STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2025

Introduction

The directors present their Strategic Report for Charlton Athletic Football Company Limited ("the Club" or "the Company") for the year ended 30 June 2025.

Principal activity

The principal activity of the Company continues to be the operation of a professional football club, currently competing in the Sky Bet Championship of the EFL (English Football League), together with associated activities.

Review of Business

Introduction

The 2024/25 season was transformational for Charlton Athletic, culminating in a dramatic and successful return to the Championship after a five-year absence. The aim throughout the season was to secure promotion, and this was achieved through the play-offs, with a memorable victory over Leyton Orient in the final at Wembley Stadium.

This achievement was built on the superb efforts of everyone at the Club, with the extraordinary support of our fans and partners. The backing of the Valley faithful was outstanding throughout the campaign, with attendances increasing markedly from March onwards and several home fixtures attracting crowds in excess of 20,000. Over 55,000 tickets were sold in three hours for the Wembley final, with further demand requested (but unable to be fulfilled) from the EFL.

The on-pitch success was complemented by significant progress across the Club's commercial, operational and infrastructural activities. Following promotion, the Club moved decisively to invest in facilities and strengthen the playing squad, positioning Charlton Athletic as a sustainable, competitive force in the Championship. These initiatives collectively demonstrate the Club's renewed ambition and long-term commitment to establishing itself at a higher level of English football.

On-pitch performance

League Campaign

The 2024/25 season proved to be one of sustained competitiveness and resulting triumph. Finishing in 4th position with 85 points, the Club secured its place in the League One play-offs. Captain Greg Docherty lifting the play-off trophy at Wembley represented the pinnacle of the season, finally removing the uncertainty around our league status and delivering Championship football for our supporters.

Cup Competitions
Cup competitions provided valuable competitive matches, though the Club exited all three competitions in the early rounds. We reached the third round of the FA Cup before a defeat away at Preston North End ended our involvement. In the EFL Cup, Birmingham City defeated us at The Valley in the first round, while Leyton Orient progressed at our expense in the second round of the EFL Trophy. While these results were disappointing, the Cup fixtures provided opportunities for squad rotation and development of younger players, which proved valuable across the season.

Financial Performance
The Club is committed to transparency in our financiál activities, and we aim to set out clearly our financial position below

Revenue Performance
Total turnover for the financial year was £11,167k, representing an increase of 26.7% on the prior year (£8,812k). This growth was driven by several factors:

Matchday Attendance: Average attendances at The Valley increased to 15,255 *(2023/24 - 13,481)*, representing a rise of 13.2%. Particularly encouragingly, attendances grew steadily from March onwards as the play-off push intensified, with four matches attracting crowds exceeding 20,000 fans *(2023/24 - zero matches)*. The highest attendance of the season was 25,722 for the home play-off fixture against Wycombe Wanderers. Season ticket sales remained level with the 23/24 season at approximately 8,000.

Commercial Revenue: Retail operations were brought under the direct control of the company during the year, with stock and cost of sales now included in the financial statements. Retail operations performed well, supported by the refurbished club shop and in-house merchandising operation.

The Fan Zone was expanded in March, strengthening F&B income and providing additional space for fans to congregate as attendances began to rise. RSK extended their sponsorship contract, and the club signed a new kit supply deal with Reebok to commence from the start of the 25/26 season.

Broadcasting and Central Distributions: Sky Bet League One status and associated EFL distributions, along with any specific broadcasting revenue, rose in line with the EFL's commercial deals. We also generated a small additional amount through the play-off campaign.

Player Trading: Net transfer expenditure of £nil was incurred in the year. The Club generated profitable sales of Alfie May despite him entering the final year of his contract and the sale of Rarmani Edmonds-Green, which included a bonus for the buying club reaching the play-offs. This demonstrated our evolving capability in player trading and recruitment, delivering a promotion-winning squad with nil net transfer expenditure.

Cost Base

Total operating costs increased to £28.3m *(2024: £23.9m)*, reflecting the higher investment in playing talent necessary to achieve promotion and the increased operational activity associated with improving attendances and commercial activity. We also were adversely impacted by the increase in National Insurance Contributions during the financial year.

The wages-to-revenue ratio was 141% *(2024: 138%)*, demonstrating planned investment in squad. Total employee costs were £15.7m *(2024: £12.1m)*. These figures include bonuses earned by players and staff related to promotion to the Championship.

Strategic investment in facilities and infrastructure, combined with player acquisition and development costs, contributed to the Club's loss for the financial year of £15.4m *(2024: loss £13.9m)*. This loss reflects the deliberate investment strategy pursued by our shareholders to position the Club for sustained success in the Championship.

Financial Position

The Club's financial position remains robust, with total assets of £12.0m at the year-end *(2024: £7.3m)* and a cash balance of £0.46m *(2024: £0.03m)*.

Importantly, the Club remains debt-free in terms of external borrowing, with our balance sheet primarily reflecting shareholder investment rather than bank debt. This provides significant financial flexibility as we embark on our Championship campaign.

Our financial stability was maintained throughout the year despite operational challenges, including the cyber-attack in August 2024 that temporarily disrupted systems. The Club's response to this incident, including investment in enhanced IT security, has strengthened our operational resilience.

Capital Investment
A key strategic priority following promotion was investment in our infrastructure to ensure The Valley and our training facilities meet Championship standards and support our longer-term ambitions.

