Executive Chair's Report

Year ended 31 May 2024

On behalf of the Board of Directors, I present the annual financial statements and reports for the year ended 31 May 2024.

On the Field

The 2023/2024 season, like many seasons previously, was a season of two halves. After getting off to a difficult start the Club parted company with Head Coach Gareth Ainsworth. It was a difficult decision, but the Board decided to make a managerial change at the end of October with the Club in the relegation zone. We thank Gareth for his work in keeping us up the previous season and for all his dedication and hard work. He is and always will be a Club legend.

He was replaced by Marti Cifuentes in November. The Club experienced an upturn in results and finished the season strongly in 18th position. If the season were based on only the last 23 League matches, the Club would have finished 9th and just 3 points outside the playoffs.

In the summer transfer window the Club acquired the registrations Ziyad Larkeche, Asmir Begavic, Morgan Fox, Jack Colback, Steve Cook, Reggie Cannon and also saw the return of Paul Smyth. Taylor Richards also converted his loan move to a permanent transfer. The Club also saw the sale of the registrations of Seny Dieng and Rob Dickie to Middlesbrough and Bristol City respectively. The January window saw the arrivals of Michael Frey and Lucas Anderson on permanent transfers and Isaac Hayden and Joe Hodge on loan.

We also saw Rayan Kolli, Alexander Aoraha, Lorent Talla and Rafferty Pedder make their first team debuts from the Academy. Player production from the Academy is an area in which we are looking to make further gains with renewed impetus and gain more minutes on the pitch from our home-grown players. We have also expanded our international scouting reach following revision of the UK Work Permit regulations in the middle of the summer transfer window with an aim to getting better value and more balance in the squad.

Player sales will continue to be one of the cornerstones of our financial planning going forward as we aim to adhere to the financial regulations in place and increase competitiveness on the pitch. The average age of the squad has increased since the 2022/2023 season when it was 26.0 years of age to 27.6 in the 2023/2024 season. We will be looking to lower the average age whilst keeping a balanced squad.

Leadership Changes

This season also saw Director of Football Les Ferdinand and Technical Director Chris Ramsay decide to leave the Club. Chris' and Les' dedication, commitment, loyalty and desire to see the Club improve was greatly appreciated by the Board and they will always be great friends of the Club.

Having previously been advised by the Board earlier in the season by me in my then role as CEO of the need to look at succession planning and shaping the organization for the future, the Board undertook a recruitment process aiming to combine the roles of CEO and Director of Football. This process culminated in the appointment of Christian Nourry as CEO. Christian has been engaged in a restructuring of various departments within the Club which will mean we will be much more data driven with more formalized structures – particularly within the football and football support departments. This is a process that will incur growing pains, but will ultimately vastly improve the quality on the pitch in both the medium and long-term

Training Ground

Although the First Team had moved in the new training ground before the start of the 2023/24 season, works were still on going to complete the overall project. This finally culminated in the completion of the maintenance and ancillary buildings in March 2024 and the demolition of the existing Academy building on site, in June 2024. With this, the first phase of the Training Ground has now been completed.

Corporate

In July 2023, QPR Asia Sdn Bhd transferred all it's shareholding to the other three significant shareholders.

Pursuant to the completion of transfer of shares, Tony Fernandes resigned from the Board of Directors of both QPR Holdings Limited and Queens Park Rangers Football & Athletic Club Limited. Tony's contributions to the Board and enthusiasm as a fan were greatly appreciated by the Board.

Principal activities
The principal activity of the Company and the Group is that of a professional football club, with related commercial activities.

Business Review
The results for the year are summarised below:

- Group turnover was £25.9m, which is higher than in the previous year (£23.3m).
- Total gate receipt revenue was £6.9m, which is higher than in the prior year (£5.7m).
- Group operating losses reduced to £13m after player trading, compared to £21.1m in the prior year.
- At the reporting date the Group had bank reserves of £2.2m, compared to £1.9m in the prior year.
- At the reporting date the Group 's deficit position was £64.8m, compared with a £56.8m deficit in the prior year.

Cash flow and treasury
Net cash outflow from operations amounted to £14.2m as compared to £20.2m in the previous year.

The Group incurred a cash cost of £1.1m (2023: £1.9m) to acquire additional players during the year. The Group received £23m (2023: £30.5m) in shareholder financing during the year.

