**Executive Chair's Report**

**Year ended 31 May 2025**

---

On behalf of the Board of Directors, I present the annual financial statements and reports for the year ended 31 May 2025.

**On the Field**

After a difficult start to the 2024/25 season, we found ourselves near the bottom the league before the start of December. Hampered by injuries, the non-availability of players affected the performance of the team throughout the season. Fortunately, we were able to string a sequence of positive results from December till the end of January which made a significant impact on our final position.

Pursuant to the end of the season, we took the decision to terminate the contracts of Marti Cifuentes and his assistant Xavi Calm. We appreciate their efforts in stabilising the performances of the club during the 23/24 season and in ensuring our safety in the 24/25 season. We wish them both all the best in their future endeavours.

In June 2025, we appointed Julien Stephan as Head Coach. The current coaching team consisting of Kevin Betsy and Andrew Sparkes was further strengthened with the appointments of Steve Bould, Rudy Cuni and Alou Diarra in the post season.

During the 2025 summer transfer window we secured Kwame Poku, Amadou Mbengue, Rumarn Burrell, Richard Kone, Koki Saito, Isaac Hayden, Kealey Adamson, Tylon Smith and Jaylan Pearman on permanent transfers. In addition, the temporary transfer of Karamoko Dembele during the 24/25 season was converted into a permanent transfer. Jimmy Dunne's contract was renewed, and he has since been made the Club Captain for the 25/26 season.

Furthermore, Charlie Kelman transferred to Charlton Athletic. Jack Colback, Morgan Fox, Lucas Andersen, and Kenneth Paal departed due to their contracts expiring.

We are in the process of fine tuning our player trading model, which forms the largest component of our financial planning strategy to adhere to the League's financial regulations as well as advancing the core objective of the Club, i.e. financial self-sustainability. A by product of this model is also the reduction in the average age of our First Team squad from 25.8 years during the 24/25 season to 24.9 years at the start of the 26/27 season.

**Training Ground**

Although the First Team had moved in the new training ground before the start of the 2023/24 season, works were still on going to complete the overall project. This finally culminated in the completion of the maintenance and ancillary buildings in March 2024 and the demolition of the existing Academy building on site, in June 2024. With this, the first phase of the Training Ground has now been completed, and we marked this occasion with an open day held for the bond holders whose investments supported this achievement.

**QPR Women's Team**

At the start of the financial year, the QPR Women's Team which had been under the purview of the QPR in the Community Trust was transferred to QPR Holdings Limited. The team is now overseen internally, incurred a cost of £260,000 during this financial year and is now based at the TSG Elite Training & Performance Centre. The team currently compete in the Division One South East of the Women's National League, having finished in 5$^{th}$ position for the 24/25 season.

**Corporate**

On 2 November 2020, we issued a £10,000,000 bond to Shirieene Hajamaideen (the spouse of Ruben Gnanalingam, a director of the Company) for an initial term of five years. The bond was unsecured and carried a fixed rate of 6% per annum. The Board has requested for an extension of the bond for a further 5 years to 2 November 2030 at a rate of 8%. The bond holder also has the option to require a charge over the Training Ground. This request was accepted on 19 September 2025.

Lee Hoos
Chairman

**Principal activities**
The principal activity of the Company and the Group is that of a professional football club, with related commercial activities.

**Business Review**
*The results for the year are summarised below:*

- Group turnover was £28.0m, which is higher than in the previous year (£25.9m).
- Total gate receipt revenue was £6.8m, which is slightly lower than in the prior year (£6.9m).
- Group operating losses increased to £18m after player trading, compared to £13m in the prior year.
- At the reporting date the Group had bank reserves of £1.9m, compared to £2.2m in the prior year.
- At the reporting date the Group 's deficit position was £70.9m, compared with a £64.8m deficit in the prior year.

**Cash flow and treasury**
Net cash outflow from operations amounted to £13.2m as compared to £14.2m in the previous year.