Total capital expenditure of approximately £3 million was committed during and immediately following the season, comprising:

Stadium Infrastructure:
- **Pitch Installation**: A new hybrid playing surface was installed in summer 2024, providing a high-quality playing surface suitable for Championship football and capable of withstanding the increased demands of a longer season.
- **LED Floodlighting**: Modern LED floodlights were installed, improving match-day experience, reducing energy consumption, and meeting broadcast standards for Championship fixtures.
- **Office and Retail Refurbishment**: The club offices and shop underwent comprehensive refurbishment, creating a more professional environment for staff and an enhanced retail experience for supporters.
- **FanZone Expansion**: The popular FanZone area was expanded, providing additional pre-match and post-match entertainment facilities and improving the overall match-day experience.
- **Stadium Maintenance**: Essential maintenance works were completed across The Valley to ensure compliance with safety standards and maintain the quality of facilities for supporters.

These infrastructure investments demonstrate the shareholders' commitment to providing elite facilities and reflect our determination to establish Charlton Athletic as a sustainable Championship club. The timing of these projects, executed in the close season following promotion, ensured minimal disruption while maximising readiness for the step up in competition.

Future Outlook
Looking ahead to the 2025/26 season, our focus is firmly on establishing ourselves in the Championship and continuing the progress demonstrated throughout the 2024/25 campaign.

On-pitch Objectives: The immediate priority is consolidation in the Championship, demonstrating that we can compete effectively at this level. Our recruitment strategy will continue to identify players who combine quality with value, building on the successful signings of the previous season. Squad depth will be enhanced to cope with the demands of Championship football, while maintaining the core group that secured promotion.

Infrastructure and Facilities: Building on the capital investment committed in 2024/25, we will continue to enhance our training facilities at Sparrows Lane and explore further improvements to The Valley. These investments are essential to support player development, attract quality players, and provide an excellent match-day experience for supporters.

Commercial Development: We will seek to maximise the commercial opportunities presented by our Championship status, building on our improved commercial performance and expanding our partnership portfolio. The increased profile and broadcasting exposure at Championship level provides significant opportunities to grow revenue streams. We also took the opportunity to significantly upskill our Commercial Team, and hire the club's first full-time Commercial Director for 3 years, with Premier League experience.

Academy and Youth Development: Our Category 2 Academy remains central to our long-term strategy, providing a pathway for talented young players and representing both a sporting and financial asset to the Club. Integration of the women's team into the wider club structure will be completed, supporting the development of women's football at Charlton Athletic.

Financial Sustainability: While we continue to invest in the playing squad and infrastructure, careful financial management remains paramount. The Club is committed to operating within EFL financial regulations and building towards longer-term financial sustainability. Our debt-free status provides a solid foundation from which to grow.

Community and Supporter Engagement: We will continue to strengthen our relationship with supporters and the wider community, building on the success of initiatives such as the Family Excellence programme. The support shown by our fans during the promotion season was extraordinary, and we are determined to reward that loyalty with competitive performances and an excellent match-day experience.

Summary
The Board is immensely proud of the progress made during the 2024/25 season. Achieving promotion was the primary objective, and to do so via the play-offs, culminating in victory at Wembley, made the success all the more memorable.

This achievement was built on solid foundations: strategic recruitment, infrastructural investment, growing attendances, improved commercial performance, and the unwavering support of our fans. The Club entered the Championship better positioned than at any point in recent years, with modern facilities, a competitive squad, financial stability, and a clear strategic direction.

We are under no illusions about the challenges ahead. The Championship is one of the most competitive leagues in world football, and establishing ourselves at this level will require continued investment, hard work and focus. However, with the backing of our shareholders, the quality of our staff at both The Valley and Sparrows Lane, and the passion of our supporters, we are confident in our ability to thrive at this level.

The Board would like to extend its gratitude to our players, management team, staff, and wider Charlton Athletic community for their contributions during this pivotal season. We look forward to building on this success in the seasons ahead. We would also like to thank Charlie Methven, who left us as Chief Executive in early March 2025. Charlie played a pivotal role in putting the right people in place on both the football and business side of our club, which contributed to improved performances on the pitch and meaningful increases in our revenues.

Principal Risks and Uncertainties

The principal risk to the Company is the team's performance, which directly affects core revenue streams such as matchday income, commercial sponsorship, and broadcasting rights. Following promotion to the Championship, this risk profile has evolved, with increased competitive pressure but also greater revenue opportunities.

To mitigate this risk, we have continued to diversify our revenue base, reducing dependency on matchday performance. A key focus has been developing off-pitch income sources through the development of commercial partnerships and optimisation of our facilities at The Valley. The subsequent enhancement of Sparrows Lane training ground and ongoing improvements at the stadium are part of this strategy, creating assets that provide financial stability even during periods of on-pitch volatility.

Investment in data-driven recruitment strategies that align with our playing philosophy and squad-building model has been prioritised. This approach, which focuses on identifying value in the transfer market while developing talent through our academy, allows us to maintain a competitive playing squad without overextending financially.

Our long-term capital investments, such as the development of enhanced training facilities at Sparrows Lane and infrastructure improvements at The Valley, serve to future-proof the Club's operations. These investments support player development, help attract quality recruits, and generate additional revenue streams through facility usage and commercial activities.

In the broader economic context, inflationary pressures on wages and operational costs remain a concern, particularly in the Championship where financial competition is intense. We manage these risks through careful financial planning, maintaining close control over operating expenses, securing long-term contracts with key suppliers, and actively pursuing new revenue streams from non-football events and commercial partnerships. Our strategy of securing off-pitch income ensures ongoing financial stability and provides resources for continued investment in our playing squad.

