:

- Section 7 'Statement of Cash Flows': Presentation of a statement of cash flow and related notes and disclosures;
- Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instrument Issues: Interest income/expense and net gains/losses for financial instruments not measured at fair value; basis of determining fair values; details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income;

The financial statements of the company are consolidated in the financial statements of West Bromwich Albion Group Limited.These consolidated financial statements are available from its registered office, The Hawthorns, Halfords Lane, West Bromwich, West Midlands, B71 4LF.

1 Accounting policies **(Continued)**

1.2 Going concern

These financial statements are prepared on the going concern basis. The directors assess going concern on a group wide basis. The directors have a reasonable expectation that the West Bromwich Albion group of companies including West Bromwich Albion Football Club Limited will continue to operate for the foreseeable future. This being at least 12 months from the approval of the financial statements.

Following a fourth season within the EFL Championship in season 2024/25, the Board have paid due consideration to the overall club strategy, playing squad, and operating and financing cash flows, including all significant revenue streams, the operating cost base of the club, player trading and sources of finance.

The Group prepares detailed cash flow forecasts each financial year considering a range of reasonably foreseeable potential scenarios in relation to income and costs, and has done so until the conclusion of season 2026/27 – to 30 June 2027.

Bilkul Football WBA, LLC have issued a letter of support to the West Bromwich Albion Group of companies indicating their intention to continue to provide financial support to the Group, enabling liabilities to be met as they fall due for a period of at least 12 months from the date of signing the financial statements. This includes the non-recall of existing shareholder loans provided to the Group.

The Club retains a level of flexibility in its playing squad options and the directors will balance the financial needs with a squad that has the ability to still succeed in the EFL Championship.

Based on the above, the directors remain confident the group will generate sufficient resources to meet its liabilities as they fall due for a period of at least 12 months and has therefore concluded that it is appropriate for the financial statements to be prepared on a going concern basis.

1.3 Turnover

Turnover represents all income arising from the activities of the company excluding player transfer fees and Value Added Tax. Included within turnover are English Football League receipts, net gate receipts, merchandising/retail receipts, sponsorship and advertising receipts, conferencing and event receipts and other income.

EFL income is recognised in full in the season to which it relates.

Season tickets and seasonal hospitality income is recognised over the season to which they relate and released over the home matches played.

Sponsorship and advertising income is recognised over the duration of the contract. Dependent on the terms of the contract this can be spread on a match to match or straight line basis.

Net gate receipts, including match day hospitality receipts, are recognised in the relevant match date.

Conference and event income is recognised on the date of the event.

Retail income is recognised at the point of sale.

Other operating income comprises income that arises from activities not forming part of the revenue generating activities of the company. Measurement is at the fair value of consideration received or receivable, in the period to which it relates.

1 Accounting policies **(Continued)**

1.4 Intangible fixed assets and amortisation

The cost of acquiring player registrations is included in the balance sheet as intangible assets at cost (inclusive of directly attributable costs such as club agent fees) less amortisation, which is charged over the length of the relevant contract. Where contracts are extended, the economic useful life is amended as a change in accounting estimate. Contingent consideration is recognised when the defined events are deemed probable in the opinion of the directors - given the nature of the football industry, this is when the event has occurred. Provision is made where, in the opinion of the directors, an impairment of the carrying value of player registrations has occurred.

1.5 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land	Nil
Freehold property	2% to 20% straight line
Fixtures, fittings, plant & equipment	2% to 25% straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

Land is not depreciated. Depreciation on other assets is charged so as to allocate the costs of assets less their residual value over their estimated useful lives, using the straight-line method.

1.6 Investment properties

Investment property, which is property held to earn rentals and/or for capital appreciation, is initially recognised at cost, which includes the purchase cost and any directly attributable expenditure. Subsequently it is measured at fair value at the reporting end date. Changes in fair value are recognised in profit or loss.

1.7 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

1 Accounting policies **(Continued)**

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.8 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition.

Stocks held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of stocks over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in profit or loss.

1.9 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.10 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. This typically occurs for long term player transfer receivables. Financial assets classified as receivable within one year are not amortised.

1 Accounting policies **(Continued)**

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans and loans from fellow group companies, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Long term player payables are also accounted for in this manner. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the company's contractual obligations expire or are discharged or cancelled.

1.11 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.12 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

1 Accounting policies **(Continued)**

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.13 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.14 Retirement benefits

The Company operates defined contribution plans for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in the Profit and loss account when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plans are held separately from the Company in independently administered funds.