The Group incurred a cash cost of £6.4m (2024: £1.1m) to acquire additional players during the year. The Group received £19m (2024: £23m) in shareholder financing during the year.

**Risks and uncertainties**
There are a number of potential risks and uncertainties that could have a material impact on the Group's long-term performance. These risks and uncertainties are monitored by the Board on a regular basis and the Board remains confident that the Group has sufficient financial backing to manage these issues.

**Football**
The Group's income will always be directly affected by the performance of the first team and the Club's league status. The level of attendance may be influenced by factors such as the success of the team, ticket prices, broadcast coverage and the general economic climate.

The performance of the playing squad, as well as the football management staff, is hugely important to the Group, which maintains its strategy of trying to retain the highest quality playing and management staff. The Group operates in a highly competitive market for talent and the market rates for transfers and wages is, to a varying degree, dictated by competitors and the Group recognises the significance of this in relation to the desire to maintain the strength of the first team.

The Club is regulated by the rules of the various governing bodies and any change to these rules could have an impact on the Group. The Group monitors its compliance with all applicable rules and considers the impact of any changes.

**Commercial**
The Group derives income from sponsorship and other commercial arrangements. Broadcasting and certain other revenues are derived from contracts that are currently centrally negotiated by the Football League; the Group does not have any influence on the outcome of the relevant contract negotiations.

**Post reporting date events**
The details of these are included in note 23 of the financial statements.

**Future Developments**
The short-term objective is to be competitive in the Championship and target a play-off place. The Board's primary aim is also to implement the strategic plans to ensure that the Club is self-sustainable as soon as possible.

**Going Concern**
The Group's business activities, together with the factors likely to affect its future development and performance are set out above. The financial position of the Group, its cash flows, liquidity position and borrowings are described in these financial statements.

In order for the Group to meet its liabilities as they fall due, the Group is dependent on the continued financial support of its main shareholders; Total Soccer Growth Holdings Limited, QPR Newco LLC and Sea Dream Limited. These shareholders have each confirmed under deed that they will continue to provide financial support to the Group for at least a period until 31 May 2027.

In assessing the appropriateness of the going concern assumption, the Directors have produced detailed cashflow projections. These cash flow projections show a significant net operating and investing cash outflow for the going concern assessment period. The base case forecasts have been sensitised to exclude the expectation of proceeds from player sales and with these adjustments, the required funding is below the maximum specified in the shareholder deeds.

**Going Concern (continued)**
Each deed specifies £40.6m maximum funding and confirms intentions to provide funding when required, in addition that the loans payable to the shareholders will not be recalled. However, the deeds are not legally binding and therefore does not guarantee that such support will be available. This indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern, and therefore the Group may be unable to realise their assets and discharge their liabilities in the normal course of business.

Based on past and current practice, and the existence of the deeds, the directors have a reasonable expectation that the financial support required from the shareholders will be forthcoming. As a result, the directors believe that the Group will continue as a going concern for a period of at least until 31 May 2027 and have therefore prepared the financial statements on a going concern basis.

The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

**Financial risk management objectives and policies**
Financial instruments are used for financing purposes only. It is Group policy not to trade in financial instruments. The details of financial risk management are included in note 22 of the financial statements.

The board of directors sets out the financial risk management policies that are implemented by the finance department. The Board considers that financial risks do not pose a major threat to the Company.

Lee Hoos
Chairman

Approved by the directors on 31 December 2025

The directors have pleasure in presenting their report and the audited financial statements of the Group for the year ended 31 May 2025.

**Results and dividends**
The loss for the year amounted to £20m (2024: £13.5m). The directors have not recommended a dividend.

**Directors**
The directors who served the Company during the year were as follows:

Mr A Bhatia
Mr R Gnanalingam
Mr R Reilly
Mr Lee Hoos

**Directors' responsibilities**
The directors are responsible for preparing the strategic and directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that year.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company and Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group and Company's transactions and disclose with reasonable accuracy at any time the financial position of the Group and Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and Company hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Directors' indemnities**
The Group maintains directors' and officers' liability insurance providing appropriate cover for any legal action brought against its Directors.