Risks and uncertainties
There are a number of potential risks and uncertainties that could have a material impact on the Group's long-term performance. These risks and uncertainties are monitored by the Board on a regular basis and the Board remains confident that the Group has sufficient financial backing to manage these issues.

Football
The Group's income will always be directly affected by the performance of the first team and the Club's league status. The level of attendance may be influenced by factors such as the success of the team, ticket prices, broadcast coverage and the general economic climate.

The performance of the playing squad, as well as the football management staff, is hugely important to the Group, which maintains its strategy of trying to retain the highest quality playing and management staff. The Group operates in a highly competitive market for talent and the market rates for transfers and wages is, to a varying degree, dictated by competitors and the Group recognises the significance of this in relation to the desire to maintain the strength of the first team.

The Club is regulated by the rules of the various governing bodies and any change to these rules could have an impact on the Group. The Group monitors its compliance with all applicable rules and considers the impact of any changes.

Commercial
The Group derives income from sponsorship and other commercial arrangements. Broadcasting and certain other revenues are derived from contracts that are currently centrally negotiated by the Football League; the Group does not have any influence on the outcome of the relevant contract negotiations.

Post reporting date events
The details of these are included in note 23 of the financial statements.

Future Developments
The short-term objective is to be competitive in the Championship and target a play-off place. The Board's primary aim is also to implement the strategic plans to ensure that the Club is self-sustainable as soon as possible.

Going Concern
The Group's business activities, together with the factors likely to affect its future development and performance are set out above. The financial position of the Group, its cash flows, liquidity position and borrowings are described in these financial statements.

The Group is dependent on the continued support of its significant shareholders, Total Soccer Growth Holdings Limited, QPR Newco LLC and Sea Dream Limited in order to remain a going concern. These shareholders have confirmed under deed that they will continue to provide financial support to the Group for at least a period until 31 May 2026, in order for the Group to be able to meet its liabilities as they fall due. The directors have considered the Group's financial position, forecast cashflow and the availability of financial support from its significant shareholders and consider that it is appropriate to the prepare the financial statements on a going concern basis.

Financial risk management objectives and policies
Financial instruments are used for financing purposes only. It is Group policy not to trade in financial instruments. The details of financial risk management are included in note 22 of the financial statements.

The board of directors sets out the financial risk management policies that are implemented by the finance department. The Board considers that financial risks do not pose a major threat to the Company.

Chairman

Approved by the directors on 18 December 2024

The directors have pleasure in presenting their report and the audited financial statements of the Group for the year ended 31 May 2024.

Results and dividends
The loss for the year amounted to £13.5m (2023: £20.3m). The directors have not recommended a dividend.

Directors
The directors who served the Company during the year were as follows:

Mr A Bhatia	
Mr T Fernandes	Resigned 8 July 2023
Mr R Gnanalingam	
Mr R Reilly	
Mr Lee Hoos	Appointed 24 November 2023

Directors' responsibilities
The directors are responsible for preparing the strategic and directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that year.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company and Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group and Company's transactions and disclose with reasonable accuracy at any time the financial position of the Group and Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and Company hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors' indemnities
The Group maintains directors' and officers' liability insurance providing appropriate cover for any legal action brought against its Directors.

Strategic Report
The business review and risk management policy are located in the strategic report on pages 3 to 4.

Auditor
BDO LLP are deemed to be re-appointed under section 487(2) of the Companies Act 2006.

Insofar as the directors are aware:

- there is no relevant audit information of which the Group's auditor is unaware; and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Chairman
Approved by the directors on 18 December 2024

Opinion on the financial statements

In our opinion the financial statements:

- the financial statements give a true and fair view of the state of the Group's and of the Parent Company's affairs as at 31 May 2024 and of the Group's loss for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of QPR Holdings Limited ("the Parent Company") and its subsidiaries ("the Group") for the year ended 31 May 2024 which comprise Consolidated Statement of Comprehensive Income, Consolidated Statement of Financial Position, Company Statement of Financial Position, Consolidated Statement of Changes In Equity, Company Statement of Changes in Equity, Consolidated Cash Flow Statement, Company Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion
We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence
We are independent of the Group and the Parent Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern
In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Group or Parent Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

Other information
The Directors are responsible for the other information. The other information comprises the information included in the Directors report and financial statements, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other Companies Act 2006 reporting
In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and

- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Group and the Parent Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Directors
As explained more fully in the Directors' responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Parent Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Non-compliance with laws and regulations

Based on:
- Our understanding of the Group and the industry in which it operates;
- Discussion with management and those charged with governance
- Obtaining and understanding of the Group's policies and procedures regarding; and compliance with laws and regulations

we considered the significant laws and regulations to be the applicable accounting framework and UK tax legislation.