Financial risk management

The Company closely monitors financial risks to minimise potential impacts on the business:

Trade Debtors: Trade debtor risk is actively managed, with amounts due from other clubs covered by EFL regulations that help reduce risk. Credit policies are strictly enforced, and a risk register is regularly reviewed by the Board. Appropriate mitigations and actions are implemented to address identified risks and uncertainties.

Inflationary Pressures: In the current economic climate, inflationary pressures on wages and operational costs remain elevated. We manage these risks by maintaining rigorous control over operating expenses, securing long-term contracts with suppliers where possible, actively pursuing new revenue streams from commercial partnerships and non-football events, and closely managing cash flow and liquidity to ensure ongoing financial stability.

Regulatory Compliance: The Company operates under EFL financial regulations, including Profitability and Sustainability Rules applicable in the Championship. Compliance with these regulations is monitored continuously, with regular reporting to the Board and proactive management of the Club's financial position to ensure adherence to all requirements.

Cyber Security: Following the cyber-attack in August 2024, significant investment has been made in IT security infrastructure and protocols. Enhanced controls, regular security assessments, and staff training programmes have been implemented to protect the Club's data and operational systems.

Stadium and Training Ground Tenure: The Company leases The Valley stadium and Sparrows Lane training ground from Charlton Athletic Holdings Limited (CAHL) under long-term leases extended to 2040. While this provides security of tenure for the medium term, the separated ownership structure represents a long-term risk. The Board maintains regular dialogue with CAHL regarding the lease arrangements and works to ensure the interests of all stakeholders are aligned.

The Board is committed to acting fairly between the Company's shareholders, ensuring all shareholders are kept fully informed through regular updates and transparent communication channels. This allows shareholders to engage meaningfully with the Club's strategic direction and decision-making processes.

Key Performance Indicators

The Board monitors a range of Key Performance Indicators (KPIs) to assess the Club's performance across sporting, financial, and operational dimensions:

KPI	2025	2024
Sporting Perfomance		
League Position	4th League One (Promoted via play-offs)	16th League One
Points	85	53
Average home attendance	15,255	13,481
Season Ticket Holders	8,731	8,152
Financial Performance		
Revenue	£11.2m	£8.8m
Operating loss	£16.8m	£14.6m
Loss for the year	£16.7m	£13.9m
Wages to revenue ratio	141%	138%
Other Perfomance Indicators		
Highest attendance	25,722	18,512
Matches with >20,000 attendance	4	0
Capital investment	£3.0m	£1.2m
Employee numbers (average)	201	184
FA Cup	3rd round	2nd round
EFL Cup	1st round	1st round
EFL Trophy	2nd round	2nd round

STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 30 JUNE 2025

Directors' statement of compliance with duty to promote the success of the Company

Under section 172(1) of the Companies Act 2006, the Board has a duty to act in good faith and in a way that would be most likely to promote the success of the Company for the benefit of its shareholders, whilst having regard to matters set out in s172(1)(a-f) of the Act:

a) Long-term consequences of decisions: Decisions are considered as part of our strategic mission to establish Charlton Athletic as a sustainable, competitive Championship club. The infrastructure investments, squad development, and commercial strategy all reflect this long-term perspective.

b) Interests of employees: Employee engagement and welfare is a core priority, considered in detail in the employee involvement section of this report.

c) Business relationships: The need to foster strong relationships with suppliers, supporters, commercial partners and other stakeholders is central to our operations, as detailed in the business relationships section.

d) Community and environment impact: The Club's impact on the community and environment is a key consideration, reflected in our EFL Silver Green Club status and community programmes detailed in this report.

e) High standards of business conduct: Maintaining the Club's reputation for high standards of business and conduct is paramount, supported by robust governance frameworks and ethical business practices.

f) Fair treatment between shareholders: The Board acts fairly between the Company's shareholders, ensuring transparent communication and aligned interests through regular updates and open communication channels.

To discharge their section 172(1) duties, the Board considers these factors in all principal decisions taken by the Company, as evidenced by the strategic planning, investment decisions, and stakeholder engagement activities detailed throughout this report.

This report was approved by the board and signed on its behalf.

DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2025

The directors present their report and the financial statements for the year ended 30 June 2025.

Results and dividends

The loss for the year, after taxation, amounted to £15,390k *(2024 - loss £13,927k).*

No dividends were paid or proposed during the year (2024 - £Nil).

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

G Carter (appointed 14 May 2025)
J R Rodwell
E M Warrick

Future Developments
We are committed to growing the club in all aspects. A comprehensive study is underway to provide a long-term strategy for the Valley, with immediate work being undertaken evaluating potential upgrades to some concourses and hospitality areas in the summer. We will also be reviewing areas of the Valley which may be able to enhance our hospitality offering and/or provide supporters with more F&B amenities pre and post match.

Qualifying third party indemnity provisions
The company has made qualifying third party indemnity provisions for the benefit of its directors during the year. These provisions remain in force at the reporting date.

Disabled persons
Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment within the company continues and that the appropriate training is arranged. It is the policy of the company that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

Employee involvement
The Club places considerable value on engagement with its employees and strives to maintain an inclusive and supportive working environment for all. We are committed to providing equal opportunities and ensuring that all employees are treated fairly and with respect.