**Strategic Report**
The business review and risk management policy are located in the strategic report on pages 3 to 4.

**Auditor**
BDO LLP are deemed to be re-appointed under section 487(2) of the Companies Act 2006.

Insofar as the directors are aware:

- there is no relevant audit information of which the Group's auditor is unaware; and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

## Opinion on the financial statements

In our opinion:

- the financial statements give a true and fair view of the state of the Group's and of the Parent Company's affairs as at 31 May 2025 and of the Group's loss for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of QPR Holdings Limited ("the Parent Company") and its subsidiaries ("the Group") for the year ended 31 May 2025 which comprise the Consolidated Statement of Comprehensive Expense, the Consolidated Statement of Financial Position, the Company Statement of Financial Position, the Consolidated Statement of Changes in Equity, the Company Statement of Changes in Equity, the Consolidated Statement of Cash Flow, the Company Statement of Cash Flow, and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Independence*

We are independent of the Group and the Parent Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

## Material uncertainty related to going concern

We draw attention to Note 1c to the financial statements, which states that the Group incurred a net loss of £20.1m during the year ended 31 May 2025 and, as of that date, the Group's net current liabilities were £108.8m (2024 - £88.6m). The Group and the Parent Company are reliant on the three main shareholders for the provision of additional funding together with the non-recall of loans already advanced to the Group and the Parent Company. While deeds of support from the Ultimate controlling party and majority shareholders have been provided to the Group and the Parent Company confirming these intentions, it is not legally binding and therefore does not guarantee that such support will be available. As stated in Note 1c, these events or conditions, along with other matters set forth in Note 1c, indicate that a material uncertainty exists that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. The financial statements do not include any adjustments that would result if the Group and the Parent Company were unable to continue as a going concern. Our opinion is not modified in respect of this matter.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

## Other information

The Directors are responsible for the other information. The other information comprises the information included in the financial statements, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**Other Companies Act 2006 reporting**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Group and the Parent Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Responsibilities of Directors**

As explained more fully in the Directors' Responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Parent Company or to cease operations, or have no realistic alternative but to do so.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

*Extent to which the audit was capable of detecting irregularities, including fraud[1]*

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

*Non-compliance with laws and regulations*

Based on:

- Our understanding of the Group and the industry in which it operates;
- Discussion with management and those charged with governance; and
- Obtaining an understanding of the Group's policies and procedures regarding compliance with laws and regulations

We considered the significant laws and regulations to be the Companies Act 2006 and the applicable accounting framework.

The Group is also subject to laws and regulations where the consequence of non-compliance could have a material effect on the amount or disclosures in the financial statements, for example through the imposition of fines or litigations. We identified such laws and regulations to be the Health and Safety at Work Act 1974, UK Employment Law, Data Protection Act, UK tax law including corporate tax, VAT and PAYE.

Our procedures in respect of the above included:

- Review of tax returns including Corporation Tax and VAT for any instance of non-compliance with laws and regulations;
- Review of financial statement disclosures and agreeing to supporting documentation;
- Review of legal expenditure accounts to understand the nature of expenditure incurred; and
- Review of public searches to verify whether there are any breaches of laws and regulations.

*Fraud*

We assessed the susceptibility of the financial statements to material misstatement, including fraud. Our risk assessment procedures included:

- Enquiry with management and those charged with governance regarding any known or suspected instances of fraud;
- Obtaining an understanding of the Group's policies and procedures relating to:
    - Detecting and responding to the risks of fraud; and
    - Internal controls established to mitigate risks related to fraud.
- Review of minutes of meetings of those charged with governance for any known or suspected instances of fraud;
- Discussion amongst the engagement team as to how and where fraud might occur in the financial statements;
- Performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;

Based on our risk assessment, we considered the area's most susceptible to fraud to be:

- Management override of controls, areas of judgement due to level of subjectivity involved with them
- Revenue recognition, the possible manipulation of turnover through management bias and manual journals.