1.15 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessees. All other leases are classified as operating leases.

Assets held under finance leases are recognised as assets at the lower of the assets fair value at the date of inception and the present value of the minimum lease payments. The related liability is included in the balance sheet as a finance lease obligation. Lease payments are treated as consisting of capital and interest elements. The interest is charged to profit or loss so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leases asset are consumed.

1 Accounting policies **(Continued)**

1.16 Government grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

1.17 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £'000.

1.18 Heritage Assets

The Club holds a collection of football memorabilia which is not recognised in the Balance Sheet as cost information is not readily available and the directors believe that the benefits of obtaining valuations for these items would not justify the cost. The memorabilia has been built up over many years through existing items from the Club, donations and occasional acquisitions. The Club draws upon the collection for display in the stadium. The directors are of the opinion, that should a valuation for the collection be obtained, that the valuation would not be material in the context of these financial statements and is incidental to the main activity of the Club. Consequently, further disclosures under FRS102 in respect of Heritage Assets are not deemed necessary.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

In preparing the financial statements, the directors have made the following key judgements, estimates or assumptions:

2 Judgements and key sources of estimation uncertainty (Continued)

Impairment of non-current assets

The Company assess the impairment of tangible and intangible assets subject to amortisation or depreciation whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors considered important that could trigger an impairment review include the following:

- Significant underperformance relative to historical or projected future operating results, including relegation from the current league;
- Significant damage or, in context of players; significant injury;
- Significant changes in the manner of the use of the acquired assets or the strategy for the overall business; and
- Significant negative industry or economic trends.

Investment property valuation

On 30 January 2024, the freehold investment property was professionally valued by RICS registered Chartered Surveyors, on an open market for existing use basis.

The directors are of the view that there is no material difference between the carrying value and market value at 30 June 2025.

Recoverability of loans

Management assess the recoverability of loans on an annual basis including amounts loaned to third parties. As part of this process the Directors consider the likely fair value based on a likely plan for repayment.

On 28 February 2024 Bilkul Football WBA, LLC acquired an 87.8% shareholding in West Bromwich Albion Group Limited, the immediate parent company of West Bromwich Albion Football Club Limited. As part of the acquisition by Bilkul Football WBA, LLC, a funding agreement has been agreed with the club and EFL to 30 June 2025 which has also led to the liabilities associated with the 2014 loan between West Bromwich Albion Football Club and West Bromwich Albion Holdings Limited being novated to Bilkul Football WBA, LLC and the release of the guarantee by Yunyi Guokai (Shanghai) Sports Development Limited. Bilkul has assumed full responsibility to repay the 2014 Loan with all accumulated interest, the repayment date being varied to 12 September 2026.

Discounting of player payables and player receivables

The discounting of the deferred payments for the purchase of players' registrations produces a notional interest payable and this is charged to interest payable. The discounting of the deferred receipts for the sale of players' registrations produces a notional interest receivable and this is recognised in interest receivable. The company measures non-current transfer fees at amortised cost using the effective interest method. The effective interest rate is the rate which exactly discounts the estimated future receipts or payments over the life of the instrument to its carrying amount at initial recognition. Whilst the periods of repayment are determinable, an estimate of the interest rate to be used has to be made based on current market rates.

3 Turnover and other revenue

	2025 £'000	2024 £'000
Turnover analysed by class of business		
Gate receipts	6,767	7,111
Merchandising	2,579	2,694
Media related activities	12,790	11,355
Other commercial income	8,216	7,049
	30,352	28,209

	2025 £'000	2024 £'000
Other income		
Insurance receipts	-	439
Compensation received - head coach and management team	2,500	-
Grants received	140	67

All turnover arose within the United Kingdom and relates to the principal activity.

The Company only recognises one segment, being football operations, therefore no further segmental information is provided.

4 Operating loss

Operating loss for the year is stated after charging/(crediting):	2025 £'000	2024 £'000
Government grants	(140)	(67)
Depreciation of owned tangible fixed assets	967	843
Amortisation of player registrations	9,775	8,750
Profit on disposal of player registrations	(9,199)	(3,534)
Operating lease charges	47	75

5 Auditor's remuneration

Fees payable to the company's auditor and associates:	2025 £'000	2024 £'000
For audit services		
Audit of the financial statements of the company	59	53
For other services		
Audit-related assurance services	12	11
Other taxation services	-	2
All other non-audit services	5	5
	17	18

6 Employees

The average monthly number of persons (including directors) employed by the company during the year was:

	2025 Number	2024 Number
First Team Players and Coaching	100	71
Scholars and Youth coaching	64	60
Administration and Commercial	82	78
Ground Staff	12	17
Total	258	226

Their aggregate remuneration comprised:

	2025 £'000	2024 £'000
Wages and salaries	32,659	37,847
Social security costs	4,209	4,874
Pension costs	182	178
	37,050	42,899

In addition to the above the Club also employs an average of 325 (for the period ended 30 June 2024 - 259) temporary staff.