In relation to disabled employees, the Club takes active measures to support individuals with disabilities and to provide reasonable accommodations. Additionally, training and awareness programmes are provided to managers and colleagues to promote an inclusive culture and eliminate any barriers to participation or career progression.

The Club is committed to inclusion and works to eliminate discrimination, so that employees can work in a diverse environment free from intimidation, victimisation or harassment.

Business relationships
Engagement with the Company's stakeholders is a key component of Club operations, achieved through various channels:

Fans: Satisfying our fans and supporters is a top priority. Building on the success of the 2024/25 season, we are committed to maintaining and enhancing the match-day experience and ensuring supporters feel valued and heard.

Commercial Partners: We engage closely with commercial partners through detailed and transparent contract negotiations, regular progress meetings using fair contract terms, prompt payment practices and safe working conditions. Strong relationships with national and international brands have contributed to our record commercial performance.

Community: We are committed to serving the community in which we live and work, and Charlton Athletic strives to be a positive representative for South East London and Kent. The Club's community programmes and charitable activities, delivered by the Charlton Athletic Community Trust (CACT) reflect this deep commitment.

EFL and Football Authorities: The Club maintains strong governance frameworks to ensure that all decisions and activities align with EFL regulations and football's wider governance requirements. Regular dialogue with the EFL ensures compliance and constructive engagement on regulatory matters.

The Club is committed to upholding high standards of integrity, transparency, and ethical conduct in all aspects of our operations. Strong governance frameworks ensure efficient day-to-day operations and support the achievement of our strategic objectives, while upholding high standards across all areas of the Club.

DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 30 JUNE 2025

Disclosure of information to auditor

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the club's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the club's auditor is aware of that information.

This information is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

Post statement of financial position events

Since the Balance Sheet date, the Company has been active in the transfer market in preparation for the 2025/26 Championship season.

Charlton Athletic has acquired a number of player registrations and extended a number of player registrations, with total commitments of approximately £8.9m. Conversely, the Company has disposed of a number of player registrations at a net gain of approximately £0.9m. These transactions will be accounted for in the year ending 30 June 2026.

The club extended its leases at Sparrows Lane and The Valley to June 2040, giving a further six seasons tenure to the previous leasing arrangement. This has been treated as a non-adjusting post balance sheet event.

Matters covered in the Strategic Report

Where necessary, disclosures relating to principal risks & uncertainties have been made in the Strategic Report and have not been repeated here in accordance with Section 414C of the Companies Act 2006.

Auditor

The auditor, S&W Audit (a trading name of S&W Audit Partners Limited, formerly CLA Evelyn Partners Limited), will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 30 JUNE 2025

This report was approved by the board and signed on its behalf.

Ed Warrick (Dec 31, 2025 12:33:10 GMT)

E M Warrick
Director

Date: 31/12/2025

DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 30 JUNE 2025

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Company's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

S&W

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHARLTON ATHLETIC FOOTBALL COMPANY LIMITED

Disclaimer of Opinion

We were engaged to audit the financial statements of Charlton Athletic Football Company Limited (the 'Company') for the year ended 30 June 2025 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

We do not express an opinion on the accompanying financial statements of the Company. Because of the significance of the matter described in the basis for disclaimer of opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for disclaimer of opinion

As set out set out in the Financial Statements for the year ended 30 June 2024 and described further in note 28, in August 2024 the Company was subject to a cyber-attack which impacted its ability to access the accounting system used during the 4-month period to 31 October 2023 together with supporting documentation held within. Together with the impact of system and personnel changes, management have been unable to provide sufficient audit evidence for some of the transactions in this and the prior period, including detail behind some transactions leading to uncertainty on whether a number of balances reported are accurate and correctly categorised.

As a result of these matters, we were unable to determine whether any adjustments might have been found necessary to the Statement of Financial Position as at 30 June 2024 and 30 June 2025 and the Statement of Comprehensive Income and the Statement of Changes in Equity for the year ended 30 June 2025.

Opinions on other matters prescribed by the Companies Act 2006

Because of the significance of the matter described in the basis for disclaimer of opinion section of our report, we have been unable to form an opinion, whether based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and directors' report have been prepared in accordance with applicable legal requirements.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHARLTON ATHLETIC FOOTBALL COMPANY LIMITED

Matters on which the auditor is required to report by exception

Notwithstanding our disclaimer of an opinion on the financial statements, in the light of the knowledge and understanding of the company and its environment obtained in the course of the audit performed subject to the pervasive limitation described above, we have not identified material misstatements in the Strategic Report or the Directors' Report.

Arising from the limitation of our work referred to above:

- we have not obtained all the information and explanations that we considered necessary for the purpose of our audit; and
- we were unable to determine whether adequate accounting records have been kept.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made.

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement set out on page 14, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the club's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the club or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHARLTON ATHLETIC FOOTBALL COMPANY LIMITED

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the company's financial statements in accordance with International Standards on Auditing (UK) and to issue an auditor's report.

However, because of the matter described in the Basis for disclaimer of opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Extent to which the audit is considered capable of detecting irregularities

Due to the issues noted in the Basis for disclaimer of opinion section above, including the cyber-attack, and management being unable to provide sufficient audit evidence to support some journals and material balances within financial statement there is a heightened risk of the audit being unable to detect irregularities, including material misstatement due to fraud.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

We obtained an understanding of the club's legal and regulatory framework through enquiry of management concerning their understanding of relevant laws and regulations and of the club's policies and procedures regarding compliance. We also drew on our existing understanding of the club's industry and regulation. We understand that the club comply with the framework through:

- Updating operating procedures, manuals and internal controls as legal and regulatory requirements change;
- The directors' close involvement in the day-to-day running of the business, meaning that any litigation or claims would come to their attention directly; and
- The engagement of external experts to ensure ongoing tax compliance.