Our procedures in respect of the above included:

- Testing a sample of journal entries throughout the year, which met a defined risk criterion, by agreeing to supporting documentation;
- Assessing manual journal entries posted to revenue, and where relevant, performed testing for those with unusual account combinations and falling outside of our expectation.
- Assessing significant estimates made by management for bias or judgement that represented a risk of material misstatement due to fraud. In particular we have considered this in respect of turnover recognition, including accrued and deferred turnover, stock provisioning for slow selling and obsolete stock and the recoverability of trade debtors.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members who were all deemed to have appropriate competence and capabilities and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

## Use of our report

This report is made solely to the Parent Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Parent Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Parent Company and the Parent Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## 1. Accounting policies

### a) Statement of compliance

QPR Holdings Limited is a private Company limited by shares incorporated in England and Wales, No: 03197756. The Registered Office is Matrade Loftus Road Stadium, South Africa Road, London, W12 7PJ.

### b) Basis of accounting

The consolidated financial statements have been prepared in accordance with Financial Reporting Standard 102 as issued by the Financial Reporting Council. The financial statements have been prepared on the historical cost basis except for player registration fees greater than one year and the FFP settlement which are recorded at amortised cost. The principal accounting policies that have been applied consistently by all Group companies to all periods presented in these consolidated financial statements are set out below. The financial statements are prepared in sterling, rounded to the nearest thousand, which is the functional currency of the entity.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the accounting policies selected for use by the Group. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed below. Use of available information and application of judgement are inherent in the formation of estimates. Actual outcomes in the future could differ from such estimates.

### c) Going concern

As of 31 May 2025, the Group reported a net loss of £20.1m for the year then ended and, as of that date, the Group's net current liabilities were £108.8m (2024 - £88.6m. Of the £108.8m net current liabilities, £93m represents amounts due on demand to the shareholders.

The Group's going concern assessment has been performed for the period to 31 May 2027 ("the going concern assessment period"). The Group meets its day–to-day working capital requirements through the use of operating cash flows and loans due on demand provided by the ultimate controlling party of the Group (Total Soccer Growth Holdings Limited) and other main shareholders (QPR Newco LLC and Sea Dream Limited).

The Group's business activities, together with the factors likely to affect its future development, performance and position, are set out in the Directors' Report and the Strategic Report.

The Group continues to rely principally on the ultimate controlling party and other main shareholders for the provision of additional funding, as it becomes necessary, either as equity or loans together with the non-recall of loans already advanced to the Group.

In assessing the appropriateness of the going concern assumption, the Directors have produced detailed cashflow projections. These cash flow projections show a significant net operating and investing cash outflow throughout the going concern assessment period. Having made appropriate enquiries, the financial statements have been prepared on the going concern basis on the grounds that the Group's main shareholders have confirmed under deed of support to each provide loan facilities of up to £40.6m for at least a period until 31 May 2027 ("the commitment period"). The not legally binding signed deed of support also provides that loans will not be recalled during the commitment period.

In order for the Group to meet its liabilities as they fall due, the Group is dependent on the continued financial support of its main shareholders; Total Soccer Growth Holdings Limited, QPR Newco LLC and Sea Dream Limited. Th. However, the deeds are not legally binding and therefore does not guarantee that such support will be available. These condtions indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern, and therefore the Group may be unable to realise their assets and discharge their liabilities in the normal course of business.

Based on past and current practice, and the existence of the deeds, the directors have a reasonable expectation that the financial support required from the shareholders will be forthcoming. As a result, the directors believe that the Group will continue as a going concern for a period of at least until 31 May 2027 and have therefore prepared the financial statements on a going concern basis.

The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

### d) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and all Group undertakings. These are adjusted, where appropriate, to conform to Group accounting policies.

