AS AT 31 MAY 2024

Directors' statement of compliance with duty to promote the success of the Company

Section 172 of the Companies Act 2006 requires the directors of a company to act in a way they consider to be in good faith and would be most likely to promote the success of the Company for the benefit of all its members both in the current period and in the long term.

In discharging their duties above, the directors carefully consider, amongst other matters, the impact of their decisions on various stakeholder groups. The groups we consider in this regard are our employees, our customers, our suppliers and our shareholders as well as the wider community in which we operate. The directors recognise that building strong relationships with our stakeholders will help us to deliver our long-term strategy in line with our core values and operate the business in a sustainable way. We are committed to conducting business responsibly. The directors do not believe that there have been any key decisions faced during the year which require specific reference and have had significant impact on any of the Company's stakeholder groups.

Fans

Our supporters are the heartbeat of the football club; their passionate and loyal support is appreciated by everyone at the club and is never taken for granted.

Whilst our fanbase continues to grow it is important for us to ensure that every action taken has the core aim of improving team performances and increasing engagement with all sections of the fanbase, ensuring supporters can remain connected with their club.

We are committed to providing a high standard of communication and consultation to our supporters and important club updates are provided through the official website as well as through the official club social media channels.

Following supporter feedback, the fan services team was introduced, acting as a central hub with one single point of contact for all supporter enquiries and feedback. As well as providing a reliable platform for telephone and email enquiries, the fan services team introduced two new contact methods for supporters with fans now able to submit a direct message to a dedicated fan help account and can also live chat with an advisor. Fan Services enquiry data is shared with senior management on a weekly basis in order to understand any issues or trends and also to shape future decision making.

The club have a dedicated supporter liaison officer with the aim of communicating key information to supporters ahead of both home and away matches, as well as working closely with individual supporters to work to resolve any issues that they may experience on a matchday. The supporter liaison officer (SLO) produces matchday guides for supporters ahead of each game detailing any important updates relating to travel or experience on the day. These updates are also shared from a dedicated social media channel @WolvesHelp which is designed to share important updates for match going supporters.

The club also have a dedicated disability access officer as a point of contact for disabled supporters, and is committed to making Molineux accessible for all supporters. New initiatives are regularly introduced, such as dementia packs and British Sign Language volunteers to ensure as many supporters can get the most out of their visit to Molineux.

The club currently operate a number of fan focus groups which allow supporters to work closely with the club on the subjects that matter most to them. The matchday experience group was launched in 2018 and proved to be a big success, working with supporters to improve the matchday experience and deliver initiatives. A further series of groups covering EDI, ticketing and retail were launched in January 2022. These groups have allowed fan suggestions and feedback to influence a number of decisions and initiatives, such as the end of ticketing admin fees, revamping of the ticket resale scheme and the implementation of an away match ticketing ballot.

Ahead of the 2023/24 season, the club also introduced an environmental sustainability fan focus group. A terms of reference plus updates from fan focus groups will be detailed on the club's official website at wolves.co.uk/fans in the form of meeting notes. Dates of previous focus group meetings will also be detailed.

In addition to the existing fan engagement and consultation initiatives, the club launched a new fan advisory board ahead of the 2023/24 season. The purpose of the fan advisory board is to create a consultative panel of supporters who work alongside the club with the primary purpose of engaging in dialogue, exchanging information and ideas, and securing feedback from the fans' perspective. To achieve consistency between the club's other fan engagement and consultation initiatives, the fan advisory board is made up of a representative from each of the club's fan focus groups along with a representative from the Wolves 1877 Supporters Trust, a representative from the Wolves Disabled Supporters Association and an independent supporter representative.

The club welcomes all feedback from supporters and encourage fans with any queries, issues, concerns or praise to get in touch. The club remain committed to finding new ways to consult with as many fans as possible.

Employees

At Wolves we are committed to promoting a healthy workforce across the two main campuses comprising of both physical and mental wellbeing and staff engagement initiatives. An open-plan working space called The Hub was created recently at the stadium to foster collaboration. Every May the club recognises staff achievements via the end of season awards dinner, and throughout the year colleagues can say thanks to each other via a separate recognition scheme called Shine – We See You.

The club has a dedicated team of mental health first-aiders across the two main campuses who are on hand to provide mental health wellbeing support and signposting to staff. The club remains committed to safeguarding and recently a cohort of club and foundation staff undertook NSPCC/Premier League training on safer recruitment.