7 Directors' remuneration

	2025 £'000	2024 £'000
Remuneration for qualifying services	311	476
Company pension contributions to defined contribution schemes	24	25
Settlement agreements	-	225
	335	726

The number of directors for whom retirement benefits are accruing under defined contribution schemes amounted to 1 (2024 - 2).

Remuneration disclosed above include the following amounts paid to the highest paid director:

	2025 £'000	2024 £'000
Remuneration for qualifying services	311	165
Company pension contributions to defined contribution schemes	24	1
Settlement agreement	-	225

7 Directors' remuneration (Continued)

In 2024, Settlement agreements totalling £225,000 have been recharged to West Bromwich Albion Group Limited and then recharged onward for settlement by Bilkul Football WBA LLC and form a part of amounts owed to West Bromwich Albion Group Limited by Bilkul Football WBA LLC.

8 Interest receivable and similar income

	2025 £'000	2024 £'000
Interest income		
Interest on bank deposits	103	200
Interest earned on related party balances	369	388
Notional interest arising on long term player transfer receivables	220	306
Total income	692	894

9 Interest payable and similar expenses

	2025 £'000	2024 £'000
Interest on bank overdrafts and loans	4	10
Notional interest arising on long term player transfer payables	435	-
Interest arising on factoring of player transfer receivables	-	262
	439	272

10 Taxation

	2025 £'000	2024 £'000
Deferred tax		
Origination and reversal of timing differences	8,070	1,237
Tax losses carried forward	(8,070)	(1,237)
Total deferred tax	-	-

10 Taxation (Continued)

The actual charge for the year can be reconciled to the expected credit for the year based on the profit or loss and the standard rate of tax as follows:

	2025 £'000	2024 £'000
Loss before taxation	(19,992)	(33,868)
Expected tax credit based on the standard rate of corporation tax in the UK of 25.00% (2024: 25.00%)	(4,998)	(8,467)
Tax effect of expenses that are not deductible in determining taxable profit	54	-
Fixed asset differences	(3,237)	(208)
Movement in deferred tax not recognised	8,181	8,675
Taxation charge for the year	-	-

The company has deferred tax liabilities arising on tangible and intangible fixed asset timing differences totalling £8,825,000 (2024: £8,675,000) offset by deferred tax assets arising on losses, as balances arise in the same tax jurisdiction and can be legally offset. Losses amount to £98,912,000 (2024: £66,632,000), with total deferred tax assets arising from losses totalling £24,728,000 (2024: £16,658,000) and therefore in excess of deferred tax liabilites, however the excess is not recognised due to uncertainty over it's recoverability.

11 Intangible fixed assets

	Player registrations £'000
Cost	
At 1 July 2024	52,205
Additions	10,456
Disposals	(22,231)
At 30 June 2025	40,430
Amortisation and impairment	
At 1 July 2024	39,463
Amortisation charged for the year	9,775
Disposals	(22,126)
At 30 June 2025	27,112
Carrying amount	
At 30 June 2025	13,318
At 30 June 2024	12,742

11 Intangible fixed assets **(Continued)**

12 Tangible fixed assets

	Freehold land	Fixtures, fittings, plant & equipment	Total
	£'000	£'000	£'000
Cost			
At 1 July 2024	30,996	8,443	39,439
Additions	454	516	970
At 30 June 2025	31,450	8,959	40,409
Depreciation and impairment			
At 1 July 2024	13,596	7,962	21,558
Depreciation charged in the year	679	288	967
At 30 June 2025	14,275	8,250	22,525
Carrying amount			
At 30 June 2025	17,175	709	17,884
At 30 June 2024	17,400	481	17,881

13 Investment property

	2025
	£'000
Fair value	
At 1 July 2024 and 30 June 2025	934

On 30 January 2024, the freehold investment property was professionally valued by RICS registered Chartered Surveyors, on an open market for existing use basis.

The directors are of the view that there is no material difference between the carrying value and market value at 30 June 2025.