In the context of the audit, we considered those laws and regulations which determine the form and content of the financial statements and which are central to the club's ability to conduct its business and where failure to comply could result in material penalties. We identified the following laws and regulations as being of significance in the context of the club:

Those that have a direct effect on the determination of material amounts and disclosures in the financial statements. These include:

- Health and safety regulations, including building and fire safety;
- The UK Companies Act 2006 and FRS 102 in respect of the preparation and presentation of the financial statements; and
- Tax legislation.

Those that do not have a direct effect on the financial statements but compliance with which may be fundamental to the club's ability to operate or to avoid a material penalty. These include:

- The Football Association (FA), English Football League (EFL) and FIFA regulations.

We performed the following specific procedures to gain evidence about compliance with the significant laws and regulations above:

- Discussion with senior management including consideration of known or suspected non-compliance with the above regulations;
- We communicated with the club's management regarding existing litigation;
- We have reviewed legal correspondence throughout the year; and
- We obtained written management representations about any potential or ongoing legal disputes.

The senior statutory auditor led a discussion with members of the engagement team regarding the susceptibility of the club's and financial statements to material misstatement, including how fraud might occur.

The areas identified in this discussion were:

- Revenue recognition, specifically around cut-off;
- Journal entries; and
- Going concern.

The procedures that we carried out in order to gain evidence in the above area included:

- Testing of revenue transactions to underlying documentation;
- Testing journal entries, selected based on specific risk assessments applied based on the club's processes and controls surrounding manual journals and challenging management where insufficient support was made available to us; and
- Review of management forecasts for the period of 12 months from signing, including cash flow forecasts.

The senior statutory auditor was satisfied that the engagement team collectively had the appropriate competence and capabilities to identify or recognise irregularities.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHARLTON ATHLETIC FOOTBALL COMPANY LIMITED

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2025

1. General information

Charlton Athletic Football Company Limited ('the Club') is a private company, limited by shares, domiciled and incorporated in England and Wales (registered number: 01788466). The registered office address is The Valley, Floyd Road, London, SE7 8BL.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Financial Reporting Standard 102 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of SE7 Partners Limited ["SE7 Partners"] as at 30 June 2025 and these financial statements may be obtained from Companies House.

2. Accounting policies (continued)

2.3 Going concern

As at 30 June 2025, the club had net current liabilities of £31,647k and a total comprehensive loss for the financial year of £15,390k.

The directors have prepared forecasts which estimate that the club has sufficient cash to continue as a going concern and pay its liabilities as they fall due for the foreseeable future, being a period of at least one year from the date of approval of the accounts. The forecasts include additional funding to be provided by SE7 Partners, who have confirmed that, if necessary, they will provide additional funding above that envisaged in the base projections. SE7 Partners have provided the club with a letter of financial support for a period of not less than 12 months from the date of signing these financial statements.

As part of the transaction at the start of the previous financial year, SE7 Partners were approved by the EFL after an intensive scrutiny process, and signed up to EFL regulations and provided information relating to the source and sufficiency of funding. The Company has received renewed letters of support from the major ultimate shareholders. The directors believe that the club will be able to meet its liabilities as they fall due for the foreseeable future being a period of not less than one year from the approval of these financial statements. Accordingly, it is appropriate to prepare the accounts on a going concern basis and the accounts do not include any adjustments that would be required if the club was unable to continue as a going concern.

2.4 Turnover

Turnover represents income receivable from football and related commercial activities excluding transfer fees receivable and value added tax. Broadcast and matchday income is recognised when related matches are played. Advance season tickets sales are included within deferred income and released to turnover in the relevant season.

2.5 Cost of sales

Cost of sales comprises costs directly attributable to the generation of merchandise revenue and is recognised in the same accounting period as the related income. Cost of sales includes the purchase cost of merchandise sold together with directly attributable customisation and branding costs and inbound freight, customs duties and handling costs. Cost of sales also includes any write-down of merchandise inventories to net realisable value where the carrying value exceeds the amount expected to be recovered from sale.

Merchandise inventories are stated at the lower of cost and net realisable value.

All other operating costs of the Club are recognised as administrative expenses and are not included within cost of sales.

2. Accounting policies (continued)

2.6 Players' registrations

The cost of obtaining players' registrations with the FA is capitalised as an intangible assets and amortised evenly over the period of the respective players' contracts. These costs include transfer fees, transfer levies and agents' fees. Payments contingent on the occurrence of uncertain future events are recognised when the event takes place. Players' registrations are written down for impairment when the individual player's carrying value exceeds the amount recoverable through use or sale. Players are derecognised as intangible assets when they are sold, or if their contracts run out. Any profit or loss on disposal is recognised through profit or loss.

2.7 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'.

2. Accounting policies (continued)

2.8 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Company in independently administered funds.

Defined benefit scheme

The club is a member of the Football League Pension and Life Assurance Scheme ('the Scheme'). The Scheme is a multi-employer defined benefit pension scheme, where it is unable to identify its share of the underlying assets and liabilities on a consistent and reasonable basis. Therefore, as required by FRS 102, the club accounts for the Scheme as if it were a defined contribution scheme. As a result, the amounts charged to Administrative expenses represent the contributions payable to the Scheme. Where material, contributions payable under an agreement with the Scheme to fund past deficits are recognised as a liability in the club's financial statements.