## 1. Accounting policies *(continued)*

### e) Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable in the normal course of business. Revenue represents match receipts, sponsorship and other income associated with the continuing principal activity of running a professional football club and excludes Value Added Tax.

Match day revenue is recognised over the period of the football season as games are played. League income is spread over the financial year in which they relate. Sponsorship and similar commercial income is recognised over the duration of the respective contracts. Facility fees for live television coverage of games are recognised when the match is played.

### f) Player costs and transactions

#### (i) *Initial capitalisation*

The costs associated with the acquisition of player registrations are capitalised as intangible fixed assets. Any intangible assets acquired on deferred terms are recorded at the fair value at the date of acquisition. The fair value represents the net present value of the costs of acquiring player registrations.

#### (ii) *Amortisation*

These costs are fully amortised on a straight-line basis in equal annual instalments over the period of the respective contracts.

#### (iii) *Contingent consideration*

Under the conditions of certain transfer agreements, further fees will be payable to the vendors in the event of the players concerned making a certain number of First Team appearances. Liabilities in respect of these additional transfers are accounted for, as provisions, when it becomes probable that the number of appearances will be achieved, or the specified future events will occur.

#### (iv) *Impairment*

The Group will perform an impairment review on the intangible assets if events or changes in circumstances indicate that the carrying amount of the player may not be recoverable. The Group compares the carrying amount of the asset with its recoverable amount. The Group does not consider that it is possible to determine the value in use of an individual football player in isolation as that player (unless via a sale or insurance recovery) cannot generate cash flows on his own. Furthermore, the Group also considers that all of the players are unable to generate cash flows even when considered together. Accordingly, the Group considers the smallest cash-generating unit to contain all the other First Team players, the Stadium and the training facilities.

The Group calculates the value in use of this cash-generating unit by discounting estimated expected future cash flows (being the pre-player trading cash flows generated by the Group's existing operations and any future capital expenditure on the ground and First Team squad). The Group compares this with its assessment of the fair value less costs to sell off all of the First Team players and the higher of these two numbers is deemed to be the recoverable amount.

In certain rare instances there may be an individual player whom the Group does not consider to be part of the First Team squad and who will therefore not contribute to the future cash flows earned by the cash-generating unit. This is normally due to a permanent career-threatening injury/condition or due to a serious and permanent fall out with the Group's senior football management and Directors which therefore means the Group consider it highly unlikely, he will ever play for the First Team again. In this situation, the carrying value of the player is removed from the carrying value of players assessed as part of the cash-generating unit referred to above and instead this player will be assessed for impairment in isolation by considering his carrying value with the Group's best estimate of his fair value less costs to sell. The Group estimate this using one of the following sources:

- in the case of a player who has permanently fallen out with the Group's senior football management and directors, either the agreed selling price in the event the player has been transferred after the year-end; or
- If there have not been any bids for the player, management's best estimation of the disposal proceeds (less costs) of the player on an arm's length basis. This is determined by the Group's senior football management in conjunction with the Directors who will use the outcome of recent player disposals (by both the Group and other football clubs) as a basis for their estimation. Any costs to sell, such as agency costs are deducted from the fair value; or
- in the case of a player who has suffered a career-threatening injury/condition, the value attributed to the player by the Group's insurers.

#### (v) *Disposals*

Profits or losses on the disposal of these registrations represent the fair value of the consideration receivable, net of any transaction costs, less the unamortised cost of the original registration.

## 1. Accounting policies *(continued)*

**(vi)** ***Remuneration***
Remuneration of players is charged in accordance with the terms of the applicable contractual agreements and any discretionary bonus when there is a legal or contractual obligation. Liabilities in respect of player loyalty fees are provided for, as part of operating expenses, when payment becomes probable as the player is contracted to the football club and the loyalty fee is payable prior to the next transfer window at the date the accounts are signed.

**g) Fixed assets**
All fixed assets are initially recorded at cost net of any capital contribution, except for the stadium which has been included at a valuation of the replacement cost of the new stadium.