The carrying value of investment property comprises:

	2025	2024
	£'000	£'000
Freehold	500	500
Long leasehold	434	434
	934	934

14 Stocks

	2025 £'000	2024 £'000
Finished goods and goods for resale	706	414

Stocks are stated after provisions for impairment of £8,000 (2024: £8,000).

There is no material difference between the replacement cost of stocks and the amounts stated above.

15 Debtors

Amounts falling due within one year:	2025 £'000	2024 £'000
Trade debtors	2,770	2,831
Amounts receivable in respect of player transfers	2,547	1,834
Corporation tax recoverable	18	18
Amounts owed by group undertakings	2,570	2,633
Other debtors	218	226
Prepayments and accrued income	2,348	742
	10,471	8,284

Amounts falling due after more than one year:	2025 £'000	2024 £'000
Amounts receivable in respect of player transfers	2,413	1,987
Amounts owed by Bilkul Football WBA, LLC	6,149	5,780
	8,562	7,767
Total debtors	19,033	16,051

Trade debtors are stated after provisions for impairment of £11,000 (2024: £11,000).

Amounts owed by Bilkul Football WBA, LLC relate to the "2014 loan" which as part of the acquisition of the club by Bilkul on 28 February 2024, was novated from West Bromwich Albion Holdings Limited to Bilkul Football WBA, LLC on 28 February 2024 and the guarantee by Yunyi Guokai (Shanghai) Sports Development Limited was released. Bilkul has assumed full responsibility to repay the 2014 Loan, which is unsecured, with all accumulated interest, the repayment date being varied to 12 September 2026.

The amount outstanding consists of amounts totalling £3,778,000 and accrued interest of £2,371,000 (2024: £2,002,000). Interest accrues at the Bank of England Base rate + 5%.

16 Creditors: amounts falling due within one year

	Notes	2025 £'000	2024 £'000
Obligations under finance leases		56	-
Other borrowings	18	-	1,805
Trade creditors		1,530	1,593
Amounts payable in respect of player transfers		6,956	2,700
Amounts owed to group undertakings		72,262	53,114
Taxation and social security		1,939	1,756
Government grants	19	67	67
Other creditors		81	546
Accruals and deferred income		10,171	8,731
		93,062	70,312

Amounts owed to group undertakings are unsecured, have no fixed date for repayment and are all repayable on demand. The directors do not expect to make substantial repayment of the amounts owed to group undertakings within 12 months following approval of these financial statements.

Other loans	-	3,789
Payable within one year	-	1,805
Payable after one year	-	1,984

18 Loans and overdrafts **(Continued)**

Other loans in 2024 represented a debt factoring arrangement, entered into during that year. Under the terms of this arrangement, the company assigned receivables to the factor in exchange for immediate cash proceeds, repayable over a two year term. The factoring arrangement was with recourse, meaning the company retained the credit risk on the receivables. The factor held a security interest over the receivables.

At 30 June 2024, the company had factored player transfer receivables with a carrying amount of £4,000,000.

During the year to 30 June 2025 the loan has been repaid, along with receipt of the player receivable balance.

21 Reserves

Revaluation reserve

The revaluation reserve represents amounts revalued in relation to freehold property.

Investment property revaluation reserve

The investment property revaluation reserve represents amounts revalued in relation to investment property net of deferred tax recognised on the revaluation.

Profit and loss reserves

The profit and loss account reserve represents all current and prior period cumulative profits and losses. The profit and loss account reserve comprises the profit and loss account and the investment property revaluation reserve. The investment property revaluation reserve is shown separately in order to disclose fair value movements.

22 Contingent liabilities

a) The terms of certain contracts with other football clubs in respect of the transfer of players' registrations include the payment of certain amounts upon fulfilment of a specific number of appearances in the future, or the occurrence of future events, which amounts to £12.14m (2024: £4.43m).

b) The Club intends to present a compliant PSR submission to the EFL by 31 December 2025. This will be ratified by the EFL after the approval of the financial statements. The company are not able to estimate or predict any impact of non-compliance should the EFL fail to ratify the club's submission.

c) In December 2022, West Bromwich Albion Group Limited secured a £20m loan facility from MSD UK Holdings Limited, which has been fully drawn down. The loan is secured by a fixed and floating charge over all of the assets of West Bromwich Albion Group Limited, West Bromwich Albion Football Club Limited, WBA Football Development Limited and West Bromwich Albion Heritage Limited. The loan facility was extended by £8m in November 2023, and it's carrying amount at 30 June 2025 totals £25,718,000 (30 June 2024: £25,524,000).

23 Operating lease commitments