The club's commitment to CSR is growing through the appointment of a dedicated equality, diversity and inclusion (EDI) manager in October 2022. Since then, the club has achieved the Intermediate Level Award of the Premier League Equality, Diversity and Inclusion Standard (PLEDIS) and brought the local community and our employees together through events such as an Iftar feast during Ramadan, and marching at both Wolverhampton and Birmingham Pride. Mission One Pack is the three-year EDI strategy for the whole-organisation where all departments have specific objectives to work towards. The club also has a dedicated external equality advisory group (EAG) who help support and advise on the clubs EDI strategy which has included improvements to matchday discrimination reporting service and inclusion campaigns. The EAG meet throughout the season and meetings are attended by different staff including directors.

The club and Wolves Foundation have also launched its sustainability strategy One Pack One Planet and recent benefits for staff have been introduced which fit into this, such as cycle to work and electric car schemes.

Commercial partners

The directors and senior management commit considerable time, effort and resources into developing, activating and delivering for our commercial partners, with a view to fostering long-term mutually beneficial partnerships. We are a challenger club for challenger brands, and we seek to partner with organisations that dare to be different and challenge the status quo.

We drive innovation and pursue every venture with a dynamic and progressive purpose. We act to service our partner's needs to the highest standards aiming to add value beyond traditional commercial partnerships.

SECTION 172 STATEMENT
FOR THE YEAR ENDED 31 MAY 2024

Suppliers

The directors have established Company procedures to ensure that external suppliers are individually verified to ensure they meet with the health and safety, regulatory and financial security standards required by the Company. The Company seeks to pay all suppliers any undisputed amounts due and that conform with the company's billing requirements within agreed terms. The Company has established procedures for dispute resolution in a timely and fair manner.

Regulatory bodies

The Company is regulated by the FA, the Premier League, UEFA and FIFA. The Company actively engages with all regulatory bodies always ensuring transparent compliance.

Community

The Company takes its role within the community very seriously and promotes and encourages community and charitable contribution, primarily through its charitable arm Wolves Foundation.

Wolves Foundation is a cornerstone of the city of Wolverhampton. Through a team of highly skilled, dedicated staff and volunteers it harnesses the strong local connection with Wolves to motivate, educate and inspire tens of thousands of beneficiaries of its work across our communities.

The charity works in partnership with key local stakeholders including the local authority, police, health service and education providers to identify risk factors in the city around societal issues and health status; using data and insight to deliver evidence-based practice through its vast array of projects that address these needs.

The Wolves Foundation has key three objectives: Healthier, more active people, lifelong learning and skills, and safer, stronger communities. Working in the community is vital to its work and removing barriers to engagement regardless of age, gender, race, religion, sexual orientation, or disability.

With participants ranging from 1 month to 100 years old across 225 different delivery sites in the city, work is delivered all year round improving the physical and mental health, personal development and life choices of the people engaged in its work.

Data from its last 12 months' work shows that 93% of participants have improved their mental and physical wellbeing, 96% of participants have improved their educational achievement and 89% of participants feel they now contribute more to a safer, stronger and more inclusive community.

SECTION 172 STATEMENT
FOR THE YEAR ENDED 31 MAY 2024

The environment

At Wolves, we have an ambition to become industry leaders in environmental sustainability, maximising the club's positive impact in the city of Wolverhampton and globally.

In February 2023, we launched the One Pack, One Planet programme featuring four headline commitments to environmental sustainability:

- Carbon: We will work towards becoming a net zero football club by 2040.
- Waste: We will embrace a circular economy, minimising waste, and maximising reuse.
- Nature: We will protect our natural environment and support a wilder future.
- Culture: We'll embed environmental sustainability across the club while engaging, educating and communicating around sustainability.

The programme focuses not only on continuing and expanding the club's ongoing work to minimise environmental impact, but also the role the club can play to educate, communicate, and engage fans on climate change and sustainability.

We are a signatory of the UN Sports for Climate Action framework and the UN Race to Zero, underlining the club's commitment to global climate action, and recently finished in seventh position in BBC Sport's Premier League Sustainability Rankings published in 2023, climbing from 18th in the previous season.

A One Pack, One Planet working group has been established internally to drive environmental sustainability across all departments of the club, providing a forum for collaboration, sharing ideas and delivering progress.

We have launched a fan focus group on environmental sustainability, providing a platform for supporters to work closely with club officials on areas relating to sustainability, and provide feedback on the club's vision and progress.

Finally, we have measures in place to monitor and control the impact on the local environment and its compliance with any regulatory environmental standards and have an environmental policy published on our website..

Shareholders

The directors endeavour to create value for our ultimate shareholders by ensuring the Company's performance remains strong as well as sustainable. The directors adhere to the Company's long term strategic plan when making operational decisions.