**h) Depreciation**
Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

| | | |
|---|---|---|
| Freehold Buildings | - | 10 to 50 years straight line |
| Plant & machinery | - | 5 to 10 years straight line |
| Fixtures & fittings | - | 5 years straight line |

Land and assets under construction are not depreciated.

**i) Inventories**
Inventories are valued at the lower of cost and net realisable value using the first in first out method, after making due allowance for obsolete and slow moving items.

**j) Foreign exchange**
Transactions denominated in foreign currencies are translated into Sterling and recorded at the rates of exchange ruling at the date of the transactions. Translation differences are dealt with in the consolidated statement of comprehensive expense.

**k) Deferred taxation**
Deferred tax is recognised in respect of all material timing differences that have originated but not reversed at the reporting date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the reporting date. Deferred tax assets are recognised to the extent that it is regarded more likely than not that they will be recovered.

**l)** ***Financial instruments***
Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities, or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

Financial assets
The Group's financial assets relate to trade and other receivables and cash and cash equivalents. Trade and other receivables are classified as loans and receivables and are measured initially at fair value plus transaction costs and are carried subsequently at amortised cost under the effective interest method, less provision for any impairment. Any change in their value through impairment or reversal of impairment is recognised in the consolidated statement of profit or loss. There are no financial assets classified as fair value through profit or loss or as held to maturity or available for sale. All financial assets are assessed for indicators of impairment at each consolidated statement of financial position date. Financial assets are impaired where there is evidence that a loss has occurred and that estimated future cash flows of the financial asset have been impacted. Objective evidence of impairment for a portfolio of receivables could include a Group's past experience of collecting payments, an increase in the delayed number of payments in the portfolio and the average credit period, as well as observed changes in the national or local economic conditions that correlate with default on receivables.

Impairment of financial assets
All financial assets are assessed for indicators of impairment at each reporting date.

1. **Accounting policies *(continued)***

Financial liabilities
Financial liabilities which include bank loans, overdrafts and trade and other payables are measured initially at fair value net of transaction costs under the effective interest method and thereafter at amortised cost. Finance charges are accounted for on an accruals basis in the consolidated statement of comprehensive expense using the effective interest method.

De-recognition of financial liabilities
The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled, or they expire.

**m) Finance costs**

Finance costs on all borrowings except those that are directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash flows through the expected life of the borrowings.

For qualifying assets if the borrowed funds are specifically for the purpose of obtaining a qualifying asset, the Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of those borrowings. If obtained via general borrowings, then the amount capitalised is determined by applying the applicable capitalisation rate for the period. The capitalisation rate used in the period shall be the weighted average of rates applicable to the Group's general borrowings that are outstanding during the period.

Any non-current assets acquired on deferred terms are recorded at the discounted present value at the date of acquisition. The associated payable is then increased to the settlement value over the period of deferral, with this value being charged as a notional finance cost to profit or loss.

Similarly, any intangible asset disposed of on deferred terms will be initially recorded at the discounted present value of future receipts and the receivable is then increased to the settlement value over the period of deferral with this value being charged as notional finance income to profit or loss.

**n) Pension costs**

The Group operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the Company. The annual contributions payable are charged to profit or loss.

**o) Leases**

Where assets are financed by leasing agreements that give rights approximating to ownership (finance leases, hire purchase agreements), the assets are treated as if they have been purchased outright. The amount capitalised is the fair value of the leased asset or, if lower, the present value of the minimum lease payments. If there is reasonable certainty of obtaining ownership the asset is depreciated over its useful life, if not it is depreciated over the lease term if this is shorter.

Lease payments are analysed between capital and interest components so that the interest element of the payment is charged to profit or loss over the term of the lease and is calculated so that it represents a constant proportion of the balance of the capital repayments outstanding. The capital element reduces the amounts payable to the lessor.

All other leases are treated as operating leases. Their annual rents are charged to the Statement of Comprehensive Income on a straight-line basis over the term of the lease.