The Group is also subject to laws and regulations where the consequence of non-compliance could have a material effect on the amount or disclosures in the financial statements, for example through the imposition of fines or litigations.

Our procedures in respect of the above included:
- making enquiries of management and reviewing minutes of the board of Directors in order to identify any instances of fraud or non-compliance with laws and regulations;
- Review of correspondence with tax authorities for any instances of non-compliance with laws and regulations;
- Review of financial statement disclosures and agreeing to supporting documentation;
- Involvement of tax specialists in the audit; and
- Review of legal expenditure accounts to understand the nature of expenditure incurred.

Fraud
We assessed the susceptibility of the financial statements to material misstatement, including fraud. Our risk assessment procedures included:
- Enquiry with management and those charged with governance regarding any known or suspected instances of fraud;

Obtaining an understanding of the Group's policies and procedures relating to:
  - Detecting and responding to the risks of fraud; and
  - Internal controls established to mitigate risks related to fraud.
- Review of minutes of meeting of those charged with governance for any known or suspected instances of fraud;
- Discussion amongst the engagement team as to how and where fraud might occur in the financial statements;
- Performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud; and
- Considering remuneration incentive schemes and performance targets and the related financial statement areas impacted by these.

Based on our risk assessment, we considered the areas most susceptible to fraud to be management override of controls and Revenue.

Our procedures in respect of the above included:
- Identifying and testing journal entries to supporting documentation, in particular any journal entries to revenue not in line with expectations and reviewing journal entries for journals inconsistent with the usual transactions of the Group.
- agreeing a sample of revenue to underlying contracts and/or other third-party documentation to ensure they are recorded at the correct time and to the correct amount
- agreeing a sample of revenues to cash receipts
- reviewed transactions pre and post year end to check that the associated revenue is reflected in the correct period.
- identifying and tested material manual journal entries to revenue
- Assessing significant estimates made by management for bias or judgement that represented a risk of material misstatement due to fraud. In particular we have considered in respect of revenue recognition, including accrued and deferred revenue, and recoverability of trade and other receivable.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members who were all deemed to have appropriate competence and capabilities and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Parent Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Parent Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Parent Company and the Parent Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1. Accounting policies

a) Statement of compliance

QPR Holdings Limited is a private Company limited by shares incorporated in England and Wales, No: 03197756. The Registered Office is Matrade Loftus Road Stadium, South Africa Road, London, W12 7PJ.

b) Basis of accounting

The consolidated financial statements have been prepared in accordance with Financial Reporting Standard 102 as issued by the Financial Reporting Council. The financial statements have been prepared on the historical cost basis except for player registration fees greater than one year, the FFP settlement and loans from the EFL which are recorded at amortised cost. The principal accounting policies that have been applied consistently by all Group companies to all periods presented in these consolidated financial statements are set out below. The financial statements are prepared in sterling, rounded to the nearest thousand, which is the functional currency of the entity.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the accounting policies selected for use by the Group. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed below. Use of available information and application of judgement are inherent in the formation of estimates. Actual outcomes in the future could differ from such estimates.

c) Going concern

In assessing the appropriateness of the going concern assumption, the Directors have produced detailed cashflow projections. These cash flow projections show a significant net operating and investing cash outflow for the going concern review period. Having made appropriate enquiries, the financial statements have been prepared on the going concern basis on the grounds that the Group's main shareholders have confirmed under deed of support to provide loan facilities of up to £40m to the period ending 31 May 2026. The signed deed of support also provides that loans will not be recalled during the commitment period unless there is a material deviation from the cash flow projections, or the Group enters into debt restructuring exercise with the agreement of its creditors.