DIRECTORS' REPORT
FOR THE YEAR ENDED 31 MAY 2024

The Directors present their report and the financial statements for the year ended 31 May 2024.

Results and dividends

The loss for the year, after taxation, amounted to £10,878,000 *(2023 - loss £64,072,000)*.

The Directors do not recommend payment of a dividend *(2023 - same)*.

Directors

The Directors who served during the year were:

J F Bowater
J Gough
Y Shi

The Company has made qualifying third-party indemnity provisions for the benefit of its Directors and these provisions remain in force at the date of this report.

Future developments

Future developments have been disclosed as part of the Strategic Report.

Engagement with employees

The Company considers that employee involvement is essential to the continuing development and success of its business and uses a variety of methods to inform, consult and involve its employees. This is achieved through formal and informal meetings.

Disabled employees

Applications for employment by disabled persons are always fully considered, bearing in mind the abilities of the applicant concerned. In the event of members of staff becoming disabled every effort is made to ensure that their employment within the Company continues and that appropriate training is arranged. It is the policy of the Company that the training, career development and promotion of disabled persons, should, as far as possible, be identical to that of other employees.

Greenhouse gas emissions, energy consumption and energy efficiency action

The Company's GHG emissions and energy use data for period 1st June 2023 to 31st May 2024 are as follows:

	FY 2023-24	FY 2022-23
Scope 1 emissions (tCO2e)	653	759
Scope 2 emissions, location-based (tCO2e)	1,034	926
Scope 2 emissions, market-based (tCO2e)	0	0
Total Scope 1 & 2 emissions (tCO2e)	1,686	1,683
Energy consumption used to calculate the above emissions (kWh)	8,094,470	8,813,592
Intensity ratio: tCO2e/turnover £m	9.5	10.0
Intensity ratio: tCO2e/home match	67.4	73.2
Scope 3 C1: Water	19	10
Scope 3 C6: Men's first-team travel	595	125
Scope 3 C6: Business-related travel	711	386
Scope 3 C9: Men's first-team fan travel	6,136	10,712

Methodology
The data reported aligns to the financial year, 1st June 2023 to 31st May 2024. The previous years reported cover the same respective financial years.

This information has been calculated in accordance with HM Government's Environmental Reporting Guidelines and using Government conversion factors for company reporting of greenhouse gas emissions. The methodology is aligned with the GHG Reporting Protocol, which supplies the world's most widely used greenhouse gas reporting standards.

The intensity ratios reported, tCO2e/turnover and tCO2e/home match have been selected to enable comparison with prior year performance and give context to the organisation's reported emissions.

All electricity supplied to WWFC is 100% generated from wind, solar and hydro sources, backed by relevant Renewable Energy Guarantee of Origin (REGO) certificates administered by OFGEM. Therefore, market-based Scope 2 emissions are reported as zero.

WWFC has voluntarily reported on Scope 3 emissions, including water, team travel, business travel and fan travel. Scope 3 emissions are an indirect consequence of an organisation's actions. Scope 3 emissions are highly material and therefore an important part of WWFC's environmental sustainability strategy.

WWFC will separately publish more detailed carbon footprint data as part of an annual environmental sustainability report.

Energy efficiency

WWFC have been undertaking a significant energy efficiency programme over the last 7 years. The organisation has worked with Hospitality Energy Savings to establish a formal energy reduction strategy for the business. This strategy has led to the implementation of a comprehensive metering system that tracks consumption across each area of its buildings. This has enabled BMS systems to be optimised and unnecessary consumption to be eliminated during quieter operational periods. LED lighting and energy efficient boilers have been introduced.

In the organisation's financial year, energy efficiency actions have included ongoing LED lighting upgrades and ongoing post-event site inspections to ensure event-related equipment is shut down.

One Pack, One Planet

In February 2023, Wolves unveiled the club's new 'One Pack, One Planet' programme, featuring four key commitments to environmental sustainability. As well as a commitment to net zero by 2040, One Pack, One Planet focuses on addressing waste, protecting the natural environment and embedding sustainability across the club.

The club's first environmental sustainability report was published in January 2024, which outlined the environmental programme delivered at the club in the first 12 months and included a detailed breakdown of the club's carbon footprint.

The ongoing implementation of One Pack, One Planet continues to be driven by a newly established internal working group and engagement with the fan focus group for environmental sustainability. The sustainability programme is supported by Sustainable Football.