**p) Investments**

Investments in subsidiaries are stated at cost less impairment. Impairment reviews are carried out as required.

**q) Cash and cash equivalents**

Cash and cash equivalents consist of cash in hand and balances with banks including deposits with an original maturity of three months or less. Cash and cash equivalents are measured at fair value.

## 1. Accounting policies *(continued)*

**r) Critical accounting judgements and estimates**

In the application of the Group's accounting policies, which are described herein, the directors are required to make judgements, estimates and assumptions about the carrying value of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The principal balances in the financial statements where changes in estimates and assumptions may have a material impact are:

**(i) *Contingent liabilities***

Current liabilities and provisions contain contingent bonuses payable to employees, players and football clubs and are based on the best information available to management at the reporting date. However, the future costs assumed are inevitably only estimates, which may differ from those ultimately incurred.

**(ii) *Recoverable amount of non-current assets***

All non-current assets, including property, plant and equipment and intangible assets, are reviewed for potential impairment using estimates of the future economic benefits attributable to them. Such estimates involve assumptions in relation to future ticket income, media and sponsorship revenue and on pitch performance. Any estimates of future economic benefits made in relation to non-current assets may differ from the benefits that ultimately arise, and materially affect, the recoverable value of the asset.

## 2. Revenue

The revenue and loss before tax are attributable to the one principal activity of the Group and are derived from activities wholly within the United Kingdom.

Revenue may be analysed as follows:

| | **2025** | 2024 |
|---|---|---|
| | **£'000** | £'000 |
| Gate receipts | **6,827** | 6,948 |
| Broadcasting rights | **11,757** | 9,262 |
| Sponsorship, advertising | **3,916** | 3,570 |
| Commercial income | **2,711** | 2,705 |
| Sales of inventories | **1,884** | 1,965 |
| Other income | **933** | 1,441 |
| | **28,028** | 25,891 |

## 3. Operating loss

This is stated after charging the following:

| | **2025** | **2024** |
|---|---|---|
| | **£'000** | £'000 |
| Amortisation of intangible assets | **2,470** | 1,594 |

| Auditor's remuneration | | |
| - as auditor | **33** | 33 |
| - accountancy | **-** | 7 |
| - tax advice | **-** | 38 |

## 4. Particulars of employees

The average number of staff, including executive directors, employed by the Group during the financial year can be analysed as follows:

| | 2025 No. | 2024 No. |
|---|---|---|
| Number of football support staff | **19** | 17 |
| Players, managers and coaches | **113** | 115 |
| Administrative staff | **20** | 19 |
| Commercial, marketing and retail staff | **17** | 18 |
| Stadium and maintenance staff | **7** | 7 |
| | **176** | 176 |

The aggregate payroll costs of the above were:

| | 2025 £'000 | 2024 £'000 |
|---|---|---|
| Wages and salaries | **24,035** | 20,895 |
| Social security costs | **3,124** | 2,614 |
| Other pension costs | **292** | 274 |
| | **27,451** | 23,783 |

Key management compensation:

| - Finance lease and hire purchase | **(9)** | (16) |
| - Bond interest | **1,144** | - |
| | **(1,546)** | (571) |

## 8. Taxation on ordinary activities

### (a) Analysis of charge in the year

| | 2025 £'000 | 2024 £'000 |
|---|---|---|
| Current tax: | | |
| UK Corporation tax based on the results for the year (note 8(b)) | **-** | - |

### (b) Factors affecting current tax charge

The tax assessed for the period is lower than the standard rate of corporation tax in the UK, the differences are explained below:

| | 2025 £'000 | 2024 £'000 |
|---|---|---|
| Loss on ordinary activities before taxation | **(20,051)** | (13,534) |
| Loss on ordinary activities multiplied by standard rate of tax of 25% (2024 - 25%) | **(5,013)** | (3,384) |
| Expenses not deductible for tax | **10** | 157 |
| Unrecognised deferred tax | **4,339** | 3,091 |
| Adjustment to losses | **140** | (113) |
| Fixed Asset difference | **524** | 249 |
| Total current tax (note 8(a)) | **-** | - |

Tax losses carried forward at the reporting date were £433m (2024: £416m) relating to trading losses and £4.5m (2023: £4.5m) relating to capital losses. A deferred tax assets has not been recognised in the accounts as there is insufficient evidence that the asset will be recoverable. The unprovided deferred tax asset is calculated at £108m (2023: £104m) for trading losses and £1.1m (2024: £1.1m) for capital losses.