The financial statements make no provision for any adjustment should the going concern basis not be appropriate.

d) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and all Group undertakings. These are adjusted, where appropriate, to conform to Group accounting policies.

e) Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable in the normal course of business. Revenue represents match receipts, sponsorship and other income associated with the continuing principal activity of running a professional football club and excludes Value Added Tax.

Match day revenue is recognised over the period of the football season as games are played. League income is spread over the financial year in which they relate. Sponsorship and similar commercial income is recognised over the duration of the respective contracts. Facility fees for live television coverage of games are recognised when the match is played.

f) Player costs and transactions

(i) *Initial capitalisation*

The costs associated with the acquisition of player registrations are capitalised as intangible fixed assets. Any intangible assets acquired on deferred terms are recorded at the fair value at the date of acquisition. The fair value represents the net present value of the costs of acquiring player registrations.

(ii) *Amortisation*

These costs are fully amortised on a straight-line basis in equal annual instalments over the period of the respective contracts.

(iii) *Contingent consideration*

Under the conditions of certain transfer agreements, further fees will be payable to the vendors in the event of the players concerned making a certain number of First Team appearances. Liabilities in respect of these additional transfers are accounted for, as provisions, when it becomes probable that the number of appearances will be achieved, or the specified future events will occur.

1. **Accounting policies *(continued)***

(iv) ***Impairment***

The Group will perform an impairment review on the intangible assets if events or changes in circumstances indicate that the carrying amount of the player may not be recoverable. The Group compares the carrying amount of the asset with its recoverable amount. The Group does not consider that it is possible to determine the value in use of an individual football player in isolation as that player (unless via a sale or insurance recovery) cannot generate cash flows on his own. Furthermore, the Group also considers that all of the players are unable to generate cash flows even when considered together. Accordingly, the Group considers the smallest cash-generating unit to contain all the other First Team players, the Stadium and the training facilities.

The Group calculates the value in use of this cash-generating unit by discounting estimated expected future cash flows (being the pre-player trading cash flows generated by the Group's existing operations and any future capital expenditure on the ground and First Team squad). The Group compares this with its assessment of the fair value less costs to sell off all of the First Team players and the higher of these two numbers is deemed to be the recoverable amount.

In certain rare instances there may be an individual player whom the Group does not consider to be part of the First Team squad and who will therefore not contribute to the future cash flows earned by the cash-generating unit. This is normally due to a permanent career-threatening injury/condition or due to a serious and permanent fall out with the Group's senior football management and Directors which therefore means the Group consider it highly unlikely, he will ever play for the First Team again. In this situation, the carrying value of the player is removed from the carrying value of players assessed as part of the cash-generating unit referred to above and instead this player will be assessed for impairment in isolation by considering his carrying value with the Group's best estimate of his fair value less costs to sell. The Group estimate this using one of the following sources:

- in the case of a player who has permanently fallen out with the Group's senior football management and directors, either the agreed selling price in the event the player has been transferred after the year-end; or
- If there have not been any bids for the player, management's best estimation of the disposal proceeds (less costs) of the player on an arm's length basis. This is determined by the Group's senior football management in conjunction with the Directors who will use the outcome of recent player disposals (by both the Group and other football clubs) as a basis for their estimation. Any costs to sell, such as agency costs are deducted from the fair value; or
- in the case of a player who has suffered a career-threatening injury/condition, the value attributed to the player by the Group's insurers.

(v) ***Disposals***

Profits or losses on the disposal of these registrations represent the fair value of the consideration receivable, net of any transaction costs, less the unamortised cost of the original registration.

(vi) ***Remuneration***

Remuneration of players is charged in accordance with the terms of the applicable contractual agreements and any discretionary bonus when there is a legal or contractual obligation. Liabilities in respect of player loyalty fees are provided for, as part of operating expenses, when payment becomes probable as the player is contracted to the football club and the loyalty fee is payable prior to the next transfer window at the date the accounts are signed.

g) **Fixed assets**

All fixed assets are initially recorded at cost net of any capital contribution, except for the stadium which has been included at a valuation of the replacement cost of the new stadium.

h) **Depreciation**

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Freehold Buildings	-	10 to 50 years straight line
Plant & machinery	-	5 to 10 years straight line
Fixtures & fittings	-	5 years straight line

Land and assets under construction are not depreciated.

i) **Inventories**

Inventories are valued at the lower of cost and net realisable value using the first in first out method, after making due allowance for obsolete and slow moving items.