2.9 Government grants

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to profit or loss at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in profit or loss in the same period as the related expenditure.

2.10 Taxation

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the club operates and generates income.

2. Accounting policies (continued)

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the reporting date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

2.11 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.12 Borrowing costs

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

2.13 Signing on fees and loyalty payments

Signing on fees are recognised through profit or loss evenly over the period covered by the players' contract. Loyalty payments are accrued through profit or loss for the period to which they relate.

2.14 Long-term season ticket schemes

The net amount received by the club through long-term season ticket schemes is treated as deferred income within creditors and is released through profit or loss over the period in which the supporters utilise their season ticket.

2. Accounting policies (continued)

2.15 Barter transactions

Exchange of goods or services are recognised as revenue when goods are sold or services are exchanged for dissimilar goods or services in a transaction that has commercial substance.

Turnover is recognised at the fair value of the good or services received adjusted by the amount of any cash or cash equivalents transferred.

2.16 Exceptional items

Exceptional items are transactions that fall within the ordinary activities of the club but are presented separately due to their size or incidence.

2.17 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Fixtures and fittings	- 20 - 33%

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.18 Stock

Stock is stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2. Accounting policies (continued)

2.19 Provisions for liabilities

Provisions are made where an event has taken place that gives the club a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the club becomes aware of the obligation, and are measured at the best estimate at the reporting date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Statement of Financial Position.

2.20 Financial instruments

Financial assets and financial liabilities are recognised in the Statement of Financial Position when the club becomes a party to the contractual provisions of the instrument.

Trade and other debtors and creditors are classified as basic financial instruments and measured on initial recognition at transaction price. Debtors and creditors are subsequently measured at amortised cost using the effective interest rate method. A provision is established when there is objective evidence that the club will not be able to collect all amounts due.

Cash and cash equivalents are classified as basic financial instruments and comprise cash in hand and at bank, short-term bank deposits with an original maturity of three months or less and bank overdrafts which are an integral part of the club's cash management.

Financial liabilities and equity instruments issued by the club are classified in accordance with the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of the club after deducting all of its liabilities. Equity instruments issued by the club are recorded at the proceeds received, net of direct issue costs.

Interest bearing bank loans, overdrafts and other loans which meet the criteria to be classified as basic financial instruments are initially recorded at the present value of cash payable to the bank, which is ordinarily equal to the proceeds received net of direct issue costs. These liabilities are subsequently measured at amortised cost, using the effective interest rate method.

3. Judgments in applying accounting policies and key sources of estimation uncertainty

The judgements, estimates and assumptions are evaluated at each reporting date and are based on historical experience as adjusted for current market conditions and other factors. Management makes estimates and assumptions concerning the future in preparing the financial statements and the actual results will not always reflect the accounting estimates made. The estimates and assumptions that had a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities of the club are outlined below.

Bad debt provision
Trade debtor balances totaling £3,334k *(2024 - £2,865k)* are recorded in the Company's balance sheet. A full line by line review of these balances is carried out and a provision is applied based on anticipated recoverability. At the year-end a bad debt provision of £1,158k *(2024 - £648k)* was included within trade debtors.

Provisions and contigent liabilities
Creditors and provisions contain allowances for certain contingent amounts payable to players and to other clubs based on management's best estimate of certain future events, such as the number of player appearances, and the amount that will become payable as a result. Actual future costs may differ from the amounts provided.

Ex-director loans
Under FRS 102, these loans have to be recognised at their present value which differs from the original transaction value. In calculating the present value, given the highly subjective nature of any assumption used, it is assumed that promotion to the Premier League is gained at the earliest possibility (i.e. 1 year from 30 June 2025). Should this not be achieved the present value of the loans will differ materially from the value currently presented.

Operating leases
On 25 September 2020 the lease agreements relating to the Valley Stadium and Training Ground were amended following Clear Ocean Capital Limited's acquisition of the club, including revised rents and lease terms of 15 years, respectively. The directors have assessed that these leases represent operating leases in accordance with FRS 102 Section 20.5.

Depreciation of tangible fixed assets
Tangible fixed assets are depreciated over their useful life taking into account residual value where appropriate. The actual useful lives of the assets and residual values may vary depending upon a number of factors, including technological innovation and maintenance programmes.

Players' registrations
The cost of obtaining players' registrations are amortised evenly over the period of the respective players' contracts. The market value of a player could differ significantly from its net book value in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2025

4. Turnover

An analysis of turnover by class of business is as follows:

	2025 £000	*2024 £000*
Television and broadcast	**2,548**	*1,908*
Ticket income and match day activities	**5,001**	*4,494*
Commercial	**1,867**	*1,389*
Other	**1,752**	*1,021*
	11,168	*8,812*

All turnover arose within the United Kingdom.