More information about WWFC's environmental commitments, environmental policy and sustainability news can be found of the club's website: wolves.co.uk/club/sustainability/

Disclosure of information to auditor

Each of the persons who are Directors at the time when this Directors' report is approved has confirmed that:

- so far as the Director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the Director has taken all the steps that ought to have been taken as a Director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

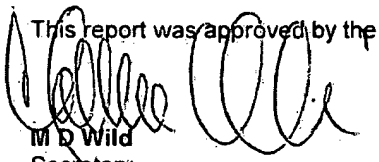

Post balance sheet events

Details of post-year end trading are set out in note 28 to the financial statements.

Auditor

The auditor, Crowe U.K. LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

M D Wild
Secretary

Date: 14 JANUARY 2025

STRATEGIC REPORT
FOR THE YEAR ENDED 31 MAY 2024

The Directors, in preparing this strategic report, have complied with s414C of the Companies Act 2006.

Principal activities

The principal activity of the Company during the year was that of a professional football club, and related activities.

Review of developments and future prospects

In the year under review the Company competed in the Premier League, with the team experiencing progress compared to 2022/23, including a five-point increase in points gained, and a push for a top-10 finish until the latter part of the season.

Revenue for the year reached £177.7m, an increase on £168.6m achieved last financial year due to the increase in the underlying Premier League broadcasting rights, which offset the impact of lower metric of merit payment in 2023/24 (seven merit units compared to eight merit units, due to finishing one place lower in the final Premier League table). This improvement was further supported by an increase in live TV facility fee revenue with the team featuring 16 times on live UK TV in 2023/24 compared to 12 times in the previous season, and a higher number of home games due to playing two pre-season friendlies at Molineux. There was also further improvement due to more home matches in a run to the quarter-final of the FA Cup, a higher generator in terms of gate receipts value, compared to more matches in the Carabao Cup in 2022/23, which increased matchday driven revenue streams such as ticketing and matchday hospitality.

All matches in the year were played in front of close to capacity crowds and average attendance for the season was 31,265 (2023: 31,346).

Player trading in the year generated profit of £64.6m (2023: £43.9m) through disposal of players' registrations, driven by the sales of Ruben Neves, Conor Coady, Nathan Collins, Raul Jimenez, Matheus Nunes, Ryan Giles, Dion Sanderson, Matija Sarkic, Jonny Castro, Hayao Kawabe, Theo Corbeanu, and crystalising contingent fees for Diogo Jota, Morgan Gibbs-White, Willy Boly, Patrick Cutrone, Rui Patricio, Francisco Trincao and Pedro Goncalves. However, this was outweighed by higher amortisation and impairment charges on player registrations, totalling £67.2m (2023: £82.4m), driven by investments in the first-team and academy, including the acquisitions of Jean-Ricner Bellegarde, Santiago Bueno, Boubacar Traore, Tawanda Chirewa, Enso Gonzalez, Matt Doherty, various new contracts, and crystalising contingencies for Jose Sa, Mario Lemina, Joe Hodge and Leon Chiwome. This results in a net player trading loss of £2.6m (2023: £38.6m). The significant reductions in net losses were due directly to proactive management of the Company's requirements to comply with the Premier League's Profit and Sustainability Rules.

The year also saw consistent investment into Wolves Women, with expenditure in the team of £0.3m (2023: £0.3m). The Women's team also benefitted from merging their training facilities with those used by the academy.

Operating costs reduced slightly in this period, as part of extended efforts to enable sustainable management of Premier League Profit and Sustainability Rules, particularly in relation to reducing an unsustainable level of player payroll, as well as outsourcing our retail operation. This was largely offset by the departure of head coach Julen Lopetegui and support staff in August 2023, with Gary O'Neil succeeding him in the same month. Net finance expenses were reduced in the year, primarily as a result of increased deemed finance income linked to proceeds from player sales, as well as, there being no event of refinancing.

Overall, the loss for the year, after interest and tax, is £10.9m (2023: £64.1m).

Throughout the year, the Company was under the ownership of Fosun International Holdings Limited (FIHL), with ultimate beneficial ownership held by Chairman Guo Guangchang as majority shareholder of FIHL. Going forward, the aim for the Company is to remain a competitive and established Premier League football club, whilst embracing a challenger brand mindset to enhance its commercial and wider operational performance off the pitch.

The directors have a continued commitment to continuously improve the Company, from both a footballing and a wider operational and strategic perspective. Supported by continued success in both the Premier League and cup competitions, the directors consider prospects for the Company to remain strong.

Going concern

The directors have concluded, after making enquiries, that they have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future and therefore they continue to adopt the going concern basis in preparing the financial statements.