1. **Accounting policies *(continued)***

j) **Foreign exchange**
Transactions denominated in foreign currencies are translated into Sterling and recorded at the rates of exchange ruling at the date of the transactions. Translation differences are dealt with in the consolidated statement of comprehensive expense.

k) **Deferred taxation**
Deferred tax is recognised in respect of all material timing differences that have originated but not reversed at the reporting date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the reporting date. Deferred tax assets are recognised to the extent that it is regarded more likely than not that they will be recovered.

l) **Financial instruments**
Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities, or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

Financial assets
The Group's financial assets relate to trade and other receivables and cash and cash equivalents. Trade and other receivables are classified as loans and receivables and are measured initially at fair value plus transaction costs and are carried subsequently at amortised cost under the effective interest method, less provision for any impairment. Any change in their value through impairment or reversal of impairment is recognised in the consolidated statement of profit or loss. There are no financial assets classified as fair value through profit or loss or as held to maturity or available for sale. All financial assets are assessed for indicators of impairment at each consolidated statement of financial position date. Financial assets are impaired where there is evidence that a loss has occurred and that estimated future cash flows of the financial asset have been impacted. Objective evidence of impairment for a portfolio of receivables could include a Group's past experience of collecting payments, an increase in the delayed number of payments in the portfolio and the average credit period, as well as observed changes in the national or local economic conditions that correlate with default on receivables.

Impairment of financial assets
All financial assets are assessed for indicators of impairment at each reporting date.

Financial liabilities
Financial liabilities which include bank loans, overdrafts and trade and other payables are measured initially at fair value net of transaction costs under the effective interest method and thereafter at amortised cost. Finance charges are accounted for on an accruals basis in the consolidated statement of comprehensive expense using the effective interest method.

De-recognition of financial liabilities
The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled, or they expire.

m) **Finance costs**
Finance costs on all borrowings except those that are directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash flows through the expected life of the borrowings.

For qualifying assets if the borrowed funds are specifically for the purpose of obtaining a qualifying asset, the Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of those borrowings. If obtained via general borrowings, then the amount capitalised is determined by applying the applicable capitalisation rate for the period. The capitalisation rate used in the period shall be the weighted average of rates applicable to the Group's general borrowings that are outstanding during the period.

Any non-current assets acquired on deferred terms are recorded at the discounted present value at the date of acquisition. The associated payable is then increased to the settlement value over the period of deferral, with this value being charged as a notional finance cost to profit or loss.

Similarly, any intangible asset disposed of on deferred terms will be initially recorded at the discounted present value of future receipts and the receivable is then increased to the settlement value over the period of deferral with this value being charged as notional finance income to profit or loss.

1. **Accounting policies *(continued)***

n) Pension costs

The Group operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the Company. The annual contributions payable are charged to profit or loss.

o) Leases

Where assets are financed by leasing agreements that give rights approximating to ownership (finance leases, hire purchase agreements), the assets are treated as if they have been purchased outright. The amount capitalised is the fair value of the leased asset or, if lower, the present value of the minimum lease payments. If there is reasonable certainty of obtaining ownership the asset is depreciated over its useful life, if not it is depreciated over the lease term if this is shorter.

Lease payments are analysed between capital and interest components so that the interest element of the payment is charged to profit or loss over the term of the lease and is calculated so that it represents a constant proportion of the balance of the capital repayments outstanding. The capital element reduces the amounts payable to the lessor.

All other leases are treated as operating leases. Their annual rents are charged to the Statement of Comprehensive Income on a straight-line basis over the term of the lease.

p) Investments

Investments in subsidiaries are stated at cost less impairment. Impairment reviews are carried out as required.

q) Cash and cash equivalents

Cash and cash equivalents consist of cash in hand and balances with banks including deposits with an original maturity of three months or less. Cash and cash equivalents are measured at fair value.

r) Critical accounting judgements and estimates

In the application of the Group's accounting policies, which are described herein, the directors are required to make judgements, estimates and assumptions about the carrying value of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The principal balances in the financial statements where changes in estimates and assumptions may have a material impact are:

(i) *Contingent liabilities*

Current liabilities and provisions contain contingent bonuses payable to employees, players and football clubs and are based on the best information available to management at the reporting date. However, the future costs assumed are inevitably only estimates, which may differ from those ultimately incurred.