5. Exceptional items

	2025 £000	*2024 £000*
Severance pay	**6**	*746*

6. Other operating income

	2025 £000	*2024 £000*
Grant income	**286**	*211*
Other income	**391**	*1,095*
Gain on release of potential financial liability	**656**	-
	1,333	*1,306*

7. Operating loss

The operating loss is stated after charging:

	2025 £000	2024 £000
Amortisation of intangible assets	**934**	*832*
Depreciation of tangible fixed assets	**691**	*403*
Hire of plant and machinery	**13**	*13*
Fees payable to the club's auditor for the audit of the club's annual financial statements	**66**	*117*
Non-audit fees	**5**	*6*
Other operating lease rentals	**578**	*578*

8. Employees

Staff costs were as follows:

	2025 £000	2024 £000
Wages and salaries	**13,873**	*10,912*
Social security costs	**1,572**	*1,137*
Cost of defined contribution scheme	**268**	*83*
	15,713	*12,132*

The average monthly number of employees, including the directors, during the year was as follows:

	2025 No.	2024 No.
Full time playing, training and football management	**136**	*120*
Administration, commercial and stadium maintenance	**41**	*42*
Casual staff	**24**	*22*
	201	*184*

9. Directors' remuneration

	2025 £000	*2024 £000*
Directors' emoluments	**308**	*114*
Company contributions to defined contribution pension schemes	-	-
	308	*114*

During the year the directors were remunerated via separate consultancy agreements, which are included in the above.

Retirement benefits were accruing to 0 directors *(2024 - 0)* in respect of defined contribution pension schemes.

10. Interest payable and similar expenses

	2025 £000	*2024 £000*
Other loan interest	-	*43*

11. Taxation

	2025 £000	*2024 £000*
Current taxation	-	-

Factors affecting tax charge for the year

The tax assessed for the year is higher than *(2024 - higher than)* the standard rate of corporation tax in the UK of 25% *(2024 - 25%)*. The differences are explained below:

	2025 £000	*2024 £000*
Loss on ordinary activities before tax	**(15,390)**	*(13,927)*
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 25% *(2024 - 25%)*	**(3,848)**	*(3,482)*
Effects of:		
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment	**27**	*81*
Capital allowances for year in excess of depreciation	**173**	*84*
Non-taxable income	**(270)**	*(53)*
Movement in deferred tax not recognised	**3,918**	*3,370*
Total tax charge for the year	-	-

Factors that may affect future tax charges

The club has unrecognised tax losses of approximately £149 million *(2024 - £134 million)* available to carry forward against future trading profits.

12. Intangible assets

	Players' registrations £000
Cost	
At 1 July 2024	**2,643**
Additions	**1,809**
Disposals	**(1,420)**
At 30 June 2025	**3,032**
Amortisation	
At 1 July 2024	**1,446**
Charge for the year	**934**
Disposals	**(1,100)**
At 30 June 2025	**1,280**
Net book value	
At 30 June 2025	**1,752**
At 30 June 2024	*1,197*

The figures for cost of player registrations are historical cost figures for purchased players only. Accordingly the net book value of player registrations will not reflect, nor is it intended to, the current market value of these players nor does it take into account the value of any players developed through the club's youth system.

The directors consider the net realisable value of intangible assets to be considerably greater than their net book value.

13. Tangible fixed assets

	Fixtures and fittings £000
Cost or valuation	
At 1 July 2024	**3,538**
Additions	**1,075**
At 30 June 2025	**4,613**
Depreciation	
At 1 July 2024	**1,558**
Charge for the year	**691**
At 30 June 2025	**2,249**
Net book value	
At 30 June 2025	**2,364**
At 30 June 2024	*1,980*

14. Stock

	2025 £000	*2024 £000*
Finished goods	**407**	-
	407	-

Retail operations were brought under the direct control of the company during the year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2025

15. Debtors

	2025 £000	2024 £000
Due after more than one year		
Trade debtors	**150**	*500*
Prepayments	**293**	*143*
	443	*643*

	2025 £000	2024 £000
Due within one year		
Trade debtors	**2,176**	*1,717*
Amounts owed by group undertakings	**1,420**	*920*
Other debtors	**202**	*507*
Prepayments and accrued income	**2,761**	*281*
	6,559	*3,425*

16. Cash and cash equivalents

	2025 £000	2024 £000
Cash at bank and in hand	**462**	*31*

17. Creditors: Amounts falling due within one year

	2025 £000	*2024 £000*
Bank loans and overdrafts	-	*10*
Amounts owed to group companies	**25,868**	*11,734*
Trade creditors	**7,943**	*4,098*
Other taxation and social security	**1,100**	*309*
Other loans	-	*350*
Other creditors	**200**	*839*
Accruals and deferred income	**4,121**	*3,111*
Grants received	**286**	*286*
	39,518	*20,737*

Amounts owed to group companies are unsecured, interest free and repayable on demand. Amounts owed to group companies are not expected to be called unless the Company has sufficient funds available.

On 21 July 2023, the Company was sold by Clear Ocean Capital to SE7 Partners Limited. As part of this transaction Clear Ocean Capital waived amounts loaned to the Company totaling £21,331k. This has been accounted for as a capital contribution.

18. Creditors: Amounts falling due after more than one year

	2025 £000	2024 £000
Trade creditors	**1,571**	*151*
Accruals and deferred income	**150**	*139*
Other loans	**6,043**	*6,043*
Other creditors	**332**	*157*
Grants received	**2,287**	*2,573*
	10,383	*9,063*

On 25 September 2020, the previous owners Clear Ocean Capital Limited acquired the club, as part of the change in ownership of the club, a deed of waiver and release was signed on 25 September 2020 in respect of obligations owed by the club to Staprix NV. The loan owed to Staprix NV of £44,247k was waived in consideration for certain fixtures within leasehold improvement assets which were owned by the club as at 25 September 2020 and contingent consideration being payable by the club to Staprix NV if the club is promoted to the Premier League before 25 September 2030 (note 23). The details of which have not been disclosed as they are considered to be prejudicial to the arrangements entered into by the club as part of the 25 September 2020 transaction.