Further details regarding the adoption of the going concern basis can be found in the accounting policies in note 2 of the financial statements.

The directors have obtained a letter from Fosun International Limited (FIL), which confirms their intention to meet all the obligations of the Company, to the extent they may be unable to meet those obligations themselves, for a period of not less than one year from the date of the signing of the financial statements. The Company also have no intention of calling the loans due to them for at least a period of the next 12 months.

Financial risk management

The Company's principal risk relates to the league in which the club competes and the financial impact that this has on the business in terms of attendances and the funds received from central distributions made by either the Premier League or the EFL. In the year under review the club receives league distributions and broadcasting rights from the Premier League.

As is the case with all professional football clubs under the realm of the Premier League, there is a risk in respect of complying with the Profit and Sustainability Rules (PSR), where failure to meet the required thresholds can result in both financial and operational sanctions to the Company. However, in response to this, the directors ensure the latest forecasted financial performance against the PSR criteria is consistently monitored and updated as a minimum month on month, to mitigate the risk of such sanctions by maintaining a comfortable headroom position, ensuring decisions taken considering such forecasting do not compromise a comfortable level of headroom.

Another financial risk arises as a result macro-economic factors which affect the value of the pound against the euro. The impact on the foreign exchange rate between the euro and the pound has had an impact on the value of transfer fees paid which are stated in euros per the terms of the individual transfer agreements, and therefore as the functional and presentation currency of these set of statutory accounts is the pound, transfer instalments stated in euros per the transfer agreements are retranslated at the balance sheet date.

There is a comprehensive system in place for reporting financial information to the board including the preparation of budgets for each business activity, monthly accounts comparisons to budget and the prior year and regular profit and loss projections and cash flow forecasts.

Price risk

This is largely governed by the league in which the Company is competing, and prices are set accordingly. The policy adopted recognises the inherent value of the fan base and core supporters and the need to grow the number of supporters following the team. By monitoring feedback and industry pricing the Company looks to offer good value for money to help achieve this objective.

Liquidity and cashflow risk

A large part of the seasonal business is paid for ahead of fixtures taking place, via season ticket sales and seasonal corporate business. Major fluctuations in cash flow during the season will usually only arise through player transactions during the transfer window periods. Match-to-match business is largely dependent upon attendance levels and team performances.

As most of the business is secured in advance of the start of the season, budgets can be prepared within defined key business parameters and hence working capital can be assessed and managed accordingly.

W.W.F.C (1986) continues to demonstrate effective working capital management with enough headroom to accommodate any seasonal fluctuations. Cash flows are prepared and managed monthly but monitored daily to the satisfaction of the directors and shareholders. Fosun International Limited have confirmed their intention to meet all the obligations of the Company, to the extent they may be unable to meet those obligations themselves, for a period of not less than one year from the date of the signing of the financial statements.

Ownership

The Company is immediately owned by W.W (1990), itself a wholly owned subsidiary within the Fosun group of companies, the largest of which, and for which group financial statements are prepared, is FIL.

This report was approved by the board and signed on its behalf.

M D Wild
Secretary

Date: 14TH JANUARY 2025

DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 31 MAY 2024

The Directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies for the Company's financial statements and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WOLVERHAMPTON WANDERERS FOOTBALL CLUB (1986) LIMITED

Opinion

We have audited the financial statements of Wolverhampton Wanderers Football Club (1986) Limited (the 'Company') for the year ended 31 May 2024, which comprise the Profit and Loss Account, the Balance sheet, the Statement of changes in equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 May 2024 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WOLVERHAMPTON WANDERERS FOOTBALL CLUB (1986) LIMITED (CONTINUED)

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our Auditor's report thereon. The Directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Directors

As explained more fully in the Directors' responsibilities statement set out on page 12, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

We obtained an understanding of the legal and regulatory frameworks within which the Company operates, focusing on those laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements. The laws and regulations we considered in this context were the Companies Act 2006 and the regulations of The Football Association Premier League and the Union of European Football Associations.. We assessed the required compliance with these laws and regulations as part of our audit procedures on the related financial statement items.

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the financial statements but compliance with which might be fundamental to the Company's ability to operate or to avoid a material penalty. We also considered the opportunities and incentives that may exist within the Company for fraud. The laws and regulations we considered in this context for the UK operations were General Data Protection Regulation (GDPR), Anti-fraud, bribery and corruption legislation, environmental protection legislation, Health and safety legislation, Taxation legislation and Employment legislation.

Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the Directors and other management and inspection of regulatory and legal correspondence, if any.