(ii) *Recoverable amount of non-current assets*

All non-current assets, including property, plant and equipment and intangible assets, are reviewed for potential impairment using estimates of the future economic benefits attributable to them. Such estimates involve assumptions in relation to future ticket income, media and sponsorship revenue and on pitch performance. Any estimates of future economic benefits made in relation to non-current assets may differ from the benefits that ultimately arise, and materially affect, the recoverable value of the asset.

2. **Revenue**

The revenue and loss before tax are attributable to the one principal activity of the Group and are derived from activities wholly within the United Kingdom.

Revenue may be analysed as follows:

	2024	2023
	£'000	£'000
Gate receipts	**6,948**	5,696

Current tax:		
UK Corporation tax based on the results for the year (note 8(b))	**-**	-

(b) Factors affecting current tax charge

The tax assessed for the period is lower than the standard rate of corporation tax in the UK, the differences are explained below:

	2024 £'000	2023 £'000
Loss on ordinary activities before taxation	**(13,534)**	(20,337)
Loss on ordinary activities multiplied by standard rate of tax of 25% (2023 - 20%)	**(3,384)**	(4,067)
Expenses not deductible for tax	**157**	26
Unrecognised deferred tax	**3,091**	3,833
Adjustment to losses	**(113)**	12
Fixed Asset difference	**249**	196
Total current tax (note 8(a))	**-**	-

Tax losses carried forward at the reporting date were £430m (2023: £416m) relating to trading losses and £4.5m (2023: £4.5m) relating to capital losses. A deferred tax assets has not been recognised in the accounts as there is insufficient evidence that the asset will be recoverable. The unprovided deferred tax asset is calculated at £108m (2023: £104m) for trading losses and £1.1m (2023: £1.1m) for capital losses.

9. Intangible fixed assets

The FFP settlement is shown at an amortised cost basis, discounted from a £8,500,000 full value (2023: £10,200,000), £1,700,000 falls due within one year and is shown within note 14, the remainder is payable over a set number of years as agreed with the EFL.

The convertible bond represents the present value of the financial liability of a bond issue undertaken in November 2020 to raise funds for the purchase and development of Heston Sports Ground, the site will become the training ground for the First Team, Under 23s and Academy. The £10,000,000 bond issued to Shirieene Hajamaideen (the spouse of Ruben Gnanalingham a director of the Company) on 2 November 2020, has an initial term of five years, is unsecured and carries a fixed rate of interest of 6% per annum.

The financial liability has been calculated by comparing it to similar debt at the date of issue with no conversion option, the residual amount of £1,263,000 (2023: £1,263,000) has been allocated to equity.

The non-convertible bond was issued to the public in November 2021 to raise additional funds for the development of Heston Sports Ground. The bond will be repaid in five years from the date of investment, with interest paid annually from 1 June 2022 at 8% (5% cash and 3% Club credit). At the year-end £297,000 had been settled, the balance of £247,000 (2023: £247,000) is shown within note 14.

The Group's FFP settlement at the reporting date which have been discounted at the Group's cost of capital and which do not include interest payments are detailed as follows:-

Financial risk management objectives and policies

Management monitor and manage the financials risks relating to the operations of the Group through internal controls. These risks include currency risk, credit risk and liquidity risk.

Credit risk

The Group's principal financial assets are bank balances, cash and trade receivables. The Group's credit risk is primarily attributable to its trade receivables. Credit risk is managed by monitoring the aggregate amount and duration of exposure to any one customer depending upon their credit rating. The amounts presented in the statement financial position are net of allowances for doubtful debts, estimated by the Group's management based on prior experience and their assessment of the current economic environment.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies. The Group has no significant concentration of credit risk, with exposure spread over a significant number of counterparties and customers.

Liquidity risk

Ultimate responsibility for liquidity risk management rests with the Directors. The Directors use management information tools including budgets and cash flow forecasts to be able to constantly monitor and manage current and future liquidity.

The funding of the Group is through loans from the principal shareholder as disclosed in note 14.