## 9. Intangible fixed assets

| Group | Player registrations £'000 |

## 22. Financial instruments

### Capital risk management

The Group manages its capital to ensure that the Group will be able to continue as a going concern through the optimisation of the debt and equity balance. The capital structure of the Group consists of debt, which includes borrowings disclosed in notes 14 and 15, cash and cash equivalents and equity attributable to equity holders, comprising issued share capital, share premium and the profit and loss account.

The main purpose of financial instruments is to finance the Group's operations. The Group has other financial assets and liabilities, such as trade and other receivables and trade and other payables, which arise directly from its operations.

The above financial assets and financial liabilities do not include prepayments and accruals respectively.

### Financial risk management objectives and policies

Management monitor and manage the financials risks relating to the operations of the Group through internal controls. These risks include currency risk, credit risk and liquidity risk.

### Credit risk

The Group's principal financial assets are bank balances, cash and trade receivables. The Group's credit risk is primarily attributable to its trade receivables. Credit risk is managed by monitoring the aggregate amount and duration of exposure to any one customer, depending upon their credit rating. The amounts presented in the statement financial position are net of allowances for doubtful debts, estimated by the Group's management based on prior experience and their assessment of the current economic environment.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies. The Group has no significant concentration of credit risk, with exposure spread over a significant number of counterparties and customers.

### Liquidity risk

Ultimate responsibility for liquidity risk management rests with the Directors. The Directors use management information tools including budgets and cash flow forecasts to be able to constantly monitor and manage current and future liquidity.

The funding of the Group is through loans from the principal shareholder as disclosed in note 14.

## 23. Post reporting date events

During the 2025 summer transfer window we secured Kwame Poku, Amadou Mbengue, Rumarn Burrell, Richard Kone, Koki Saito, Isaac Hayden, Kealey Adamson, Tylon Smith and Jaylan Pearman on permanent transfers. In addition, the temporary transfer of Karamoko Dembele during the 2425 season was converted into a permanent transfer. Jimmy Dunne's contract was renewed and he has since been made the Club Captain for the 2526 season.

Furthermore, Charlier Kelman transferred to Charlton Athletic. Jack Colback, Morgan Fox, Lucas Andersen, and Kenneth Paal departed due to their contracts expiring. The Group will also be in receipt of a sell on in relation to the transfer of Eberechi Eze from Crystal Palace to Arsenal.

The net impact of post year end player trading and the sell on is a £1,498,000 outflow (2024: £4,300,000 outflow), in addition there are contingent clauses with a net impact of £2,400,000 outflow (2024: £1,660,000 outflow).

On 12 June 2025 Sea Dream Limited transferred the following shares to Total Soccer Growth Holdings Ltd, 286,789,244 ordinary shares and 147,081,510 ordinary B shares.

On 2 November 2020, we issued a £10,000,000 bond to Shirieene Hajamaideen (the spouse of Ruben Gnanalingam, a director of the Company) for an initial term of five years. The bond was unsecured and carried a fixed rate of 6% per annum. The Board has requested for an extension of the bond for a further 5 years to 2 November 2030 at a rate of 8%. The bond holder also has the option to require a charge over the Training Ground. This request was accepted on 19 September 2025.

On 20 October 2025, shareholder loans amounting to £3.7m were capitalised and have been allotted into 370,000,000 ordinary shares of £0.01 par.

As a result, the current ownership of QPR Holdings Limited is as follows