We identified the greatest risk of material impact on the financial statements from irregularities, including fraud, to be in the following areas: timing of recognition of income; the override of controls by management, including posting of unusual journals; inappropriate treatment of non-routine transactions and areas of estimation uncertainty.

Our audit procedures to respond to these risks included enquiries of management about their own identification and assessment of the risks of irregularities, review and discussion of non-routine transactions, sample testing on the posting of journals and income transactions and review of accounting estimates for biases.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WOLVERHAMPTON WANDERERS FOOTBALL CLUB (1986) LIMITED (CONTINUED)

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 20 to 36 form part of these financial statements.

Player trading consists primarily of amortisation costs of acquiring player registrations, impairment charges and profit on disposal of player registrations.

All results derive from continuing operations.

There are no recognised gains and losses other than those included in the results above. Accordingly, no separate consolidated statement of comprehensive income has been prepared.

The notes on pages 20 to 36 form part of these financial statements.

1. General information

Wolverhampton Wanderers Football Club (1986) Limited is a private Company (limited by shares) incorporated and registered in England and Wales, registration number 01989823. The registered office and principal trading address is Molineux Stadium, Waterloo Road, Wolverhampton, West Midlands, WV1 4QR.

The principal activity of the Company during the year was that of a professional football club.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Financial Reporting Standard 102 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of W.W. (1990) Limited as at 31 May 2024 and these financial statements may be obtained from Companies House.

2. Accounting policies (continued)

2.3 Going concern

The Directors have assessed the company's ability to continue as a going concern. To do this the Directors prepare cash flow forecasts for a period of at least 12 months from the date of approval of these financial statements, to ensure that the company has a sufficient level of financial resources to meet their liabilities as they fall due.

The forecasts are dependent on the ultimate parent Fosun International Limited's continued support via support to the immediate parent undertaking W.W. (1990) Limited. W.W. (1990) Limited has indicated its intention to continue to make available such funds as are needed by the company.

In undertaking their assessment of going concern the Board have prepared a detailed cashflow forecast which extends to the end of the 25/26 season. The Group considered multiple scenarios and performed stress-tests to the cashflow forecast, with on-pitch performance being a key driver. These forecasts identified a likely breach of a financial covenant required by its bank facilities (which were £100m at the balance sheet date) at the next required measurement point in February 2025. The Group raised this matter with their bankers when it was identified in November who have informally indicated their willingness to waive this breach, which has arisen due to additional player payroll costs being incurred as a result of unusually high levels of injuries in the playing squad. The Group's ultimate parent, Fosun International Limited have also confirmed that they will provide committed financial support to the Club.

Following the above assessment and support, the Directors reasonably expect the Group will continue in existence for a period of at least 12 months from the date these financial statements. Accordingly, the financial statements have been prepared on a going concern basis.

2.4 Turnover

Turnover represents League distributions, gate receipts, sponsorship, advertising and other income associated with the principal activity of running a professional football club and excludes value added tax. Turnover is recognised when the provision of each service is complete. All turnover is derived from activities in the UK. The fixed element of League distributions and broadcasting revenues are recognised over the duration of the football season whilst facility fees for live coverage or highlights are recognised when the match is played and broadcasted.

2.5 Operating leases

Rentals paid under operating leases are charged to profit or loss on a straight-line basis over the lease term.

2.6 Leased assets

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the Company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to profit or loss so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

2. Accounting policies (continued)

2.7 Interest income and interest payable

Interest income and interest payable is recognised in profit or loss using the effective interest method.

2.8 Pensions

A defined contribution plan is a post-employment benefit plan under which the Company pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an expenses in the profit and loss account in the periods during which services are rendered by employees. Differences between contributions payable in the year and contributions paid are shown as either accruals or prepayments in the balance sheet.

2.9 Intangible assets

The costs associated with the acquisition of players' registrations, less financing element for instalments deferred beyond normal credit terms, are capitalised as intangible fixed assets. These costs are fully amortised on a straight-line basis over the period of the respective players' contracts. Provision for impairment is made when it becomes apparent that any diminution in value is permanent, because of an adverse event. In the event of an initial contract being renegotiated prior to expiry, the remaining net book value is amortised over the extended period.

2.10 Signing-on fees

Signing-on fees payable to players are charged, as part of operating expenses, to the profit and loss account over the period of the player's contract on a straight-line basis. Where a player's registration is transferred, any signing-on fees payable in respect of future periods are charged immediately as payroll costs.