19. Loans

Analysis of the maturity of loans is given below:

	2025 £000	2024 £000
Amounts falling due within one year		
Other loans	**-**	*350*
Amounts owed to group companies	**25,868**	*11,734*
Amounts falling due 2-5 years		
Other loans	**3,364**	*3,364*
Amounts falling due after more than 5 years		
Other loans	**2,679**	*2,679*
	31,911	*18,127*

20. Provisions

	Dilapidation Provision £000
At 1 July 2024	**130**
At 30 June 2025	**130**

21. Share capital

	2025 £000	*2024 £000*
Allotted, called up and fully paid		
26,477,268 *(2024 -26,477,268)* Ordinary shares of £1.00 each	**26,477**	*26,477*

The Ordinary shares each have full voting, dividend and distribution rights.

22. Reserves

Capital contribution reserve

This reserve relates to capital contributions arising on financing transactions with the club's previous parent company, Clear Ocean Capital Limited.

Profit and loss account

This reserve relates to the cumulative retained earnings less amounts distributed to shareholders.

23. Contingent assets and liabilities

Additional transfer and agent fees £267k *(2024 - £150k)* will become payable depending on players making specific numbers of appearances, gaining international honours and on-field playing success.

Additional fees are receivable of £Nil *(2024 - £Nil)* where players sold make specific numbers of appearances, gain international honours or achieve on-field success.

Contingent consideration may be payable by the club to Staprix NV if the club is promoted to the Premier League before 25 September 2030. This contingent consideration payable by the club is considered to be a contingent liability as at 30 June 2025. The details of which have not been disclosed as they are considered to be prejudicial to the arrangements entered into by the club as part of the 25 September 2020 transaction.

24. Pension commitment

The club participates in the Football League Pension and Life Assurance Scheme ('the Scheme'). The Scheme is a funded multi-employer defined benefit scheme, with 92 participating employers, and where members may have periods of service attributable to several participating employers. The club is unable to identify its share of assets and liabilities of the Scheme and therefore accounts for its contributions as if they were paid to a defined contribution scheme.

The accrual of benefits ceased within the Scheme on 31 August 1999, therefore there are no contributions relating to current accruals. The club pays monthly contributions based on a notional split of the total expenses and deficit contributions of the Scheme. At 30 June 2025 the club's share of the deficit was £40k *(2024 - £76k)*.

The club currently pays total contributions of £36k *(2024 - £34k)*, per annum which increases at 5.0% per annum (first increase at 1 September 2016) and based on the actuarial valuation assumptions used in the Scheme, will be sufficient to pay off the deficit by 1 July 2026.

25. Commitments under operating leases

At 30 June the Company had future minimum lease payments due under non-cancellable operating leases for each of the following periods:

	2025 £000	*2024 £000*
Land and building leases		
Not later than 1 year	**578**	*578*
Later than 1 year and not later than 5 years	**2,213**	*2,258*
Later than 5 years	**2,414**	*2,946*
	5,205	*5,782*

	2025 £000	*2024 £000*
Other leases		
Not later than 1 year	**12**	*13*
Later than 1 year and not later than 5 years	**-**	*16*
	12	*29*

Subsequent to the balance sheet date, the club extended its Land and building leases at Sparrows Lane and The Valley to June 2040 (see note 26).

26. Related party transactions

The Company has taken advantage of the exemption in FRS 102 Section 33.1A to not disclose transactions with wholly owned group entities.

Key management are those persons having authority and responsibility for planning, controlling and directing the activities of the Company. The total amount of remuneration paid to key management personnel during the year was £1,435k *(2024 - £1,948k)*.

27. Post statement of financial position events

Since the Balance Sheet date, the Company has been active in the transfer market in preparation for the 2025/26 Championship season.

Charlton Athletic has acquired a number of player registrations and extended a number of player registrations, with total commitments of approximately £8.9m. Conversely, the Company has disposed of a number of player registrations at a net gain of approximately £0.9m. These transactions will be accounted for in the year ending 30 June 2026.

The club extended its leases at Sparrows Lane and The Valley to June 2040, giving a further six seasons tenure to the previous leasing arrangement. This has been treated as a non-adjusting post balance sheet event.

28. Cyber - attack and control issues

On 6 August 2024 the club were subject to a ransomware cyber-attack to its legacy accounting system which had been in use until 31 October 2023. As a result of the attack - for which the financial impact was covered under the club's insurance policy - significant financial data on the system was wiped and unavailable. While the direct financial impact was mitigated, the attack also disrupted other areas of activity including the financial records of the business.

Subsequently, the Board took steps to increase resource available to post and reconcile transactions. However, this action has yet to prove successful and support for balances, including those posted in the year ended 30 June 2025, is not of a standard that would ordinarily be expected. This has again led to difficulty in providing a full audit trail to facilitate our external audit resulting in the qualified audit report included on pages 14 to 19 of this annual report.

29. Controlling party

SE7 Partners Limited a company registered in England and Wales is the immediate parent undertaking.

The ultimate parent undertaking is Global Football Partners Limited, a company incorporated in the Cayman Islands.

The smallest and largest group of undertakings for which group accounts for the year ended 30 June 2025 will be drawn up, is that headed by SE7 Partners Limited. Copies of the group accounts are available from Companies House.

The directors do not consider there to be an ultimate controlling party.