2.11 Contingent appearance fees

Under the conditions of certain transfer agreements or contract renegotiations, further fees will be payable in the event of the players concerned making a certain number of appearances or on the occurrence of certain other specified future events. Where the directors consider the likelihood of a player meeting future performance and appearance criteria laid down in the transfer agreement of that player to be probable, provision for this cost is made (see note 20). If the likelihood of meeting these criteria is not probable no provision is made (see note 24).

2.12 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

2. Accounting policies (continued)

2.12 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Plant and equipment	- 10-20%
Motor vehicles	- 20%
Fixtures and fittings	- 12.5%

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.13 Impairment of fixed assets and goodwill

Assets that are subject to depreciation or amortisation are assessed at each balance sheet date to determine whether there is any indication that the assets are impaired. Where there is any indication that an asset may be impaired, the carrying value of the asset is tested for impairment. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use

2.14 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2.15 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

2. Accounting policies (continued)

2.15 Financial instruments (continued)

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of comprehensive income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Derivatives, including interest rate swaps and forward foreign exchange contracts, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or income as appropriate. The Company does not currently apply hedge accounting for interest rate and foreign exchange derivatives.

2.16 Foreign currencies

The individual financial statements of the Company are presented in pound sterling as it is the primary economic environment in which the Company operates.

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date. Foreign exchange differences arising in translation are recognised in the profit and loss account.

2.17 Provisions for liabilities

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the Company becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance sheet.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based in historical experience and other factors that are relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised.

Critical judgements in applying the Company's accounting policies

The following are the critical judgements, apart from those involving estimation (which are dealt with separately below), that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Valuation of player registrations

The net book value of player registrations includes the directors' judgement of the recoverable value, and the existence of any indicators of impairment, particularly for players who are not involved in the first team affairs or are in their development phase. Where in the opinion of the directors the recoverable value of a player registration is less that the net book value, an impairment adjustment is made.

Key sources of estimation uncertainty

The key sources of estimation uncertainty at the balance sheet date, which have a risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Fair value of contingent transfer provision

The fair value of contingent appearance provision requires an estimate of when the criteria will be achieved and as such when the contingent sums will be due for payment, to determine the present value. The Company have based their assessment on an individual player by player basis, considering their involvement in match day competitive fixtures. Such estimates are subject to change, because of injuries or changes to first team management.

Fair value of settlement provision

Fair value of settlement provision judgement: The fair value of settlement provisions requires a reliable estimate of both the timing and the probable amounts of the settlement. These estimates are essential for accurately calculating the present value of the obligation. The Company have based their assessment on circumstances known to date which are subject to change.

4. *Turnover*

An analysis of turnover by class of business is as follows:

	2024 £000	*2023 £000*
Gate receipts	**16,193**	*15,105*
Sponsorship and advertising	**14,538**	*13,343*
Broadcasting rights	**15,569**	*11,148*
Commercial	**12,288**	*13,718*
League distributions	**117,135**	*113,795*
Other turnover	**1,974**	*1,466*
	177,697	*168,575*

All turnover arose within the United Kingdom.

5. Operating loss

The operating loss is stated after charging:

	2024 £000	*2023 £000*
Depreciation of assets	**1,477**	*1,493*
Amortisation of player's registrations	**64,168**	*79,225*
Amortisation of other intangible assets	**67**	*64*
Provision for impairment of intangible assets	**3,024**	*3,219*
Profit on disposal of player registration	**(64,631)**	*(43,874)*
Operating lease rentals	**367**	*413*

6. Auditor's remuneration

During the year, the Company obtained the following services from the Company's auditor and its associates:

	2024 £000	*2023 £000*
Fees payable to the Company's auditor and its associates for the audit of the Company's financial statements	**42**	*40*

The Company has taken advantage of the exemption not to disclose amounts paid for non-audit services as these are disclosed in the consolidated accounts of the parent Company.

7. Employees

Staff costs, including Directors' remuneration, were as follows:

	2024 £000	2023 £000
Wages and salaries	**123,695**	*123,816*
Social security costs	**17,278**	*17,516*
Pension	**311**	*267*
	141,284	*141,599*

The average monthly number of employees, including the Directors, during the year was as follows:

	2024 No.	2023 No.
Playing staff	**81**	*97*
Non-playing staff	**313**	*368*
	394	*465*

8. Directors' remuneration

The Directors receive the below emoluments paid by Wolverhampton Wanderers FC (1986) Limited, but it is not practical to allocate this between their services as executives of W.W. (1990) Limited and their services as directors of Wolverhampton Wanderers FC (1986) Limited and Wolverhampton Wanderers Properties Limited.

	2024 £000	2023 £000
Directors' emoluments	**564**	*588*

The highest paid Director received remuneration of £564,000 *(2023 - £588,000)*.

The value of the Company's contributions paid to a defined contribution pension scheme in respect of the highest paid Director amounted to £NIL *(2023 - £NIL)*.

The Directors do not consider there to be any key management personnel other than the Directors (*2023 - same*).

9. Interest receivable

	2024 £000	2023 £000
Other interest receivable	1,344	308

10. Interest payable and similar expenses

	2024 £000	2023 £000
Bank interest payable	6,980	10,570
Other interest payable	3	140
	6,983	10,710

11. Taxation

	2024 £000	2023 £000
Total current tax	-	-
Deferred tax		
Total deferred tax	-	-
Taxation on loss on ordinary activities	-	-

11. Taxation (continued)

Factors affecting tax charge for the year

The tax assessed for the year is higher than *(2023 - higher than)* the standard rate of corporation tax in the UK of 25% *(2023 - 20%)*. The differences are explained below:

	2024 £000	*2023* *£000*
Loss on ordinary activities before tax	**(10,878)**	*(64,072)*
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 25% (2023 - 20%)	**(2,720)**	*(12,816)*
Effects of:		
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment	**92**	*26*
Capital allowances for year in excess of depreciation	**28**	*19*
Other permanent differences	**-**	*1*
Remeasurement of deferred tax for changes in tax rates	**-**	*(3,266)*
Deferred tax not recognised	**1,651**	*16,338*
Group relief	**3,589**	*775*
Transfer pricing adjustments	**(2,640)**	*(1,077)*
Total tax charge for the year	**-**	

Factors that may affect future tax charges

The Company has tax losses to carry forward of £193,514,000 *(2023: £188,988,000)*.

The potential deferred tax asset of £49,780,000 *(2023: £48,309,000)*, which arises largely due in respect of losses carried forward has not been recognised as it is not anticipated that there will be sufficient taxable profits generated in the future against which the losses may be offset.

12. Intangible assets

	Players' registrations £000	Development costs £000	Licences £000	Total £000
Cost				
At 1 June 2023	**458,201**	**313**	**14**	**458,528**
Additions	**47,274**	**20**	**-**	**47,294**
Disposals	**(165,482)**	**-**	**-**	**(165,482)**
At 31 May 2024	**339,993**	**333**	**14**	**340,340**
Amortisation				
At 1 June 2023	**213,293**	**183**	**6**	**213,482**
Charge for the year on owned assets	**64,168**	**66**	**1**	**64,235**
On disposals	**(107,468)**	**-**	**-**	**(107,468)**
Impairment charge	**3,024**	**-**	**-**	**3,024**
At 31 May 2024	**173,017**	**249**	**7**	**173,273**
Net book value				
At 31 May 2024	**166,976**	**84**	**7**	**167,067**
At 31 May 2023	*244,908*	*130*	*8*	*245,046*

An impairment of players' registrations has been recognised to write down a players net book value to their recoverable amount.

13. Tangible fixed assets

	Motor vehicles £000	Fixtures and fittings £000	Plant and equipment £000	Total £000
Cost or valuation				
At 1 June 2023	**85**	**10,218**	**12,040**	**22,343**
Additions	-	**699**	**520**	**1,219**
Disposals	-	**(258)**	**(62)**	**(320)**
At 31 May 2024	**85**	**10,659**	**12,498**	**23,242**
Depreciation				
At 1 June 2023	**85**	**7,302**	**8,760**	**16,147**
Charge for the year on owned assets	-	**739**	**738**	**1,477**
Disposals	-	**(85)**	**(22)**	**(107)**
At 31 May 2024	**85**	**7,956**	**9,476**	**17,517**
Net book value				
At 31 May 2024	-	**2,703**	**3,022**	**5,725**
At 31 May 2023	-	*2,916*	*3,280*	*6,196*

The net book value of assets held under finance leases or hire purchase contracts, included above, are as follows:

	2024 £000	*2023 £000*
Plant and equipment	**184**	*227*

14. Stocks

	2024 £000	*2023 £000*
Finished goods and goods for resale	-	*668*

There is no stock held at year end due to the outsourcing of the retail operation. No impairment charge *(2023: £278,250)* has been recognised as a result.

15. Debtors

	2024 £000	2023 £000
Trade debtors	**683**	*6,440*
Amounts owed by group undertakings	**63,576**	*61,536*
Other debtors	**70,151**	*57,504*
Prepayments and accrued income	**4,026**	*4,324*
	138,436	*129,804*
